This Product Disclosure Statement (**PDS**) is a summary of significant information about the Class R Units in the Macquarie Global Listed Real Estate Fund (**Fund**). It contains a number of references to additional important information contained in a separate information booklet (**Information Booklet**). This information forms part of the PDS and you should read the Information Booklet together with this PDS before making a decision to invest in the Fund.

The information in this PDS and the Information Booklet may change from time to time. Where information that changes is not materially adverse to investors, we may update this information by updating the relevant document or by publishing an update at macquarieim.com/pds.

You can access a copy of the latest version of this PDS, the Information Booklet and any updated information free of charge by contacting us.

The information provided in this PDS and the Information Booklet is general information only and does not take account of your personal financial situation or needs. You should obtain your own financial advice tailored to your personal circumstances.

This offer is only open to persons receiving this PDS and the Information Booklet within Australia or any other jurisdiction approved by us.

Other than Macquarie Bank Limited ABN 46 008 583 542 (**Macquarie Bank**), any Macquarie Group entity noted in this material is not an authorised deposit-taking institution for the purposes of the Banking Act 1959 (Commonwealth of Australia). The obligations of these other Macquarie Group entities do not represent deposits or other liabilities of Macquarie Bank. Macquarie Bank does not guarantee or otherwise provide assurance in respect of the obligations of these other Macquarie Group entities. In addition, (a) the investor is subject to investment risk including possible delays in repayment and loss of income and principal invested, and (b) none of Macquarie Bank, or any other Macquarie Group entity, guarantees any particular rate of return on or the performance of the investment nor do they guarantee repayment of capital in respect of the investment.

Macquarie Global Listed Real Estate Fund – Class R Units

Product Disclosure Statement – 26 September 2022

1. About Macquarie Investment Management Australia Limited

Macquarie Investment Management Australia Limited (**Macquarie, we, us, our**) is the responsible entity of the Fund. We are responsible for the investment decisions, management and administration of the Fund. We may delegate some of these duties, including investment management functions, to third parties. We have appointed Macquarie Investment Management Global Limited (ABN 90 086 159 060 AFSL 237843) (**Investment Manager**) as investment manager of the Fund. Both entities form part of Macquarie Asset Management Public Investments, a division of

Macquarie Asset Management which is Macquarie Group's asset management business.

Macquarie Asset Management Public Investments delivers a full-service offering across a range of asset classes including fixed interest, listed equities (domestic and international), listed real estate securities and infrastructure securities to both institutional and retail clients in Australia and the US, with selective offerings in other regions.

2. How the Macquarie Global Listed Real Estate Fund – Class R Units works

The Fund is a unit trust registered under the Corporations Act 2001 (Cth) (**Corporations Act**) as a managed investment scheme. Each investor's investment amount is pooled and invested in the manner described in Section 5.

The constitution of the Fund provides for different classes of units and in this case, investors acquire Class R Units in the Fund. A unit gives an investor a beneficial interest in the Fund's assets attributable to the class of units to which the units belong, but not an entitlement to, or interest in, any particular asset of the Fund.

The terms of Class R Units, including an investor's rights and obligations, are set out in this PDS, the Information Booklet and the Fund's constitution (which we can provide to you on request). The constitution can be amended in certain circumstances. We can amend the constitution without your consent if we reasonably consider that the amendments will not adversely affect investors' rights. Otherwise, we must obtain the approval of the required number of unitholders at a meeting of unitholders (a resolution may bind you, regardless of how or whether you vote).

A reference in this PDS to '**Business Day**' means a day (other than a Saturday, Sunday, public holiday or bank holiday) on which banks are open for general banking business in Sydney.

The Fund has been admitted to the mFund Settlement Service (**mFund**) operated by the Australian Securities Exchange (**ASX**).

Unit pricing

The price of a Class R Unit will generally be calculated each Business Day, and will be based on the value of the Fund's assets attributable to Class R Units, less liabilities attributable to Class R Units, divided by the number of Class R Units on issue (the **net asset value unit price**). The price of units will vary as the market value of the Fund's assets and liabilities, attributable to each class of units, rises or falls.

Application and redemption prices take into account our estimate of transaction costs (the **buy/sell spread**), and as a result, the application price will be higher than the net asset value unit price (by the amount of the buy spread), and the redemption price will be lower than the net asset value unit price (by the amount of the sell spread). See Section 6 for further details on the buy/sell spread.

How to invest and access your money

Making initial and additional investments in the Fund

Application cut-off time (Application Cut-off) ¹	Minimum initial investment amount ¹	Minimum additional investment amount ¹
11.00am Sydney time on a Business Day	\$10,000	\$2,000

¹ Or as we determine otherwise.

You can apply to make an initial investment in the Fund through mFund by instructing your broker (**Application**). Unless we agree otherwise, where we receive an Application (including any required identification documentation) completed to our satisfaction before the Application Cut-off on a Business Day, with funds remitted on the same day, investors will generally receive the application price calculated for that Business Day. Unless we agree otherwise, if we receive an Application (including any required identification documentation) completed to our satisfaction on a Business Day but after the Application Cut-off, or on a non-Business Day, with funds remitted on the same day, we will generally treat the Application as having been received before the Application Cut-off on the next Business Day.

You can make additional investments by instructing your broker.

We may accept or reject an application (in whole or in part) at our discretion (without giving reasons). See Section 8 for more details on how to apply.

Redeeming your investment

Redemption cut-off time (Redemption Cut-off) ¹	Minimum balance amount ^{1,2}
11.00am Sydney time on a Business Day	\$10,000

¹ Or as we determine otherwise.

² If acceptance of a redemption request will result in a balance of less than the minimum balance amount, we may either reject the redemption request or treat the redemption request as relating to your entire holding.

You may only redeem by instructing your broker.

You can generally request redemption of all or part of your investment in the Fund by writing to us or by completing a redemption request form which you can download at macquarie.com/redemptionform. Alternatively, you can provide a signed request specifying the account name, the Fund name, the amount or number of units to be withdrawn and bank details. You can send your redemption request by facsimile, email, mail or such other method agreed by us.

Where we receive a redemption request, completed to our satisfaction, before the Redemption Cut-off on a Business Day, investors will generally receive the redemption price calculated for that Business Day. Unless we agree otherwise, if we receive a redemption request, completed to our satisfaction, on a Business Day but after the Redemption Cut-off, or on a non-Business Day, we will generally treat the request as having been received before the Redemption Cut-off on the next Business Day. Before paying you the redemption amount, we may deduct from that amount any money you owe us in relation to your investment. Redemption proceeds will generally be paid within five Business Days after we accept the redemption request.

Potential delay of redemptions

In some circumstances, such as where there is a suspension of redemptions, investors may not be able to redeem their investment within the usual period or at all.

Under the Fund's constitution, payment and processing of withdrawal requests may take up to 30 days from the receipt of the request, or longer in some circumstances, such as where we are not able to realise sufficient assets to satisfy withdrawal requests due to circumstances outside our control such as restricted or suspended trading in the market for an asset, or where we do not consider that it is in the best interests of investors as a whole to realise assets to satisfy requests.

Distributions

The Fund may receive income and gains from the underlying investments. We will generally seek to distribute any net income on a quarterly basis and any net realised capital gains at least once a year. Distributions will be calculated based on the net income and net realised capital gains of the Fund; however, distributions may include capital paid out of the Fund. Unit prices may fall as a result of the allocation of the distributions to unitholders.

You may elect to have your distributions paid directly into a nominated Australian financial institution account or to have your distributions reinvested as additional Class R Units. If you do not make an election, your distributions will be reinvested.

You can make this election through your broker.

You should read the **further important information in relation to investments through mFund** set out in Section 2 of the Information Booklet available by contacting us.

You should read the important information about **how the Fund works** including additional information on how to invest and access your money, unit pricing methodology and potential delay of redemptions before making a decision. Go to Section 2 of the Information Booklet available by contacting us. The material relating to how the Fund works may change between the time when you read this statement and the day when you acquire the product.

3. Benefits of investing in the Macquarie Global Listed Real Estate Fund – Class R Units

Significant features

- Provides exposure to a diversified portfolio of global listed real estate, primarily real estate investment trusts, listed, or about to be listed, on exchanges globally.
- Provides exposure to an actively managed strategy that adopts a bottom-up approach with a strong focus on a valuation-based stock selection methodology complemented by a macroeconomic (top-down) approach to regional and country allocations.

Significant benefits

- Potential for income and capital growth.
- Potential for diversification against other asset classes due to the relatively low correlation of listed real estate securities to equity and fixed interest investments during normal market conditions.
- Access to the investment management expertise of Macquarie Asset Management Public Investments.

You should read the important information about **additional features and benefits** of the Fund before making a decision. Go to Section 3 of the Information Booklet available by contacting us. The material relating to additional features and benefits of the Fund may change between the time when you read this statement and the day when you acquire the product.

4. Risks of managed investment schemes

All investments carry risk. Different investments carry different levels of risk, depending on the investment strategy and the underlying investments. Generally, the higher the potential return of an investment, the greater the risk (including the potential for loss and unit price variability over the short term). When you make an investment, you are accepting the risks of that investment. It is important to understand these risks before deciding to invest.

The level of risk that you are willing to accept will depend on a range of factors including your financial objectives, risk tolerance, age, investment timeframe and where other parts of your wealth are invested. The value of your investment and the returns from your investment will vary over time. Future returns may differ from past returns. We do not guarantee the returns of the Fund and you may lose some or all of the money that you have invested. The significant risks of the Fund are described below but other risks may also adversely affect the Fund. You should seek your own professional advice on the appropriateness of this investment for your particular circumstances and financial objectives.

Investment risk: The Fund has exposure to share markets. The risk of an investment in the Fund is higher than an investment in a typical bank account or fixed income investment. Amounts distributed to unitholders may fluctuate, as may the Fund's unit price, by material amounts over short periods.

Market risk: The investments that the Fund has exposure to are likely to have a broad correlation with share markets in general. Share markets can be volatile and have the potential to fall by large amounts over short periods of time. Poor performance or losses in domestic and/or global share markets are likely to negatively impact the overall performance of the Fund.

Property sector risk: The Fund has exposure to a concentrated group of securities related to the property sector, which are likely to be highly correlated. The property sector generally has the potential for high levels of volatility and is sensitive to a number of factors, including market sentiment regarding property valuations, availability and cost of finance, default rates of borrowers, rental demand and the general economic outlook. Adverse events affecting the property sector or a single security within the Fund will impact the performance and returns of the Fund.

Liquidity risk: Investments may be difficult or impossible to sell, either due to factors specific to that security, or to prevailing market conditions, resulting in a loss to the Fund and delays in redemptions. If we are required to process a large redemption or application, the exposure of the Fund to particular investments, sectors or asset classes may be altered significantly due to the security sales or purchases required.

Default risk: Issuers of securities that the Fund has exposure to may default on their obligations, for instance by failing to make a payment due or by failing to return principal. Counterparties to the Fund and/or an underlying fund may default on a contractual commitment. Default on the part of an issuer or counterparty could result in a loss to the Fund.

Security specific risk: Securities and the companies that issue them are exposed to a range of factors that affect their individual performance. These factors may cause an investment's return to differ from that of the broader market. The Fund may therefore underperform the market and/or its peers due to its security specific exposures.

Unlisted securities risk: The Fund may have exposure to securities which are not listed on a securities exchange. Unlisted securities may have a higher risk of loss, and may be difficult to independently value and to sell due to their unlisted nature. Where such securities do list (for example through an initial public offering, or IPO), the listing price may differ materially from the price previously used when calculating the Fund's unit price.

Currency risk: The Fund may have exposure to investments denominated in currencies other than Australian dollars. Currency risk is the risk that fluctuations in exchange rates impact the Australian dollar value of the foreign investments that the Fund has exposure to. The Fund may reduce this risk by hedging its currency exposure; however, hedging may not completely remove currency risk, may reduce profitable opportunities and increase costs.

Derivatives risk: Derivatives may be used to hedge existing exposures or to gain economic exposure. The use of derivatives may expose the Fund to risks including counterparty default, legal and documentation risk, and may have the effect of magnifying both gains and losses.

Manager risk: There is no guarantee that the Fund will achieve its performance objectives, produce returns that are positive, or compare favourably against its peers, or that the strategies or models used by the Investment Manager will produce favourable outcomes.

International investments risk: The Fund may have exposure to a range of international securities, and in companies that have exposure to a range of international economies. Governments may intervene in markets, industries and companies; may alter tax and legal regimes; and may act to prevent or limit the repatriation of foreign capital. Such interventions, as well as global and country specific macroeconomic factors, may impact the international investments that the Fund has exposure to.

Force majeure risk: The Investment Manager, or issuers or counterparties of investments that the Fund holds or has exposure to, may be impacted by an event beyond the control of that party which affects that party's ability to perform its obligations and may cause losses to the Fund. This includes events such as fire, flood, earthquakes, pandemic, war, terrorism and labour strikes.

Regulatory and legal risk: Laws and regulatory policy affecting registered managed investment schemes may change in the future and have an adverse impact on the Fund.

5. How we invest your money

You should consider the likely investment return, the risks involved and your investment timeframe when deciding whether to invest in the Fund.

Macquarie Global Listed Real Estate Fund – Class R Units

Fund objective	The Fund aims to provide total returns (income and capital growth), after costs and before tax, above the FTSE EPRA/NAREIT Developed Index Hedged in AUD Net TRI on a rolling three-year basis.						
Description of the Fund	<p>The Fund provides exposure to a diversified portfolio of global listed real estate, primarily real estate investment trusts, that are listed, or about to be listed, on exchanges globally, focusing on investments in Europe, the Americas and the Asia Pacific. The Fund may also invest in other regions.</p> <p>The Investment Manager combines a stock specific (bottom-up) selection process, which has a strong focus on a valuation-based stock selection methodology, with a secondary consideration of macroeconomic (top-down) factors. It seeks to identify and capitalise on investment opportunities through an integrated approach to security-level analysis and macro themes impacting real estate markets.</p> <p>For more information about the investment process, go to Section 5 of the Information Booklet.</p> <p>The Investment Manager believes that real estate securities supported by a sustainable, well governed, business model and high-quality assets will outperform over the long term. Environmental, social and governance (ESG) considerations are a central component to our portfolio construction and quality driven investment process. ESG considerations are directly addressed as part of the first stage (quality) of the investment team's three-stage bottom-up process and will ultimately determine the size or how investible any position is.</p> <p>The Fund gains exposure to securities either directly or through funds managed by a member of the Macquarie Group. The Fund may be exposed to derivatives. Derivatives may be used to manage economic exposure, protect against risks or as an alternative to direct investment in securities. The Fund may borrow to meet its short-term liquidity needs.</p> <p>In normal circumstances, the Fund's exposure to international assets is hedged back to Australian dollars.</p>						
Asset allocation¹	Global real estate securities: 90% – 100% Cash: 0% – 10%						
Benchmark	FTSE EPRA/NAREIT Developed Index Hedged in AUD Net TRI						
Suggested minimum investment timeframe	Five years						
Inception date³	29 November 2004						
Standard Risk Measure (SRM)	1 Very low	2 Low	3 Low to medium	4 Medium	5 Medium to high	6 High	7 Very high
	We have calculated the SRM based on industry guidance. Please note that the SRM is not a complete assessment of all forms of investment risk. Go to Section 5 of the Information Booklet for more information. Refer to Section 4 for more information on the risks of an investment in the Fund.						
Target investors	The Fund may be suitable for investors who are looking for an investment with the objective of the Fund listed above and are prepared to accept the risks of the Fund set out in Section 4.						
Changes to the Fund	We may make changes to the Fund from time to time or terminate the Fund. We will provide such notice as required by the Corporations Act or constitution of the Fund.						
Fund performance	Performance history information can be obtained from our website at macquarie.com.au/performance or by calling Client Service. Past performance is not a reliable indicator of future returns, which can differ materially.						

¹ The above ranges are indicative only. The Fund will be rebalanced within a reasonable period of time should the exposure move outside these ranges.

² The Fund is expected to be fully invested. A portion of the portfolio may be allocated to cash for liquidity purposes.

³ Macquarie was appointed as the responsible entity of the Fund from 26 April 2022. Prior to this date, the Fund was operated by a different responsible entity.

You should read the important information about **how the Investment Manager invests your money** including ethical investments, switching and calculating the performance of the Fund before making a decision. Go to Section 5 of the Information Booklet available by contacting us. The material relating to how the Investment Manager invests your money may change between the time when you read this statement and the day when you acquire the product.

Macquarie Global Listed Real Estate Fund – Class R Units

Product Disclosure Statement – 26 September 2022

6. Fees and costs

DID YOU KNOW?

Small differences in both investment performance and fees and costs can have a substantial impact on your long-term returns. For example, total annual fees and costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30-year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You may be able to negotiate to pay lower fees. Ask the Fund or your financial adviser.

TO FIND OUT MORE

If you would like to find out more, or see the impact of the fees based on your own circumstances, the **Australian Securities and Investments Commission (ASIC)** Moneysmart website (www.moneysmart.gov.au) has a managed funds fee calculator to help you check out different fee options.

This section shows fees and other costs that you may be charged. These fees and costs may be deducted from your investment, from the returns on your investment or from the Fund's assets attributable to Class R Units. Different fees and costs may apply to different classes of units in the Fund.

Unless stated otherwise, all fees are shown inclusive of GST and net of any input tax credits (ITCs) and/or reduced input tax credits (RITCs). Information on how managed investment schemes are taxed is set out in Section 7 of this PDS.

You should read all of the information about fees and other costs as it is important to understand their impact on your investment. You can use this information to compare costs between different simple managed investment schemes. ASIC provides a calculator, available at www.moneysmart.gov.au, which can be used to calculate the effect of fees and costs on account balances.

Fees and costs summary – Macquarie Global Listed Real Estate Fund (Class R Units)

Type of fee or cost	Amount	How and when paid
Ongoing annual fees and costs		
<i>Management fees and costs</i> The fees and costs for managing your investment	0.990% pa comprising: Management fee ¹ – 0.970% pa of the net asset value of the Class R Units Indirect costs ^{2,3} – 0.020% pa of the net asset value of the Class R Units	Accrues daily and is payable monthly. Deducted from the Fund's assets and reflected in the unit price for Class R Units. Generally deducted from the Fund's assets or an underlying fund's assets, reflected in the unit price for each class and paid when incurred.
<i>Performance fees</i> Amounts deducted from your investment in relation to the performance of the product	Fund – Not applicable Underlying funds – Not applicable	Not applicable
<i>Transaction costs</i> The costs incurred by the Fund when buying or selling assets ³	0.232% pa of the net asset value of the Class R Units	Transaction costs are deducted from the Fund's assets, reflected in the unit price for each class and are generally paid when incurred.
Member activity related fees and costs (fees for services or when your money moves in or out of the Fund)		
<i>Establishment fee</i> The fee to open your investment	Not applicable	Not applicable
<i>Contribution fee</i> The fee on each amount contributed to your investment	Not applicable	Not applicable
<i>Buy/Sell spread</i> An amount deducted from your investment representing costs incurred in transactions by the Fund	As at the date of preparation of this PDS, is +0.15% for applications and -0.15% for redemptions but we may vary this from time to time. Latest buy/sell spreads are posted at macquarie.com.au/daily_spreads .	An estimate of the costs of transacting associated with acquiring or disposing of the underlying investments at application or redemption and reflected in the unit price for each class at application or redemption. Refer to 'Buy/Sell spread' in Section 6 of the Information Booklet for more information.
<i>Withdrawal fee</i> The fee on each amount you take out of your investment	Not applicable	Not applicable
<i>Exit fee</i> The fee to close your investment	Not applicable	Not applicable
<i>Switching fee</i> The fee for changing investment options	Not applicable	Not applicable

Notes to example from previous page

- 1 May be negotiated if you are a wholesale client under the Corporations Act and subject to compliance with applicable regulatory requirements. Refer to 'Differential fees' below for more information.
- 2 Indirect costs may include fund expenses. We are entitled to be reimbursed for certain administrative expenses under the constitution. Abnormal expenses will generally be paid by the Fund. Refer to Section 6 of the Information Booklet for more information.
- 3 Based on historical fees and costs. Past fees and costs may not be a reliable indicator of future fees and costs. Actual fees and costs may vary significantly each year. See 'Transaction costs' below and Section 6 of the Information Booklet for more information.

Example of annual fees and costs for the Fund

This table gives an example of how the ongoing annual fees and costs in the Fund can affect your investment over a 1-year period. You should use this table to compare the Fund with other products offered by managed investment schemes.

Example		Balance of \$50,000 with a contribution of \$5,000 during year
Contribution fees	Not applicable	For every additional \$5,000 you put in, you will not be charged any contribution fee.
PLUS Management fees and costs	0.990% pa ¹	And , for every \$550,000 you have in Class R Units in the Fund, you will be charged or have deducted from your investment \$495 each year.
PLUS Performance fees	Not applicable	And , you will be charged or have deducted from your investment \$0 in performance fees each year.
PLUS Transaction costs ¹	0.232% pa	And , you will be charged or have deducted from your investment \$116 in transaction costs.
EQUALS Cost of Fund		If you had an investment of \$50,000 at the beginning of the year and you put in an additional \$5,000 during that year, you would be charged fees and costs of \$611 . ²
What it costs you will depend on the fees you may be able to negotiate.		

1 Calculated using the fees and costs as a percentage of the average net asset value of Class R Units in the Fund for the previous financial year. It is not a forecast of the amount of the total fees and costs, which may be higher or lower in the future.

2 Assumes there is no variation in the value of investment and the additional investment of \$5,000 is made at the end of the period.

Additional explanation of fees and costs**Transaction costs**

Transaction costs incurred by the Fund or an underlying fund that the Fund invests in (such as brokerage, clearing costs, hedging costs, settlement costs, transaction fees, taxes and stamp duty) will generally be incurred as part of the management of the Fund. Transaction costs may be incurred directly by the Fund or, where applicable, indirectly through an underlying fund. These costs are deducted from the Fund's or an underlying fund's assets and reflected in the unit price for each class. They are generally paid when incurred. They are not amounts paid to us or the Investment Manager.

The buy/sell spread charged to investors offsets some or all of the transaction costs incurred by the Fund which may include costs incurred as part of the ordinary trading activities of the Fund rather than the particular application or redemption. We may vary the buy/sell spread from time to time, including by material amounts. We will not provide prior notice of a change to the buy/sell spread. Please check macquarie.com.au/daily_spreads for the latest buy/sell spread prior to applying for, or redeeming, units in the Fund.

The gross transaction costs for Class R Units in the Fund for the previous financial year were 0.342%. The transaction costs shown in the 'Fees and costs summary' table above are net of any buy/sell spread that was charged by the Fund for that period. When the transaction costs exceed the amount of the buy/sell spread charged, the transaction costs are not fully recovered and so are an additional cost to you. As required by fees and costs disclosure obligations, the transaction costs do not include market impact or other implicit transaction costs. However, these costs may be borne by the Fund as part of its trading activities, and market impact and other implicit transaction costs are taken into account in calculating the buy/sell spread.

The transaction costs disclosed (including the buy/sell spread for Class R Units) are based on information available as at the date of the preparation of this PDS and assumptions that we consider reasonable. The transaction cost amounts are not forecasts of the total transaction costs in the future. The amount of transaction costs, including buy/sell spreads, may be higher or lower in the future. Refer to the Information Booklet for further details.

Differential fees

We, or the Investment Manager, may negotiate with wholesale clients (as defined in the Corporations Act) differential fees, payments or rebates as permitted by the Corporations Act and ASIC relief. There is no set manner or method of negotiating fees, payments or rebates. Refer to 'Differential fees' in Section 6 of the Information Booklet and contact Client Service for more information. Client Service contact details are stated on the front page of the PDS.

Tax

Refer to Section 7 for information about tax.

Information about fee changes

We may change the amount of the fees without your consent (up to any maximum that is allowed under the Fund's constitution). If we increase the fees, we will provide you with at least 30 days written advance notice. We cannot charge more than the constitution of the Fund allows, unless we obtain investors' approval to do so. Under the constitution, the maximum fees (exclusive of the net effect of GST) are:

- a maximum contribution fee of 5% of the investment amount
- a maximum redemption fee of 5% of the redemption amount, and
- a maximum management fee of 3% pa of the value of the assets of the Fund.

Additional fees may be paid by you to your financial adviser (for advice-related services); and/or to your broker or financial adviser (for services connected to mFund) if you are investing through mFund. You should refer to the statement of advice and/or financial services guide provided by your adviser or broker for details of those fees.

You should read the important information about fees and costs including additional services and charges before making a decision. Go to Section 6 of the Information Booklet available by contacting us. The material relating to fees and costs may change between the time when you read this statement and the day when you acquire the product.

Macquarie Global Listed Real Estate Fund – Class R Units

Product Disclosure Statement – 26 September 2022

7. How managed investment schemes are taxed

Investing in a registered managed investment scheme is likely to have tax consequences. The information contained in the following summary is intended to be of a general nature only. It does not constitute tax advice and should not be relied on as such. You are strongly advised to seek independent professional advice on the tax consequences of an investment in the Fund, based on your particular circumstances, before making an investment decision.

The Fund will elect into the Attribution Managed Investment Trust (AMIT) regime where it is eligible to do so. Under the AMIT regime, investors will be attributed (and assessed for tax) on amounts of income (including any capital gains) on a fair and reasonable basis for each relevant financial year.

If the Fund does not elect into the AMIT regime, investors in the Fund will be presently entitled to the entire amount of the income of the Fund (including any capital gains) for each relevant financial year and will be assessed for tax on their share of the net income of the Fund (including any capital gains) for a financial year.

Where an investor redeems 5% or more of the units on issue of the Fund, we may attribute taxable income to that redeeming investor.

The Fund should not be liable for Australian income tax under present income tax legislation.

You should read the important information about the **additional taxation matters** relating to managed investment schemes before making a decision. Go to Section 7 of the Information Booklet available by contacting us. The material relating to the additional taxation matters relating to managed investment schemes may change between the time when you read this statement and the day when you acquire the product.

8. How to apply

You should read this PDS, together with the information contained in the Information Booklet, available by contacting us.

You should instruct your broker to apply for units.

Cooling-off period

If you are a 'retail client' under the Corporations Act, you can terminate your investment in the Fund during the period of 14 days starting on the earlier of the time when you receive confirmation

of issue of units in the Fund to you or the end of the fifth Business Day after the units are issued to you. Your refund will be processed as a redemption and the redemption value will be reduced or increased for market movements since your investment. We will also deduct any tax or duty that is paid or payable by the Fund, any reasonable administration or transaction costs incurred as well as the sell spread. As a result, the amount returned to you may be less than your original investment. To exercise your cooling-off rights, please write to Client Service.

Enquiries and complaints

You may contact your financial adviser or Client Service if you have any enquiries or complaints. If you have a complaint, please contact us and we will do our best to resolve any matter quickly and fairly. Written complaints can be sent to us at:

The Complaints Officer
Macquarie Investment Management Australia Limited
PO Box R1723
Royal Exchange NSW 1225 Australia

You should read the important information about **dispute resolution** before making a decision. Go to Section 8 of the Information Booklet available by contacting us. The material relating to dispute resolution may change between the time when you read this statement and the day when you acquire the product.

9. Other information

You should read the important information about **our legal relationship with you** before making a decision. Go to Section 9 of the Information Booklet available by contacting us. The material relating to our legal relationship with you may change between the time when you read this statement and the day when you acquire the product.
