

ASX ANNOUNCEMENT | 4 JUNE 2025

New Frontier raises 1.59M to drill-test HREE, Niobium & Uranium targets at Harts Range Project

- **NFM successfully completes a \$1.59m placement at \$0.011 per share, with strong support from new and existing sophisticated and institutional investors**
- **The funds will be utilised primarily to drill-test high priority targets for Heavy Rare Earth Elements (HREE), Niobium and Uranium at the Harts Range Project**
- **Embarking on a maiden drilling campaign for HREE and Uranium is timely, especially with favourable US government policies in the mix, including:**
 - 1) Key initiatives to diversify HREE supply chains away from China; and**
 - 2) Accelerating the development of nuclear power technologies**
- **In addition, NFM will continue work with Austral Resources Ltd (ASX: AR1) to develop a production pathway for the Big One Copper Deposit (NWQ Copper Project; QLD)**

Chairman Gerrard Hall commented:

"We are delighted with the strong support from both new and existing investors for this capital raise. The funds will enable NFM to accelerate the inaugural drilling campaign, targeting HREE, Niobium and Uranium, at our highly prospective Harts Range Project. Pleasingly, the macro environment is favourable, with recent developments in the US improving the outlook for HREE and Uranium. As such, the Board believes NFM is well placed to generate value for shareholders as the drilling campaign gets underway."

New Frontier Minerals Limited (ASX: NFM) ("**NFM**" or the "**Company**") (ASX: NFM) is pleased to advise that it has received firm commitments to subscribe for 144,477,270 new fully paid ordinary shares (New Shares) from institutional and sophisticated investors at an issue price of \$0.011 per share to raise \$1.59 million before costs (Placement).
