## Lithium Australia launches Investor Hub

Lithium Australia Ltd. (ASX:LIT) (“**Lithium Australia**” or the “**Company**”) is pleased to announce the launch of a new Investor Hub, a dedicated platform for investors to learn more about the Company and its latest activities.

Visit the Investor Hub here: <https://investorhub.lithium-au.com/welcome>

In addition to regular ASX announcements, Lithium Australia will also be uploading supplementary content to the Investor Hub, including corporate presentations, videos, interviews, media coverage, corporate research, and other investor related resources.

Lithium Australia encourages investors to sign-up to the Investor Hub to stay up to date with the latest news, access additional investor related resources and interact with the Company by posting questions/feedback through the Q&A function.

How to sign-up to Lithium Australia’s Investor Hub

1. Navigate to <https://investorhub.lithium-au.com/auth/signup>
2. Follow the prompts to sign up for an Investor Hub account
3. Complete your account profile

Investors signed-up to the Investor Hub may also receive invitations to exclusive investor events and other opportunities, from time to time.

### Comment from Lithium Australia CEO & Managing Director, Simon Linge

*“At Lithium Australia, we seek to lead and enable the global transition to sustainable electrification, ultimately delivering a better world. We want our shareholders to be as passionate about our story as we are.*

*The Investor Hub will facilitate a more collaborative approach with shareholders, and we look forward to improved engagement with the investing community.”*

Authorised for release by the Managing Director.

## **Forward-looking statements**

This announcement contains forward-looking statements. Forward-looking statements are subject to a variety of risks and uncertainties that it is beyond the Company's ability to control or predict and which could cause actual events or results to differ materially from those anticipated in such forward-looking statements.

## **About Lithium Australia**

Lithium Australia is aiming to lead and enable the global transition to sustainable lithium production. The Company operates Australia's market leading battery recycler, produces critical battery material lithium ferro phosphate (LFP), and has developed a patented lithium extraction technology. Lithium Australia's revenue-generating recycling business and technologies are well-placed to capitalise on growing global lithium-ion battery demand and provides diversification benefits to global supply chains.
