Dear Shareholder

**Non-Renounceable Entitlement Offer – Ineligible Shareholders**

I am writing to you as a registered holder of shares in Thrive Tribe Technologies Limited (ASX:1TT) (**Company**) with a registered address outside of Australia, New Zealand and Malaysia.

As previously announced, the Company is conducting a non-renounceable pro rata offer of securities to its shareholders on the basis of one (1) new share (**New Shares**) for every one (1) share held at 7:00pm (Sydney time) on 4 December 2024 (**Record Date**) at an issue price of 0.1 cents per share (**Offer**). The Offer will raise approximately \$703,000.

Under a shortfall facility, eligible shareholders may also apply in excess of their entitlements for any securities not subscribed for by other eligible shareholders pursuant to the Offer at the same issue price as the Offer. Additional New Shares will only be allocated if available and if the Company so determines, in its absolute discretion.

The Offer is being made by way of an offer document in accordance with section 708AA of the *Corporations Act 2001* (Cth) (**Corporations Act**), as modified by ASIC Corporations (Non-Traditional Rights Issues) Instrument 2016/84, meaning that no prospectus has been prepared.

Those shareholders whose address is outside of Australia, New Zealand and Malaysia are not eligible to participate in the Offer (**Ineligible Shareholders**).

The Company has determined that it would be unreasonable on this occasion to extend participation in the Offer to Ineligible Shareholders having regard to:

- (a) the number of Ineligible Shareholders;
- (b) the number and value of securities to be offered to Ineligible Shareholders; and
- (c) the cost to comply with the applicable laws and the requirements of applicable regulatory authorities in jurisdictions outside of Australia, New Zealand and Malaysia.

This notice is to inform you that, under the terms of the Offer, you are not entitled to participate in the Offer and, as such, you will not be offered any New Shares or entitlements under the Offer. This notice is not an offer to issue New Shares to you, nor an invitation for you to apply for New Shares. You are not required to do anything in response to this letter but there may be financial impacts for you as a result of the Offer that you should be aware of, including that your interest in the Company will be diluted as a result of the Offer.

As the Offer is non-renounceable, entitlements in respect of the New Shares you would have been entitled to if you were an eligible shareholder will lapse and you will not receive any payment or value for your entitlements in respect of any New Shares that would have been offered to you if you were an eligible shareholder.

Following completion of the Offer, the Company will have approximately 1,406,361,519 shares on issue.

The New Shares issued pursuant to the Offer will rank equally with existing shares in the Company. Fractional entitlements to New Shares will be rounded up to the nearest whole number of New Shares.

The Offer is not underwritten.

For your information only, details of the Offer are contained in the offer document (**Offer Document**) which was lodged with ASX on 28 November 2024. The Offer Document is available on both the

Company's website <https://www.thrivetribetech.com/investor-relations/> and the ASX website [www.asx.com.au](http://www.asx.com.au).

For further information on the Offer or if you believe that you are an eligible shareholder, please contact the share registry on 1300 737 760 (within Australia) or +61 2 9290 9600 (outside Australia) between 8:30am and 5:00pm (AEDT) Monday to Friday during the Offer period. If you have any further questions, you should contact your stockbroker, accountant or other professional adviser.

On behalf of the Board, we thank you for your continued support.

Yours sincerely

## 1 Details of the Entitlement Offer

### 1.1 Entitlement Offer

The Entitlement Offer is an offer of approximately 703,000,000 New Shares at the Offer Price of 0.1 cents per New Share. All Eligible Shareholders are entitled to subscribe for 1 New Share for every 1 existing Share held at 7:00pm (Sydney time) on the Record Date.

The Entitlement Offer is non-renounceable. Accordingly, Entitlements do not trade on the ASX, nor can they be sold, transferred or otherwise disposed of.

Eligible Shareholders are invited to take up all or part of their Entitlements. Eligible Shareholders who take up all of their Entitlements may also apply for Additional Shares via the Top Up Facility.

The Entitlement Offer opens at 10:00am (Sydney time) on 5 December 2024 and closes at 5:00pm (Sydney time) on 16 December 2024. The Offer Booklet will be dispatched on 5 December 2024, along with a personalised Entitlement and Acceptance Form, to Eligible Shareholders.

New Shares will be issued on a fully paid basis and will rank equally with existing Shares on issue.

The Entitlement Offer is being made pursuant to section 708AA of the Corporations Act, which allows rights issues to be offered without a prospectus provided certain conditions are satisfied.

Accordingly, this offer is not being made under a prospectus and it is important for Eligible Shareholders to read and understand the information publicly available on the Company and in the Entitlement Offer, prior to taking up all or part of their Entitlement. Please refer to the announcements made available at [www.asx.com.au](http://www.asx.com.au) (search by reference to the Company's ASX ticker which is 1TT).

### 1.2 Underwriter and/or Lead Manager

The Entitlement Offer is not underwritten.

The Entitlement Offer is being managed by Clee Capital Pty Ltd (**Lead Manager**) with fees being charged at 6% plus GST.

### 1.3 Purpose and use of funds

The Entitlement Offer will raise up to approximately \$703,000 (before costs of approximately \$56,000). The Company is currently proposing to use the funds raised under the Entitlement Offer as follows:

Description	If the full \$703,000 is raised	
	Amount	Percentage
Costs of the Entitlement Offer	[\$]56,000	[%]8
Working Capital	[\$]647,000	[%]92
<b>Total</b>	<b>[\$]703,000</b>	<b>[%]100</b>

### 1.4 Who is eligible to participate in the Entitlement Offer?

Shareholders are eligible to participate in the Entitlement Offer if they:

- (a) are registered as a holder of Shares as at the Record Date;

- (b) as at the Record Date, have a registered address in Australia, New Zealand or Malaysia or Malaysia;
- (c) are not in the United States and are not acting for the account or benefit of a person in the United States (to the extent they are holding Shares for the account or benefit of such person in the United States); and
- (d) are eligible under all applicable securities laws to receive an offer under the Entitlement Offer without any requirement for a prospectus or offer document to be lodged or registered.

#### 1.5 **What is your Entitlement?**

Your Entitlement is set out on the accompanying personalised Entitlement and Acceptance Form and has been calculated on the basis of one (1) New Share for every one (1) existing Share you held as at the Record Date. If the result is not a whole number, your Entitlement will be rounded up to the nearest whole number. If you have more than one registered holding of Shares, you will be sent more than one personalised Entitlement and Acceptance Form and you will have separate Entitlements for each separate holding.

#### 1.6 **Can you trade your Entitlement?**

The Entitlement Offer is non-renounceable. Accordingly, your Entitlement cannot be traded on the ASX, nor can it be sold, transferred or otherwise disposed of.

#### 1.7 **Can you apply for more than your Entitlement?**

Yes, the Company is offering a Top Up Facility so that Eligible Shareholders (other than Directors and related parties of the Company) who fully subscribe for their Entitlement under the Entitlement Offer will also have the right to apply for New Shares not subscribed for by other Eligible Shareholders under the Entitlement Offer (i.e. Additional Shares) at the Offer Price.

Additional Shares will only be available if all Eligible Shareholders do not take up all of their Entitlements in full.

There is no guarantee that there will be any Additional Shares to apply for, or that you will receive all, or any, of the Additional Shares you apply for. If you are allocated fewer Additional Shares than you applied for, any excess Application Monies will be refunded to you without interest.

The Directors reserve the right to issue Additional Shares at their absolute discretion within 3 months after the Closing Date.

The Company proposes to adopt the following allocation policy for allocating Additional Shares:

- (a) if there are Additional Shares, each Eligible Shareholder who has applied for Additional Shares through the Top Up Facility will be entitled to be allocated their pro rata share of them having regard to their holdings at the Record Date (if an Eligible Shareholder has made an application for Additional Shares for an amount less than the amount of Additional Shares that the Eligible Shareholder would otherwise be allocated under this process, the Eligible Shareholder will be allocated the amount applied for);
- (b) the allocation process described above will be repeated in relation to any remaining Additional Shares and any subsequent remaining Additional Shares, until either all New Shares proposed to be issued have been allocated or all Additional Shares applications have been satisfied in full; and
- (c) if any Shortfall remains after applications for Additional Shares under the Top Up Facility are considered, the Directors reserve the right, subject to the Corporations Act and the Listing Rules, to place any further Shortfall at their discretion (other than to Directors and related parties of the Company) within 3 months after the close of the Entitlement Offer at a price not less than the Offer Price.

For the avoidance of doubt, the prohibitions set out in section 606 of the Corporations Act on certain acquisitions of relevant interests in voting shares will apply to limit the acquisition of

Additional Shares through the Top Up Facility and any Shortfall Shares. No New Shares will be issued under the Top Up Facility or Shortfall to any Directors or other related parties of the Company unless prior Shareholder approval is received.

## 1.8 ASX quotation

Subject to approval being granted, quotation of the New Shares on a deferred settlement basis is expected to commence on 17 December 2024 for New Shares issued under the Entitlement Offer.

Holding statements will be despatched in accordance with the Listing Rules. It is the responsibility of each applicant to confirm their holding before trading in New Shares. Any applicant who sells New Shares before receiving confirmation of their holding in the form of a holding statement will do so at their own risk. The Company disclaims all liability (to the maximum extent permitted by law) to persons who trade New Shares before receiving their holding statements, whether on the basis of confirmation of the allocation provided by the Company, the Share Registry or otherwise.

## 1.9 Ineligible Shareholders

All Shareholders who are not Eligible Shareholders are Ineligible Shareholders. No action has been taken to register or qualify the Entitlement Offer, the Entitlements or the New Shares or otherwise permit the public offering of the New Shares in any jurisdiction other than Australia, New Zealand and Malaysia. Shareholders in any such jurisdictions (**Ineligible Shareholders**) will not be entitled to participate in the Entitlement Offer.

The Company has determined that it would be unreasonable on this occasion to extend the Entitlement Offer to Ineligible Shareholders, having regard to the very small number of such shareholders, the number of securities held by such Shareholders, the number and value of New Shares that they would be offered, and the costs of complying with the legal and regulatory requirements which would apply to an offer of securities to Shareholders in any jurisdiction other than Australia, New Zealand and Malaysia.

## 1.10 Notice to nominees and custodians

Nominees and custodians may not distribute this document, and may not permit any beneficial shareholder to participate in the Entitlement Offer, in any country outside Australia, New Zealand and Malaysia except, with the consent of the Company, to beneficial shareholders resident in certain other countries where the Company may determine it is lawful and practical to make the Entitlement Offer.

## 1.11 Effect on capital structure

The indicative capital structure of the Company following completion of the Entitlement Offer is set out below.

<b>Shares</b>	703,361,519	1,406,361,519

<b>Convertible Notes</b>	200,000	200,000
<b>Total securities</b>	763,561,519	1,466,561,519

<sup>2</sup> The number of New Shares issued has been assumed in respect of the Entitlement Offer on the basis that the Entitlement Offer is fully subscribed. The number of New Shares issued under the Entitlement Offer are estimates only due to the rounding of Entitlements and reconciliations of Entitlements under the Entitlement Offer to Shareholders as at the Record Date. The exact number of New Shares to be issued under the Entitlement Offer will not be known until settlement of the Entitlement Offer.

<sup>3</sup> 10,000,000 unlisted options expiring 30 September 2027 with an exercise price of \$0.006; 2,500,000 unlisted Options expiring 30 November 2025 with an exercise price of \$0.006; 2,500,000 unlisted Options expiring 30 November 2025 with an exercise price of \$0.10; 30,000,000 unlisted options expiring 26 April 2025 with an exercise price of \$0.02; and 15,000,000 unlisted options expiring 15 December 2026 with an exercise price of \$0.10.

#### 1.12 **Effect on control of the Company**

As the Entitlement Offer is structured as a pro rata issue to all Eligible Shareholders, it will not have any material effect or consequence on the control of the Company if all Eligible Shareholders take up their Entitlements. If Shareholders do not take up their Entitlements (whether because they are Ineligible Shareholders or otherwise), their shareholding in the Company will be diluted. The shareholding of Shareholders who only take up part of their Entitlements will also be diluted, but to a lesser extent.

Shareholders should note that if they do not participate in the Entitlement Offer, their holdings are likely to be diluted by up to 50%. The dilution of 50% is the maximum percentage on the assumption that all Entitlements are accepted and are placed under the Top Up Facility and Shortfall. In the event all Entitlements are not accepted and some or all of the resulting Shortfall is not subsequently placed, the dilution effect for each Shareholder not accepting their Entitlement would be a lesser percentage.

## **2 How to apply**

- (b) take up part of your Entitlement (see section 2.3 of this Offer Booklet);
- (c) do nothing and let your Entitlement lapse (see section 2.4 of this Offer Booklet); or
- (d) take up all of your Entitlement and subscribe for Additional Shares via the Top Up Facility (see section 2.5 of this Offer Booklet).

You should note that, if you do not take up all of your Entitlement, your percentage shareholding in the Company will be diluted.

The Company reserves the right to reject any Entitlement and Acceptance Form that is not correctly completed or that is received after the Closing Date of the Entitlement Offer.

### **2.2 If you wish to take up all of your Entitlement**

If you wish to take up all of your Entitlement, you should make your payment by BPAY® or EFT for the full amount payable (being the Offer Price multiplied by the number of New Shares comprising your Entitlement) so that it is received by the Closing Date.

You are not required to submit the personalised Entitlement and Acceptance Form but are taken to make the statements on that form.

For further information on how you can pay for New Shares, please refer to section 2.7.

If you take up and pay for your Entitlement before the Closing Date of the Entitlement Offer you will be allotted your New Shares on 19 December 2024. The Company's decision on the number of New Shares allotted to you will be final.

### **2.3 If you wish to take up part of your Entitlement**

If you wish to take up part of your Entitlement and reject the balance, you should make your payment by BPAY® or EFT for the full amount payable (being the Offer Price multiplied by the number of New Shares you are taking up – you will need to calculate this number yourself) so that it is received by the Closing Date.

You are not required to submit the personalised Entitlement and Acceptance Form but are taken to make the statements on that form.

For further information on how you can pay for New Shares, please refer to section 2.7.

If you take up and pay for part of your Entitlement before the Closing Date of the Entitlement Offer, you will be allotted your New Shares on 19 December 2024. The Company's decision on the number of New Shares allotted to you will be final.

### **2.4 If you do not wish to take up your Entitlement**

If you do not wish to accept all or any part of your Entitlement, do not take any further action and that part of your Entitlement will lapse.

## 2.5 If you wish to subscribe for Additional Shares in the Top Up Facility

Subject to section 606 of the Corporations Act, if you are an Eligible Shareholder who is not a Director or other related party of the Company, you may, in addition to taking up your Entitlement in full, apply for Additional Shares in excess of your Entitlement via the Top Up Facility.

If you wish to subscribe for Additional Shares in addition to your Entitlement, you should make your payment by BPAY® or EFT for the full amount payable (being the Offer Price multiplied by the number of New Shares comprising your Entitlement, plus the Offer Price multiplied by the number of Additional Shares you wish to subscribe for) so that it is received by the Closing Date.

You are not required to submit the personalised Entitlement and Acceptance Form but are taken to make the statements on that form.

For further information on how you can pay for New Shares, please refer to section 2.7.

If you subscribe for and pay for your Entitlement and the Additional Shares you wish to subscribe for before the Closing Date of the Entitlement Offer, you will be allotted your New Shares on 19 December 2024. The Company's decision on the number of New Shares allotted to you will be final.

## 2.6 Consequences of not accepting all or part of your Entitlement

If you do not accept all or part of your Entitlement in accordance with the instructions set out above, those New Shares for which you would have otherwise been entitled under the Entitlement Offer (including New Shares that relate to the portion of your Entitlement that has not been accepted) may be acquired by another Shareholder.

By allowing your Entitlement to lapse, you will forgo any exposure to increases or decreases in the value of the New Shares had you taken up your Entitlement and you will not receive any value for your Entitlement. Your shareholding in the Company will also be diluted.

## 2.7 Payment

### (a) General

The Offer Price of 0.1 cents per New Share accepted is payable on acceptance of your Entitlement. You can pay via BPAY® or EFT.

Cash, cheque, bank draft and money order payments will not be accepted. Receipts for payment will not be issued.

Application Monies received from Eligible Shareholders will, until New Shares in respect of the Application Monies are issued, be held by the Company in a trust account.

The Company reserves the right to cancel the Entitlement Offer at any time prior to the allocation of New Shares under the Entitlement Offer. If the Entitlement Offer is cancelled, all Application Monies will be refunded without interest. To the fullest extent permitted by law, each Eligible Shareholder agrees that any Application Monies paid by them to the Company will not entitle them to any interest against the Company and that any interest earned in respect of Application Monies will belong to the Company. This will be the case, whether or not all or none (if the Entitlement Offer is withdrawn) of the New Shares applied for by a person are issued to that person.

Any Application Monies received for more than your final allocation of New Shares will be refunded. No interest will be paid on any Application Monies received or refunded.

### (b) Payment by BPAY®

For payment by BPAY®, please follow the instructions on the personalised Entitlement and Acceptance Form (which includes the biller code and your unique reference number). You can only make a payment via BPAY® if you are the holder of an account with an Australian financial institution that supports BPAY® transactions.

If you are paying by BPAY®, please make sure to use the specific Biller Code and unique Reference Number on your Entitlement and Acceptance Form.

If you have multiple holdings and receive more than one Entitlement and Acceptance Form, when taking up your Entitlement in respect of one of those holdings, please only use the Reference Number specific to the Entitlement on that form. If you do not use the correct Reference Number specific to that holding, or inadvertently use the same Reference Number for more than one of your Entitlements, your application will not be recognised as valid.

Please note that should you choose to pay by BPAY®:

- you do not need to submit the personalised Entitlement and Acceptance Form but are taken to have made the statements on that personalised Entitlement and Acceptance Form; and
- if you do not pay for your full Entitlement, you are deemed to have taken up your Entitlement in respect of such whole number of New Shares which is covered in full by your Application Monies.

It is your responsibility to ensure that your BPAY® payment is received by the Share Registry by no later than the Closing Date. You should be aware that your financial institution may implement earlier cut-off times with regard to electronic payment and you should therefore take this into consideration when making payment.

**(c) Payment by EFT**

For payment by EFT, please follow the instructions on the personalised Entitlement and Acceptance Form (which includes your unique reference number).

If you are paying by EFT, please make sure to use the specific unique Reference Number on your Entitlement and Acceptance Form.

If you do not use the correct Reference Number specific to that holding, or inadvertently use the same Reference Number for more than one of your Entitlements, your application will not be recognised as valid.

Please note that should you choose to pay by EFT:

- (i) you do not need to submit the personalised Entitlement and Acceptance Form but are taken to have made the statements on that personalised Entitlement and Acceptance Form; and
- (ii) if you do not pay for your full Entitlement, you are deemed to have taken up your Entitlement in respect of such whole number of New Shares which is covered in full by your Application Monies.

It is your responsibility to ensure that your EFT payment is received by the Share Registry by no later than the Closing Date. You should be aware that your financial institution may implement earlier cut-off times with regard to electronic payment and you should therefore take this into consideration when making payment.

You should ensure that sufficient funds are held in the relevant account(s) to cover the Application Monies. If the amount of your EFT for Application Monies is insufficient to pay in full for the number of New Shares you have applied for, you will be taken to have applied for such lower number of whole New Shares as your cleared Application Monies will pay for (and you will be taken to have applied for that number of New Shares).

Alternatively, your application will not be accepted.

<b>3</b>	<b>Risks</b>
----------	--------------

### 3.1 Overview

Eligible Shareholders should be aware that an investment in the Company involves risks. The key risks identified by the Company are set out below but these are not an exhaustive list of the risks associated with an investment in the Company shares.

### 3.2 Company specific risks

#### (a) Technology

The Company's business is solely based around its application i.e. Sixty App (**App**). The attraction of the App to users is its simple, new age and engaging user interface which facilitates ease of effective communication between employer and employee. There is a risk that the App technology may be superseded by a new technology which has advantages over the Company's offerings and delivers employer to employee communications in a more practical, efficient, engaging and reliable manner.

#### (b) Loss of customers

The Company's future revenue prospects are heavily reliant on the conversion of its clients trialling the App into paying clients, and the delivery of additional product offerings to those paying clients. Accordingly, the Company must maintain and support its existing customer relationships (whether trailing customers or paying customers) to ensure they continue using the App into the future. The loss of customers may adversely affect the operating results of the Company.

#### (c) Increase in competition

The human resources technology market is highly competitive. The actions of an existing competitor or the introduction of a new competitor in this market may make it difficult for the Company to attract new users, expand its user base and subscribe for each of its product offerings. Further, customers may cancel their contracts with the Company. This will materially affect the Company's ability to grow its revenue, which in turn, may have an adverse effect on its profitability. If the Company's platform proves to be less successful than its competitors' products, the whole business of the Company could be adversely affected.

#### (d) Sales and marketing success

The commercial success of the App will be contingent on the success of the sales and marketing campaigns. By its nature, there is no guarantee that the Company's sales and marketing campaigns will be successful. In the event that they are not, the Company may encounter difficulty commercialising its product, which would have an impact on the Company's future sales and profitability.

#### (e) Growth strategies

The Company has a number of strategies to support future growth and earnings, including further development and commercialisation of the Kumu platform and Thrive Tribe technology, health and wellness product offering. There is a risk that the implementation of these strategies will be subject to delays or cost overruns and there is no guarantee that these strategies will generate the full benefits anticipated or result in future sales and earnings growth. Failure of these strategies would result in non-existent or negligible growth for the Company.

In particular, the Company is an early-stage start up, and as such its future success and profitability is modelled on accelerated growth and an expansion plan to achieve the objective of obtaining a large user footprint (both domestically and globally) for its App with users subscribing for multiple product offerings. The Company's growth and expansion prospects are dependent upon a number of factors, including user take up and the success of its marketing and sales campaigns. If the Company fails to execute any

expansion plan and cannot attract users for its App or product offerings, its financial performance is likely to be negatively affected.

(f) **Intellectual property**

There is a risk that other parties may claim to have an interest in the intellectual property used by the Company, particularly in relation to the use of open-source coding in the App. The intellectual property may be challenged by other parties and defending such actions may adversely impact the Company's earnings. In addition, the Company may be required to develop or support new technology and intellectual property which may require significant capital expenditure by the Company. The Company will likely acquire trade secrets and other intellectual property rights that are important assets and critical for the development of the App and the Company's product offerings in the future. The Company may therefore rely on a combination of confidentiality and licence agreements with its consultants and third parties with whom it has relationships, as well as domain name, trade secret, copyright and patent laws, to protect its brand and other intellectual property rights. However various events outside of the Company's control could pose a threat to its intellectual property rights, as well as to its products and the App.

(g) **Reliance on key personnel**

The Company relies heavily on the experience and knowledge of its management team, which consists of strong experience in software development, recruitment and human resources management. The Company is also dependent on its ability to recruit and retain suitability qualified personnel such as those in its business development, customer success and support team. In the event that such key personnel leave the Company and the Company is unable to recruit suitable replacements, such loss could have a materially adverse effect on the Company, particularly given its size.

(h) **Programming errors**

The Company's App contains complicated programming. The Company's products may therefore contain, now or in the future, errors, bugs or vulnerabilities. Any errors, bugs or vulnerabilities discovered could result in (amongst other consequences) damage to the Company's brand, loss of users, loss of platform partners, falls in revenues or liability for damages, any of which could adversely affect the Company's business and operating results.

(i) **Reliance on application platform providers and search engines**

Should the Company's brand or products fail to attract a high level of internet search ranking, direction of users or potential new customers to its products could be limited and its business and operating results could be adversely affected. The Company relies on application marketplaces to facilitate downloads of its App. Should any operators of application platforms utilised by the Company make changes to limit or make accessing or using the App more difficult, the Company's business and operating results may be affected. The Company's search result rank is outside of its control and competitors' search engine procedures may result in their website or applications receiving a higher search result ranking. Reduced numbers of potential users directed to the Company's App could adversely affect its business and operating results.

(j) **Maintenance of database**

The Company will maintain an extensive and highly confidential database of its candidates and key client contacts. All interactions with both candidates and clients are recorded on the database, with such information shared across the Company for the benefit of all consultants. Any disruption to the database would have a detrimental impact on the way the Company conducts its day-to-day business.

### 3.3 **Industry specific risks**

(a) **Reliance on SaaS-based models**

The Company's future growth is dependent on the increasing adoption of software as a service based document productivity solutions. If the Company's solution is not accepted and used by more organisations, or if the market for such solutions fails to grow as expected, the Company's platform could be adversely affected, slowing revenue growth and future expansion opportunities.

(b) **Cybersecurity**

Customer's confidential information may be held by the Company through its customers' ordinary use of the App. By their nature, technological systems, including the Company's, are susceptible to cyber-attacks, with third parties seeking unauthorised access to data, financial theft and disruption to the ordinary use of services. These events could materially disrupt the Company's business and undermine users' trust in technology platforms such as the one provided by the Company. Any accidental or deliberate breach of the Company's systems may result in reputational damage, a loss of confidence in the services provided, a disruption of services to customers, claims by customers, loss of customers, legal action, regulatory fines, investigation or scrutiny. The Company may also expend costs to rectify any of its system's vulnerabilities. Furthermore, security or data issues afflicting the Company's third party suppliers could also adversely impact the Company's business operations, service offering and reputation.

(c) **Disruption of technology systems**

The Company relies on technology solutions and infrastructure (such as the internet, hosting services etc) to provide a satisfactory user experience for customers. There is a risk these systems may be adversely affected by disruption, service outages, malware, cyber-attacks, disruption, power surges or similar events. These may be caused by events outside of the Company's control and disrupt access to the App for lengthy periods, in turn damaging its reputation.

(d) **Change in regulation**

There is a general risk that laws and regulations pertaining to sharing of information, privacy of consumers and security of personal information may be imposed or strengthened, in a manner that could affect the Company's service delivery and future growth development opportunities. Potential regulations may impose restrictions on how the Company stores data, protects customer's data, uses customer's data or communicates usage, storage and protection of that data to customers.

### 3.4 **Investment risks**

(a) **Economic and geopolitical conditions**

There are a number of general economic and geopolitical conditions which may have an adverse effect on the Company's operations, and ability to pursue its growth strategies and pay dividends. Such changes include changes in government policy, taxation or other legislation, interest rates, unemployment, consumer sentiment, the strength of the Australian equity markets, natural disasters, acts of terrorism, financial failures of suppliers with which the Company contracts or the global economic outlook.

(b) **Equity market risks**

There can be no assurance that the price of the Shares will increase or even remain at the Offer Price, even if the Company is profitable and performing well. Shares may trade at a discount to the Offer Price. The Share price may be affected by a number of factors, many of which are outside the Company's control, including investor attitudes. Further, there can be no certainty that an active market in the Shares will exist.

(c) **Taxation**

The acquisition and disposal of Shares will have tax consequences which will differ depending on individual investors' affairs. Any change in the general treatment of companies for taxation purposes may impact on investors' returns, the treatment of dividends for income tax purposes or the taxation treatment of capital gains or losses for

investors. Eligible Shareholders are advised to obtain their own professional taxation advice before making a decision in relation to the Entitlement Offer.

(d) **Dilution risk**

The Company may undertake capital raisings in the future to raise funds, facilitate employee share plans or fund growth and other strategic initiatives. While the Company will be subject to the constraints of the Listing Rules regarding the percentage of its capital that it is able to issue within a 12-month period, Shareholders at the time may be diluted as a result of such capital raisings.

ASX Announcement

## Thrive Tribe Technologies Limited

### Dispatch of Offer Documents and Entitlement Offer opens

Thrive Tribe Technologies Limited (ASX:1TT) (**1TT** or **Company**) advised that the offer documents together with the personalised entitlement and acceptance forms have been dispatched to shareholders eligible to participate in the Company's non-renounceable pro-rata entitlement offer (**Offer**).

The Offer opened on December 5 December 2024, and is scheduled to close at 5:00pm (AEDT) on 16 December 2024.

The Offer is available to shareholders whose registered address is in Australia, Malaysia or New Zealand as recorded on the Company's share register at 7.00pm (Sydney time) on 4 December 2024 (**Record Date**) (**Eligible Shareholders**).

Eligible Shareholders are being invited to apply for one (1) new fully paid ordinary shares (**New Shares**) for every one (1) existing fully paid ordinary shares (**Shares**) held on the Record Date at an offer price of 0.1 cents per New Share (**Offer Price**). The Offer will include a top-up facility that allows Eligible Shareholders to apply for additional New Shares in excess of their entitlements, to the extent that there is a sufficient amount of New Shares not taken up by other Eligible Shareholders, at the Offer Price.

Shareholders are advised that the instructions for acceptance of the Offer, and applications under the top-up facility, are set out in offer documents and the personalised entitlement and acceptance forms.

It is anticipated that up to 703,000,000 New Shares may be issued pursuant to the Offer, which would raise approximately \$703,000 before expenses of the Offer.

This ASX release has been authorised by the Board.
