Results for announcement to the market

	30 September 2024 (000's)	Change (000's)	Change %
Revenues from ordinary activities	NZ\$22,737	NZ-\$2,789	down 11%
Net loss after income tax from ordinary activities and attributable to security holders	NZ\$5,328	NZ-\$4,403	up 476%

The net loss increased from \$0.925 million to \$5.328 million. While an improved gross margin mitigated much of the revenue decline, the primary drivers of this increase were non-cash acquisition adjustments and unrealised foreign exchange adjustments. Impairment losses increased \$0.821 million, totalling \$2.231 million for the period, due to the full impairment of IDEST, acquired in January 2022. Foreign currency gains also saw a significant reversal, moving from a \$0.898 million gain to a \$1.458 million loss—a swing of \$2.356 million. Most of this foreign currency loss, totalling \$1.317 million (\$0.882 million gain in 2023), is unrealised and primarily linked to inter-company loan balances. Additionally, the 2023 comparatives benefited from a \$1.317 million gain from a fair value adjustment on contingent consideration liability.

The Company does not propose to pay a dividend and no dividends were declared or paid for the reporting period.

Net tangible assets per share was NZ\$0.18 per share at 30 September 2024 (30 September 2023: NZ\$0.15 per share).

No entities were gained or lost during the period.
