

ASX Announcement

27 November 2014

## **ASX BOOKBUILD TO FACILITATE JACANA MINERALS IPO (SPINOFF FROM SYRAH RESOURCES)**

Jacana Minerals ("JAC" or the "Company") is pleased to announce that ASX BookBuild will be used to facilitate its Initial Public Offering ("IPO"). Bell Potter, Joint-Lead Manager to the IPO, will arrange and coordinate the ASX BookBuild facility.

Jacana Minerals Limited ("Jacana" or "the Company") was formed in October 2014 following a demerger of certain mineral sands, graphite, nickel and coal prospects in Tanzania from Syrah Resources Limited (ASX.SYR).

Jacana Minerals is a Tanzania focussed mineral explorer with a diverse portfolio of exploration opportunities and an experienced and successful Board and management team. The assets, including mineral sands, graphite, nickel and coal prospects, were demerged from Syrah in October 2014. This initial public offering is planning to raise up to \$10 million for further exploration. An established team is ready to start drilling the following targets immediately:

- Mineral sands properties with a commanding position in the underexplored northern coastline:
  - Zircon-rich Resources at Fungoni
  - Rutile-rich dune system with huge tonnage potential at Tanga North
  - High grade target zones identified at Tanga South and Bagamoyo
- Graphite – Thick, high grade, metallurgically exceptional zones outlined by trenching at Chiliojali. Best – 31m @ 15.5% Total Graphitic Carbon
- Nickel – Drill ready high conductivity targets at Mbinga

The Board and management team includes Tom Eadie (ex Syrah), Paul Kehoe (ex Syrah), Mark Hanlon and Aspon Mwijage.

The Company will initially offer a minimum of 5m shares (A\$1.0m) to on-market bidders at an issue price of A\$0.20 per share. This is subject to the demand from the priority offer not exceeding A\$9 million. Further details on the Priority Offer can be found in the replacement Prospectus.

Any persons interested in applying for shares pursuant to this Offer should contact their broker.
