Shareholders are encouraged to carefully read this Explanatory Memorandum and the Notice of Meeting in their entirety before deciding how to vote on each resolution. Shareholders should consult their financial or other adviser if they are undecided about what to do.

Ordinary Business

Resolution 1: Disposal of main undertaking

1.1 Background

On 28 February 2025, Wingara announced to the ASX the sale of the Epsom hay processing machine and associated equipment pursuant to an asset purchase contract for assets held in its 100% owned subsidiary Elect Performance Group Pty Ltd (collectively, the **Agreement**).

Wingara is an owner and operator of value-add, mid-stream assets specialising in the processing, storage and marketing of agricultural and protein produce for export markets.

On 14 November 2024, Wingara announced the pause of hay processing activities at its Epsom site, with trading conditions being subdued for the fodder market, pricing pressures eroding margins and production volumes reducing in line with lower demand. Wingara continues to provide storage and marketing/trading services to farmers and customers using existing infrastructure. Challenging market conditions continue to persist and is expected to persist for the remainder of 2025. The Board has since reviewed the operational aspects of the business and identified the sale of the hay processing assets as the best outcome for Wingara shareholders at this point in time.

Pursuant to the terms of the Agreement, Wingara has agreed to sell the hay processing machine and associated equipment for gross proceeds of A\$750,000 (exclusive of GST).

The purchase of the assets will comprise (exclusive of GST):

- \$250,000 payable on signing of the Purchase contract;
- \$250,000 payable by 15 March 2025; and
- \$250,000 payable when all conditions precedent to the agreement, including shareholder approval, are met.

Completion under the Agreement is conditional upon Shareholders approving the disposal of the Company’s main undertaking under Listing Rule 11.2 (which is the subject of Resolution 1).

1.2 Listing rule 11.2

Listing Rule 11.2 requires an ASX-listed company to obtain the approval of its Shareholders before it disposes of its main undertaking. Following consultation with the ASX, Shareholder approval for the Transaction is being sought for the purposes of Listing Rule 11.2 at the Meeting (which is the purpose of Resolution 1).

Under the Agreement, Completion is conditional on Shareholders approving the Transaction for the purposes of Listing Rule 11.2. If Resolution 1 is passed at the Meeting, Wingara will be able to proceed with and complete the Transaction, subject to the satisfaction of the other conditions precedent in the Agreement.

The Directors **unanimously recommend** that Shareholders vote in favour of Resolution 1. Each Director who holds or controls Shares intends to vote those Shares in favour of Resolution 1.

The Company's single largest shareholder, NAOS Asset Management (which, as at the date of this Notice of Meeting, holds 80,536,534 Shares (representing 45.88% of the Shares on issue)) has notified the Board that it intends to vote all Shares held by it in favour of the Transaction. NAOS Asset Management has consented to the inclusion of this statement in this Notice of Meeting.

1.3 Reasons for the transaction

The Directors believe that having considered the advantages and disadvantages of the Transaction (as set out below), on balance, the Transaction is in the best interests of Shareholders.

(a) Potential advantages of the Transaction

The Board is of the view that the key advantages of the Transaction (and the key reasons why Shareholders may vote in favour of Resolution 1) are as follows:

- i. Throughout the past 12 months, the Wingara Board and Senior Management have continuously assessed the operating footprint and product exposure of the Company given the continued challenging market conditions. These challenging market conditions require efficiencies that can only be achieved by increased scale in hay processing volume throughput to at least 100,000MT pa. with the current Epsom Site and machine not able to achieve this due to its small footprint and age of equipment delivering negative margins. The Board also believes challenging market conditions will persist across 2025.
- ii. In reaching its conclusion that the Transaction is in the best interests of Shareholders and determining that Wingara should sell the Epsom hay processing equipment and associated equipment, the Board considered the outcome of its operational review and the ability to deliver on future growth opportunities. Following consideration of these matters, the Board unanimously concluded that:
 - the Transaction is the most attractive option for Shareholders and the Board considers that the Transaction consideration (being cash consideration of A\$750,000 exclusive of GST) recognises the current and inherent value of the equipment and is a fair market price; and
 - having regard to all relevant factors, on balance, the Board considers that the certainty from this transaction to release cash to enable the business to pursue more profitable opportunities across storage, marketing and processing of export Agricultural commodities and protein supply, including meat will deliver greater benefits to Shareholders.
- iii. the Transaction allows Shareholders to realise value in their investment in the equipment with considerations for current difficult trading conditions within the hay fodder market.
- iv. the Company's majority shareholder, NAOS Asset Management (which, as at the date of this Notice of Meeting, holds 80,536,534 Shares (representing 45.88% of the Shares on issue)) has notified the Board that it intends to vote all Shares held by it in favour of the Transaction;

(b) Potential disadvantages of the Transaction

The Board is of the view that the key disadvantages of the Transaction (and the key reasons why Shareholders may vote against Resolution 1) are as follows:

- i. Shareholders may prefer to retain their investment in Wingara as it is currently comprised and have the opportunity to participate in the future financial performance of Wingara (inclusive of the hay processing assets);
- ii. if the Transaction completes, the scale of the Company will be materially reduced and the liquidity of Shares may decrease. Refer to section 1.5 of the section of this Explanatory Memorandum for an overview of Wingara's remaining operations if the Transaction proceeds. This may affect the

- market price of the Shares and the ability of Shareholders to trade their Shares after Completion of the Transaction;
- iii. notwithstanding the unanimous recommendation of the Directors that Shareholders vote in favour of the Transaction, Shareholders may believe that the Transaction is not in their best interests or in the best interests of Shareholders as a whole.

1.4 Material terms and conditions of the Purchase Contract

The key terms of the Purchase Contract for the sale of the Company's hay processing assets and associated equipment are set out below.

(a) Consideration

The consideration payable is A\$750,000 exclusive of GST in cash. The consideration is payable in three tranches, as noted in 1.1, with the final tranche payable following satisfaction of the Conditions Precedent.

(b) Conditions Precedent

Completion is conditional upon (**Listing Rule 11.2**): Shareholders approving the Transaction under, and for the purposes of, Listing Rule 11.2 (approving the disposal of Wingara's main undertaking, being the hay processing assets and associated equipment);

These conditions precedent must be satisfied for the proposed Transaction to proceed.

(c) Conduct of business prior to Completion

Wingara announced the pause of hay processing activities at its Epsom site on 14 November 2024, with lower demand driving lower production and pricing set to deliver negative margins for the 2025 hay season. In light of the challenging market conditions, the Wingara Board intend to expand its main undertakings to include marketing, storage and processing for export of Agricultural commodities and protein supply, including meat. This will enable JCT to expand its contract revenue base in the Agricultural space whilst it explores long term strategies.

(d) Warranties and indemnities

Wingara has not provided any warranties or representations in respect of the machine's production abilities and condition including associated parts and equipment being purchased under this agreement.

Wingara has not provided any indemnities in respect of the agreement.

(e) Termination

Wingara may terminate the Agreement only if the specific Conditions Precedent listed above in section 1.5(b), being Listing Rule 11.2 is not satisfied or becomes incapable of satisfaction.

1.5 Effect of the transaction on the Company

(a) Effect on key financial line items

A pro forma statement showing the impact of the Transaction on certain balance sheet line items has been prepared based on the Company's half year FY25 financial position.

This pro forma statement is based on a range of assumptions (outlined below) and has been provided to assist Shareholders to understand the effect of the Transaction.

This information should be read in the context of the Transaction already receiving shareholder approval under Listing Rule 11.2 and assuming all funds have been received.

Wingara is not currently able to provide forward-looking guidance however, the Company has assessed the sale of the hay processing assets as having the following impact on the 1H FY25 Pro Forma financial balance sheet below:

	30 September 2024 \$	Transaction \$	Proforma 30 September 2024 \$
Assets			
Current assets			
Cash and cash equivalents	831,256	750,000	1,581,256
Total current assets	1,781,512	750,000	2,531,512
Non-current assets			
Property, plant and equipment	934,986	(572,086)	362,900
Total non-current assets	1,307,288	(572,086)	1,307,288
Total assets	3,088,800	177,914	3,266,714

Trade and other payables	1,160,816	52,840	1,213,656
Total current liabilities	1,858,323	52,840	1,911,163
Total liabilities	1,993,406	52,840	2,046,246
Net assets	1,095,394	125,074	1,220,468
Equity			
Accumulated losses	(28,475,480)	125,074	(28,350,406)
Total equity	1,095,394	125,074	1,220,468

The above proforma is based on the last reviewed financial statements as at 30 September 2024 and doesn't reflect the performance of the business post this period. The cash balance of Wingara was \$612,848 as at 31 December 2024 as disclosed in the Appendix 4C for the Company lodged with the ASX on 30 January 2025.

The key assumptions that the Company has made in preparing this pro-forma statement include (but are not limited to):

- receipt of \$750,000 exclusive of GST as consideration payable;
- payment of transaction costs including advisor fees, legal fees, and other transaction administration fees;
- Cost of the dismantling and removal of hay processing and associated equipment pertaining to the Purchase contract;

In relation to financial performance, if the Transaction completes, Wingara will have disposed of its main undertaking. As a result, the annual revenue, annual expenditure and pre-tax profit of the Company will be reduced substantially. The Company's intentions for its remaining business is summarised in paragraph 1.5(e) below.

(b) Effect on capital structure

The Transaction will not impact the capital structure of the Company. For clarity, the Company will not issue any new securities as part of the Transaction.

(c) Details of changes to the Board and senior management

There are no changes to:

- (i) the composition or size of the Board; or
- (ii) the members of the Company's "key management personnel" (as defined in the Corporations Act) as at the date of this Notice, proposed as part of, or in connection with, the Transaction. However, a review of the cost base will be undertaken given the simplification of the business structure following the completion of this Transaction.

As Completion of the Transaction would result in the disposal of the Company's main undertaking (and operating business as at the date of this Notice of Meeting), the Board will consider its options for the Company (including in respect of the senior management team of Wingara's remaining businesses) following Completion of the Transaction, as discussed in section 1.6 below.

(d) Tax impact

Although the final tax impact of the Transaction will depend on the specific circumstances existing at Completion, the Company does not expect to incur any material cash tax liability in respect of the Transaction.

(e) Intentions if the Transaction proceeds

Following the sale of the Company's export hay press and associated equipment, Wingara's remaining operations will focus on Wingara's remaining undertakings of marketing, storage and processing for export of Agricultural commodities and protein supply, including meat. The cash realised from this Transaction will enable JCT to expand its contract revenue base whilst it explores long term strategies for Wingara. In addition, the Board will explore transaction opportunities with third parties in the Agricultural and Protein supply markets.

(f) Intentions if the Transaction does not proceed

If the Transaction is not approved by Shareholders or does not otherwise complete under the Agreement, the Company intends to re-commence hay processing as part of the Wingara group when it is profitable to do so. This may require additional working capital to support the recommencement of processing activities.

1.6 Director's recommendation

(a) Recommendation

The Directors **unanimously recommend** that Shareholders vote in favour of Resolution 1.

Each Director who holds or controls Shares intends to vote those Shares in favour of Resolution 1.

In making this recommendation, the Directors considered the advantages and disadvantages of the Transaction, including those discussed in this Explanatory Memorandum, and determined that, on balance, the Transaction is in the best interests of Shareholders. As discussed above, the entry by Wingara into the Agreement and the announcement of the Transaction was the result of an extensive consideration by the directors that was conducted by Wingara with the objective of maximising the value of the remaining operations of the Company for Shareholders.

In reaching its conclusion that the Transaction is in the best interests of Shareholders and determining that Wingara should enter into the Agreement, the Board considered the outcome of the strategic review and alternative options for the continued operations of the hay processing machine and associated equipment to deliver value to Shareholders, including continuing to deliver on growth opportunities. Following consideration of these matters, the Board unanimously concluded that:

- i. the Transaction is the most attractive option for Shareholders and the Board considers that the Transaction Consideration recognises the current and inherent value of the hay processing assets; and
- ii. having regard to all relevant factors, on balance, the Board considers that the certainty from the all-cash Transaction consideration and the value inherent in the Transaction will deliver greater benefits to Shareholders than any other alternatives currently available for the hay processing machine and associated equipment under the status quo, including continuing to operate the assets as part of Wingara.

Accordingly, the Directors unanimously recommend that Shareholders vote in favour of Resolution 1.

The Chairman of the Meeting intends to vote all available (including undirected) proxies in favour of Resolution 1.

(b) Directors' interests

No Director has a material interest in the outcome of Resolution 1, other than as a result of his interest arising solely in his capacity as a Shareholder or as otherwise disclosed in this Explanatory Memorandum (including below).

As at the date of this Notice, the following Directors hold shares in Wingara:

Director	No. of shares held	No. of performance rights held	Shareholding as a Percentage of Wingara
David Christie	729,866	-	0.42%
Marcello Diamante	3,156,418	4,161,000	1.60%

Mr Brendan York does not personally hold or control any shares.

1.7 OTHER MATERIAL INFORMATION

Other than as set out in this Notice of Meeting (including in this Explanatory Memorandum), and information previously disclosed to Shareholders by the Company, there is no information known to the Directors as at the date of this Notice of Meeting which could reasonably be expected to be material to the making of a decision by a Shareholder whether or not to vote in favour of Resolution 1.
