DISCLAIMER

The material contained in this presentation has been prepared by Bell Financial Group Limited ABN 59 083 194 763 (Bell Financial Group) and is general background information about the businesses, operations and activities of Bell Financial Group and its subsidiaries, current as at the date of this presentation. The information is provided in summary form only and does not purport to be complete or comprehensive. Certain information has been derived from publicly available sources that have not been independently verified. The information in this presentation should not be considered as advice or a recommendation for investment purposes, as it does not take into account your particular investment objectives, financial position or needs. These factors should be considered, with or without independent professional advice, when deciding if an investment is appropriate.

This presentation may contain forward-looking statements with respect to the operations and businesses of the Bell Financial Group. The assumptions underlying these forward-looking statements involve circumstances and events that have not yet taken place, and which are subject to uncertainty and contingencies outside Bell Financial Group's control. Readers are cautioned not to place undue reliance on any forward-looking statements. Bell Financial Group does not undertake any obligation to publicly release the result of any revisions to forward-looking statements in this presentation or to otherwise update forward-looking statements, whether as a result of new information, future events, or otherwise, after the date of this presentation. Past performance is not a reliable indication of future performance.

To the extent permitted by law, no responsibility for any loss arising in any way (including by way of negligence) from anyone acting or refraining from acting as a result of the material contained in this presentation is accepted by the Bell Financial Group.

THIRD PARTY CLEARING

COMPETITIVE LANDSCAPE: THE CUSTOMERS WE SERVICE

Our platforms are designed to operate across multiple market segments, brands & commercial structures.

Open architecture means well placed for innovation and future business models.

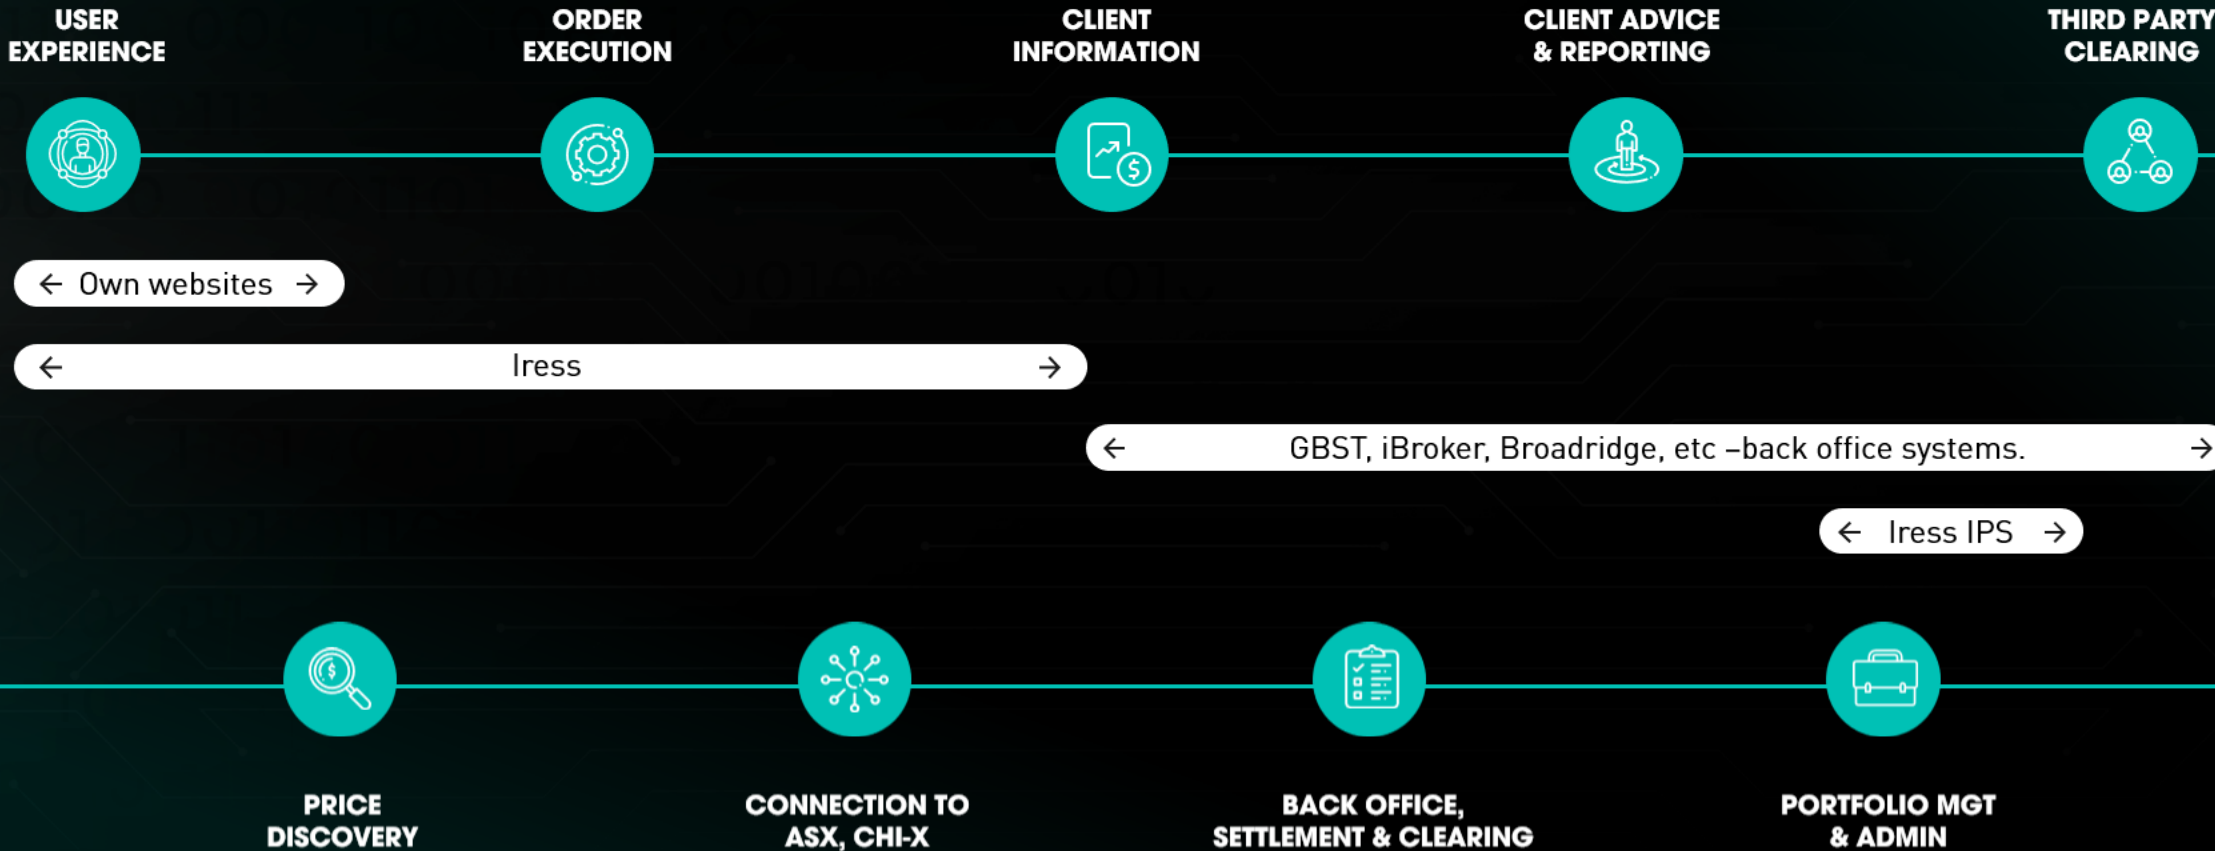

Extensive roles and permissions at database level enables flexible use cases.

Full suite of open API's enhances integration with multiple client segments.

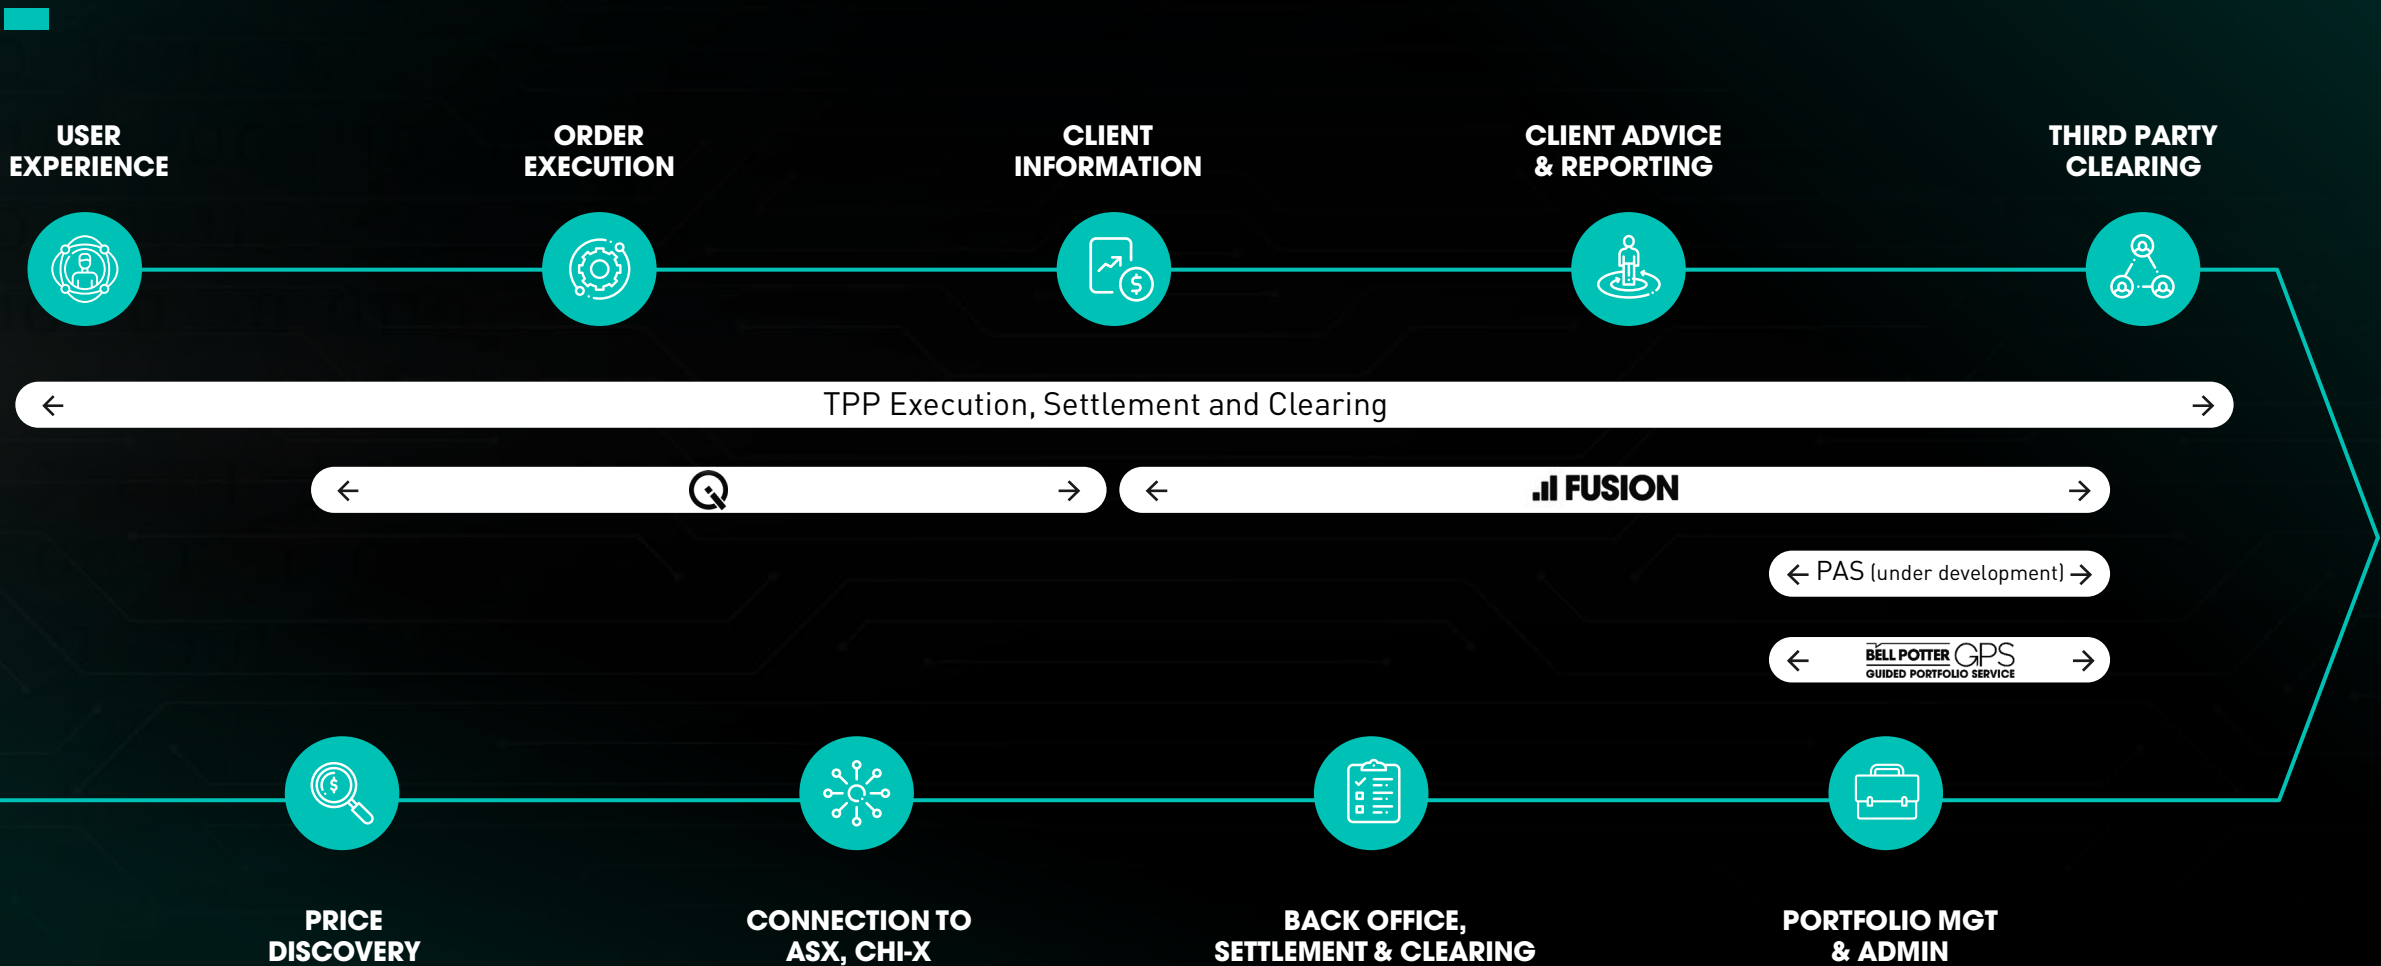

COMPETITIVE LANDSCAPE:

TYPICAL TECHNOLOGY STACK IN THE BROKING INDUSTRY

TECHNOLOGY ADVANTAGE:

BFG TECHNOLOGY COMPONENTS, AND END TO END PROPRIETARY TECHNOLOGY STACK

TECHNOLOGY ADVANTAGE: BENEFITS OF BFG TECHNOLOGY APPROACH

Scale and cost advantage.

Ability to leverage existing client base across multiple segments.

Open architecture means flexible approach ie we can plug and play across the industry.

Quality of service advantage – multiple industry awards for customer satisfaction across the Group.

Ability to turn competitors into customers.

Mix of on-shore and off-shore development and operations teams reduces cost and speed to innovate.

Improved customer experience.

Improved profitability with greater flexibility and capability to innovate.

THE MOAT

WHY THIS GIVES US A SUSTAINABLE COMPETITIVE ADVANTAGE

THE COMBINATION OF:

COMBINATION OF THESE FACTORS MAKES IT DIFFICULT TO REPLICATE

Deep domain expertise:

Originally founded in 1970.

Founders still in the business.

Leadership team all with more than 10 years tenure.

Strong balance sheet:

\$139M in cash at 31 Dec 2020; no core debt.

Strong cash flows; NPAT CAGR 29.9% over last 5 years.

Proprietary technology:

TPP execution, settlement and clearing platform.

Fusion Adviser Desktop.

IQ price discovery platform.

Broad existing client base across multiple segments:

From DIY to Institutional.

Seamless migration between segments made possible by technology stack.

SUMMARY

WHAT'S NEXT

1 2 3

Continued development on existing systems focused on:

API's to ensure enhanced ability to integrate with internal and external clients.

Performance enhancements.

A continuous review and enhancement of cybersecurity.

Continued transition to mobile:

Understanding that the way clients invest is changing.

Ensuring that user experience is replicated across whichever device they use.

Reviewing new technologies for relevance or application:

Initial assessment of DLT already underway with respect to ASX Chess Replacement project.

Use of AI to assist with client and adviser engagement.
