### 3 Letter to McPherson's Shareholders

25 March 2021

Dear McPherson's Shareholder,

#### Offer for Your McPherson's Shares

I am pleased to present you with this offer (the **Offer**) to acquire your shares in McPherson's for \$1.34 cash per McPherson's Share (the **Offer Price**), which delivers you certain and immediate value for your McPherson's shares.

The Company is at a critical juncture and is in urgent need of reinvigoration across its strategy, governance and leadership.

McPherson's financial performance has been deteriorating, with sales revenue<sup>1</sup> and EBITDA<sup>2</sup> declining by 28.9% and 8.7%, respectively, over FY16 - FY20, and the negative trend continuing in the first half of FY21 (**1H FY21**). This worrying financial profile has been reflected in McPherson's share price, with the stock materially underperforming the All Ordinaries Index over both the past 12 months and the longer-dated 10-year period.

McPherson's raised \$45.9m<sup>3</sup> from shareholders in October 2020, only to announce a profit downgrade and a significant decline in China export sales within ~1 month of the raising. This raises a number of red flags over the Board and Management's basic understanding of the business, particularly when coupled with a general lack of transparency around the future outlook of China sales and the sudden resignation of the CEO.

Moreover, we are concerned with McPherson's poor M&A track record, with a significant number of impairments made to businesses that have been acquired over the past 10 years. Of serious concern, McPherson's has recognised adjustments in 4 out of the 5 most recent financial years and has reported ~\$56.7m<sup>4</sup> of impairments, inventory write-downs and restructuring costs over FY16 - 1H FY21. Given the Company's stated aim to explore further acquisitions in the future, this heightens the risk of further impairments and value destruction.

McPherson's requires an urgent turnaround. However, any turnaround will take time and will require management stability and enhanced capability. There is no guarantee of success and any return to sustainable growth in sales revenue and earnings is highly uncertain.

The Offer Price of \$1.34 cash per McPherson's Share represents a c. 9.84% premium to the close of \$1.22 per share on 24 March 2021,<sup>5</sup> and the unconditional all-cash offer delivers certain and immediate value.

Importantly, accepting the Offer will remove exposure to the risks and uncertainties associated with continuing to hold McPherson's Shares, including (but not limited to):

- further deterioration in McPherson's financial performance, which may also impact dividend payouts;

<sup>2</sup> Refer to footnote 11.

<sup>3</sup> Based on 25 November 2020 announcement "Results of Share Purchase Plan" which states \$36.5m completion of placement and \$9.4m completion of share purchase plan.

<sup>4</sup> Refer to footnote 39.

<sup>5</sup> Last trading day prior to Announcement Date.

- lack of stable, experienced leadership at a time of significant uncertainty;
- reliance on the Chinese market to drive sales growth;
- consistent 'one-off' impairments and other impacts reappearing in future periods;
- long and uncertain turnaround required with significant execution risk; and
- general market and liquidity risks associated with maintaining a shareholding in McPherson's.

### **How to accept**

The Offer is unconditional. You are permitted to immediately sell some or all of your McPherson's Shares for 100% cash consideration at \$1.34 per share on market and will be paid cash 2 Trading Days after your acceptance.

### **More information**

Full details of the Offer, the reasons you should accept and instructions on how to accept are set out in this Bidder's Statement.

If you have any questions about this document or the Offer generally, please contact the Offer Information Line on 1300 038 212 (within Australia) or +61 2 8022 7915 (outside Australia), or consult with your professional adviser.

For the reasons outlined above, and detailed in the Bidder's Statement, I strongly encourage you to accept this Offer which delivers you certain and immediate value for your McPherson's Shares.

Yours sincerely,

**Nick Perkins**  
Director  
Gallin Pty Ltd

<b>3</b>	<b>Leadership instability and lack of transparency provides no confidence performance can be improved</b>	<b>Section 4.3</b>
<b>4</b>	<b>McPherson's poor M&amp;A track record suggests further acquisitions will heighten risks to the business</b>	<b>Section 4.4</b>
<b>5</b>	<b>McPherson's is in need of a turnaround, which will take time and requires management stability and enhanced capability. Therefore, sustainable growth in revenue and earnings is highly uncertain</b>	<b>Section 4.5</b>

<b>7</b>	<b>McPherson's share price may fall after the Offer closes</b>	<b>Section 4.7</b>

#### 4.1 McPherson's has a long history of declining revenue and earnings, and has failed to provide specific guidance on their future performance

##### (a) Sales revenue in decline

McPherson's sales revenue has declined by 28.9% (or 8.2% CAGR) over FY16 - FY20, as illustrated below.<sup>6</sup>

Dr. LeWinn's (DLW) has been a recent success story for McPherson's. However, the brand has been heavily reliant on sales into China, and future growth is uncertain.

- For the six months to 31 December 2020 export revenue from Dr. LeWinn's was only \$4.8m and had declined by c.65% from \$13.9m in 1H FY20.<sup>8</sup>
- Fall in export sales revenue has driven a \$4.8m<sup>9</sup> reduction in underlying profit before Tax in 1H FY21 compared to 1H FY20.

Excluding sales revenue contribution from Dr. LeWinn's export sales (primarily to China), McPherson's sales revenue would have declined by 12.4%<sup>10</sup> CAGR over FY16 - FY20. This sharp decline highlights the continued weakness of McPherson's other businesses and its previous reliance on export to China for revenue growth (which is now also currently facing headwinds).

<sup>6</sup> FY16 - FY20 sales revenue figures based on page 12 of FY20 McPherson's Annual Report, which includes both continuing and discontinued operations.

<sup>7</sup> Group sales revenues for FY 16 - FY20 are based on page 12 of FY20 Annual Report. DLW export sales revenue for FY16-20 is based on page 7 of FY20 results presentation. 1H FY21 Group sales revenue is based on page 7 of 1H21 Results Release Presentation, 1H FY21 DLW export sales revenue is based on the 1H FY20 DLW export sales revenue of \$13.9m (1H FY20 results presentation page 7), minus the 1H FY21 \$9.1m decline in DLW export sales revenue (1H FY21 results presentation page 9).

<sup>8</sup> \$4.8m is calculated based on the 1H FY20 DLW export sales revenue of \$13.9m (1H FY20 results presentation page 7), minus the 1H FY21 \$9.1m decline in DLW export sales (1H FY21 results presentation page 9).

<sup>9</sup> Based on page 10 of the 1H FY21 Results presentation announcement as of 17 February 2021.

<sup>10</sup> Represents decline of statutory revenue excluding DLW export sales. Based on page 12 of FY20 Annual Report and DLW export sales revenue is on page 7 of FY20 results presentation.

### (b) EBITDA in decline

The decline in revenue is reinforced by reduction in earnings. McPherson's EBITDA, on a pre-impairment and pre-AASB16 basis has reduced by 8.7% (or 2.3% CAGR) over FY16 - FY20.

Figure 2: EBITDA pre-impairments<sup>11</sup> (pre-AASB16) (A\$m)

### (c) Disappointing results for Half Year 31 December 2020 ("1H FY21") and no specific guidance for FY21

McPherson's results for 1H FY21 shows that most financial metrics, disclosed by McPherson's, have performed materially below the prior comparison period. The underlying EBIT and underlying PBT are down 14.5% and 15.9% respectively.

Table 1: 1H FY21 Underlying and statutory results, compared to 1H FY20 (A\$m)<sup>12</sup>

	Prior Comparison Period		H1 FY21	H1 FY20
Underlying Sales Revenue	DOWN	(4.1%)	101.7	106.0
Underlying EBIT	DOWN	(14.5%)	7.7	9.0
Underlying Profit Before Tax	DOWN	(15.9%)	7.1	8.5
Underlying Profit After Tax	DOWN	(19.2%)	4.6	5.7
Statutory Profit Before Tax	DOWN	(81.1%)	1.6	8.5
Statutory Profit After Tax	DOWN	(79.7%)	1.2	5.7

Of most concern, McPherson's has been unable to provide any clarity on future performance, citing the difficulty in forecasting demand in China, and has withdrawn its specific guidance for FY21 but notes ***"it remains likely that underlying profit before tax and earnings per share for 2H FY21 and FY21 will be materially below 2H FY20 and FY20"***.<sup>13</sup>

<sup>11</sup> On a pre-AASB16 basis, based on McPherson's disclosed EBITDA, FY20 EBITDA adjusted for estimated AASB-16 impact based on repayment of lease liabilities (\$3.767m) (page 64 of FY2020 Annual Report) and lease interest expense (\$0.503m) (page 86 of FY2020 Annual Report). Estimated AASB16 adjustment for 1H FY21 includes repayment of lease liabilities (\$2.116m) and estimated lease interest expense (\$0.209m), based on the weighted average incremental borrowing rate of 5.67% (page 66 of FY2020 Annual Report) applied to the average lease liabilities of \$7.386m between lease liabilities as at 30 June 2020 (page 62 FY20 Annual Report) and 31 December 2020 (page 8 1H FY21 Appendix 4D).

<sup>12</sup> Based on McPherson's disclosed underlying and statutory financials as per page 2 of the 1H FY21 results release.

<sup>13</sup> As per McPherson's announcement on page 4 of the 1H FY21 results release on 17 February 2021.

## 4.2 McPherson's share price has significantly underperformed the ASX All Ordinaries Index over the near term and long term

### (a) Material share price decline since February 2020

Following a prolonged period of share price under performance, McPherson's share price elevated from July 2019 due primarily to the strong performance of Dr. LeWinn's, as well as due to A'kin performance and completion of four strategic investments.

However, as noted below in Figure 3, this positive momentum was arrested from October 2020 as McPherson's made a number of disappointing disclosures, including the significant decline in Dr. LeWinn's export performance which underpinned a profit downgrade for 1H FY21. In addition, McPherson's fully impaired the value of its A'kin and Moosehead brands, and impaired two of the four aforementioned strategic investments.<sup>14</sup>

Figure 3: McPherson's share price performance vs. All Ordinaries Index (Since Feb 20)<sup>15</sup>

<sup>14</sup> In relation to the four strategic investments announced per page 1 of McPherson's preliminary FY19 results release, of which Kotia and Aware group have been impaired.

<sup>15</sup> IRESS price data overlaid with selected McPherson's announcements listed below the chart. Share price shown from 3 February 2020 as of 24 March 2021. As permitted by ASIC Class Order 07/429, this figure contains ASX share price trading information sourced from IRESS without its consent.

### Key recent announcements:

- A. *20 October 2020*: Q1 FY21 trading update which included the announcement of a \$5.7m inventory provision related to hand sanitisers.<sup>16</sup>
- B. *27 October 2020*: \$27m acquisition of Global Therapeutics, \$36.5m institutional placement at \$2.27 per share (vs share price of \$1.22 on 24 March 2021<sup>17</sup>) and up to \$10m share purchase plan.<sup>18</sup>
- C. *1 December 2020*: Trading update (provided only 35 days after equity raise) detailing, amongst other things Dr. LeWinn's performance significantly below expectation, 1H FY21 earnings downgrade and withdrawal of specific full year guidance. **This indicates McPherson's significant lack of control, governance and understanding of their business, and has accelerated loss of market confidence in the company.**<sup>19</sup>
- D. *10 December 2020*: Resignation of CEO Laurie McAllister (no reasons provided based on the announcement) and appointment of Grant Peck (non-executive Director) as Interim CEO.<sup>20</sup>
- E. *17 February 2021*: Release of 1H FY21 results, highlighting further underperformance and uncertainty surrounding Chinese export sales, and Global Therapeutics' ~\$1.2m sales revenue for the first month under McPherson's ownership, well below actual FY20 sales revenue of \$19.5m on a run-rate basis.<sup>21</sup>

**McPherson's share price prior to October 2020 is not an appropriate benchmark for value today.** Its share price performance prior to October 2020 was heavily leveraged to brands including Dr. LeWinn's, A'kin and its strategic investments. Many of these aspects, particularly Dr. LeWinn's exports to China, have since disappointed and there remains material uncertainty as to future performance which may continue to impact the McPherson's share price.

<sup>16</sup> Based on page 1 of the 1H FY21 trading update released on 20 October 2020.

<sup>17</sup> Last trading day prior to lodgment of this Bidder's Statement.

<sup>18</sup> Based on the 20 October 2020 ASX announcement "Global Therapeutics Acquisition & Equity Raise".

<sup>20</sup> Based on page 1 of the 10 December 2020 ASX announcement "McPherson's CEO Change".

<sup>21</sup> \$1.2m revenue is based on page 1 of the 1H FY20 Appendix 4D released on 17 February 2021 and FY20 actual sales revenue of \$19.5m is based on page 15 of the "Equity Raising Presentation" released on 27 October 2020.

### **(b) Long history of underperformance compared to ASX All Ordinaries Index**

The McPherson's share price over the last 10 years has significantly underperformed the ASX All Ordinaries Index by ~107%, as illustrated in Figure 4 below.

*Figure 4: McPherson's share price performance vs. All Ordinaries Index to 24 March 2021<sup>22</sup>*

### **4.3 Leadership instability and lack of transparency provides no confidence performance can be improved**

#### **(a) Significant leadership instability and inexperience**

Grant Peck's appointment as Interim CEO represents the third CEO McPherson's has had in the past 5 years (with potential for a fourth shortly),<sup>23</sup> demonstrating instability in the Company's leadership and the inherent risks in delivering upon strategy and financial performance.

Grant Peck does not appear to have the required skills and experience to lead the Company through these turbulent times:

- no previous experience running an ASX-listed public market company;<sup>24</sup> and
- limited experience in the health, wellness and beauty products sector, with a large part of his career spent in the food and beverages industry.<sup>25</sup>

#### **(b) Lack of transparency raises a number of red flags over the Board and management's understanding of the business**

Bidder is concerned with McPherson's lack of transparency surrounding various recent material events, and believes they raise critical questions regarding disclosure and the Board and management's understanding of the business:

<sup>22</sup> IRESS closing price data shown from 24 March 2011 to 24 March 2021.

<sup>23</sup> Based on McPherson's announcements - 22 August 2016 (Paul Maguire retires and Laurie McAllister appointed) and 10 Dec 2020 (Laurie McAllister resigns and Grant Peck appointed as interim CEO).

<sup>24</sup> Based on Grant W. Peck's biography as per the page 32 of the FY20 Annual Report.

<sup>25</sup> Based on Grant W. Peck's biography as per the page 32 of the FY20 Annual Report.

- **No clarity with respect to its China operations** – McPherson's cites COVID-19 as a reason for the poor performance in the 11/11 sales event and Q4 CY2020, but is unable to provide confidence on the potential turn-around of the brand.

Despite Access Brand Management (**ABM**), McPherson's joint venture partner in China, on 1 December 2020 forecasting sales growth of 40-50% in Dr. LeWinn's to its reseller community in CY2021,<sup>26</sup> there remains significant uncertainty and lack of clarity in relation to Dr. LeWinn's China export performance.

Given the completion of the Women's Day shopping event in China (8 March 2021), we would expect McPherson's to provide an update as to current performance in this crucial market segment.

- **Lack of transparency surrounding the sudden resignation of previous CEO, Laurie McAllister** – concerning, no reason was provided, and the timing is at odds with the insistence that the profit downgrade delivered on 1 December 2020 (~1 month post the equity issuance) was as a result of externalities in the China export market.

Bidder believes the sustained underperformance and recent headwinds, instability in the crucial leadership position of CEO, and lack of transparency and clarity only further increases the risk of McPherson's performance deteriorating and therefore increases the risk to McPherson's shareholders.

#### 4.4 McPherson's poor M&A track record suggests further acquisitions will present risk to the business

McPherson's has clearly demonstrated a poor track record of M&A execution, having impaired 5 out of 8 acquisitions and equity investments, made over the past 10 years (includes investments that are greater than \$3m only).<sup>27</sup>

*Table 2: McPherson's acquisitions since FY11 and their relative impairments (excl. acquisition and investment for less than \$3.0m)*

Date acquired/invested	Business	Amount invested <sup>28</sup> (\$m)	Amount impaired (\$m)
30 November 2020	Global Therapeutics <sup>29</sup>	\$27.5m	
FY20	Aware Group <sup>30</sup> (10.7% equity investment)	\$6.0m	\$4.0m

<sup>26</sup> Based on page 1 of "McPherson's Trading Update" released on 1 December 2020.

<sup>27</sup> Based on review of Business Combination, Acquisitions and Investment in Joint Ventures sections of the Notes to and forming part of the Financial Statements section of Annual Reports over FY11-20, and Appendix 4D for 1H FY21, excludes acquisitions, equity investments and investment in joint ventures that are less than \$3m.

<sup>28</sup> Includes potential contingent consideration at the time of acquisitions.

<sup>29</sup> Based on page 1 of 1H FY21 Appendix 4D, as of 17 February 2021.

<sup>36</sup> Based on page 72 of the FY12 Annual Report, impairment based on page 17 of the FY20 Annual Report.

Furthermore, following McPherson's acquisition of Global Therapeutics on 27 October 2020, the business has delivered only \$1.2m<sup>37</sup> of sales revenue in December 2020, implying annualised run-rate of ~\$14.1m which is below the FY20 actual sales revenue of \$19.5m.<sup>38</sup> It is unclear as to how Global Therapeutics is currently performing and whether it is now meeting prior expectations, or whether it too is at risk of impairment.

Despite its poor track record, McPherson's has guided that the Company will continue to explore further accretive acquisitions in the health, wellness and beauty space over the medium to long term. There is real risk that this could lead to more future impairments and shareholder value destruction.

Moreover, since FY 16 McPherson's has reported total impairment of goodwill, brand value and investments, inventory write-downs and restructuring costs of ~\$56.7m.<sup>39</sup>

This consistent need for one-off adjustments to earnings demonstrates a poor track record in acquisition and operational management. The risk of these consistent "one-offs" reappearing creates further pressure on McPherson's earnings outlook and shareholder price performance.

#### **4.5 McPherson's is in need of a turnaround, which will take time and requires management stability and enhanced capability. Therefore sustainable growth in sales revenue and earnings is highly uncertain**

McPherson's is at a critical juncture, with sales revenue and EBITDA (refer to section 4.1 of the bidder statement) declining over the past 5 years, with there being significant management instability and disruption, and with uncertainty over its key growth market, China.

Kin Group believes a deep operational review of the business will be required, before a strategy can be employed to arrest decline in financial performance and return the business to growth.

McPherson's operates in a highly competitive industry and there can be no assurance on the success of any turn-around, requirement of any additional capital (including equity), and the timeframe to achieve a turnaround.

<sup>37</sup> Sales revenue for the period of 1 December 2020 to 31 December 2020, based on page 1 of McPherson's 1H FY21 Appendix 4D.

<sup>38</sup> \$1.2m revenue is based on page 1 of the 1H FY20 Appendix 4D as of 17 February 2021 and revenue of \$19.5m on run-rate basis is based on page 15 of the "Equity Raising Presentation" released on 27 October 2020.

<sup>39</sup> On a pre-tax basis based on review of the significant items section of the FY16 to 1H FY21 financial reports and financial reports media release. Includes impairment of intangibles and investments, inventory write-down and restructuring costs. \$42.7m in impairments of intangibles and investments, \$6.1m in inventory write-downs and \$7.9m in restructuring costs.

#### 4.6 100% cash consideration: certain and immediate value at an attractive price

The Offer Price represents an attractive premium to McPherson's historical trading prices, as illustrated by Figure 5.

Figure 5: Offer premium relative to recent trading prices<sup>40</sup>

This Offer is **unconditional**. This means you can sell any or all of your McPherson's Shares for 100% cash consideration at \$1.34 per share on market immediately and be paid cash two Trading Days after your acceptance.

If you remain a shareholder in McPherson's, the future value of McPherson's Shares would be exposed to a number of risks including:

- further deterioration in McPherson's financial performance, which may also impact dividend payouts;
- lack of stable, experienced leadership at a time of significant uncertainty;
- reliance on the Chinese market to drive sales growth;
- consistent 'one-off' impairments and other impacts reappearing in future periods;
- long and uncertain turnaround required with significant execution risk; and
- general market and liquidity risks associated with maintaining a shareholding in McPherson's.

As a result, McPherson's shareholders may find it difficult to realise a cash return for their McPherson's Shares at an amount of \$1.34 or above in the absence of accepting the Offer.

If you wish to sell only some (and not all) of your McPherson's Shares, you are permitted to do so.

Page 6 of this Bidder's Statement provides instructions on how you may accept the Offer.

The offer is not subject to any financing or due diligence conditions.

#### **4.7 McPherson's share price may fall after the Offer closes**

As at the date of this Bidder's Statement, no other party has announced an offer to acquire all of McPherson's Shares or any alternative control transaction.

If no other offers are made for the Shares, McPherson's share price may fall below the Offer Price after the Offer closes.

## **9 Information on McPherson's securities**

### **9.1 Disclaimer**

Bidder has prepared the information about McPherson's securities contained in this Bidder's Statement from publicly available information. This information has not been independently verified by Bidder. Accordingly, Bidder makes no representation or warranty as to the accuracy or completeness of such information and assumes no responsibility for it. Further information relating to McPherson's securities may be included in the Target's Statement which McPherson's must provide in response to this Bidder's Statement.

### **9.2 McPherson's issued securities**

According to documents lodged by McPherson's with ASX, as at the date of this Bidder's Statement, McPherson's has the following securities on issue:

- (a) 128,403,460 McPherson's Shares; and
- (b) 3,838,000 Performance Rights under the McPherson's Limited Performance Rights Plan.

Bidder expects that the Target's Statement will clarify the status of the Performance Rights.

### **9.3 McPherson's Performance Rights**

McPherson's Performance Rights Plan was established to form the basis of McPherson's ongoing long-term incentive scheme for selected senior employees.

Under the Performance Rights Plan the McPherson's Board has discretion to grant Performance Rights to executives selected by the Board, which are exercisable into ordinary shares.

Performance Rights vest if:

- certain performance conditions (relating to earnings per share CAGR and total shareholder return CAGR) are met; and
- the executive is still employed by McPherson's at the end of the vesting period, or where not employed at the end of the vesting period is deemed to be a "good leaver" by the Board.

The Board also has discretion to permit vesting in certain circumstances in connection with a takeover (see section 9.4 below).

To the extent that any Performance Rights vest and are exercised, the Offer will extend to the McPherson's Shares that are on issue during the Offer Period.

### **9.4 Effect of the Offer on Performance Rights**

Under the McPherson's Limited Performance Rights Plan, the Board may determine that Performance Rights have vested and may be exercised, regardless of whether the exercise conditions have been satisfied, in circumstances including:

- where a takeover bid is made in respect of McPherson's and the Board recommends acceptance to shareholders;
- any similar event involving a change in ownership or control of McPherson's has occurred or is likely to occur; and

- any other event as determined by the Board in its absolute discretion.

Whether or not unvested Performance Rights will vest is subject to Board discretion, the Performance Rights will not vest automatically.

Kin Group expects that the Target's Statement will explain how the Offer affects the McPherson's Performance Rights, however Kin Group expects that the Board will not exercise its discretion to vest the Performance Rights unless the Bidder acquires voting power of more than 50% of the McPherson's Shares. Bidder reserves its rights to withdraw unaccepted offers if the McPherson's Board exercises this discretion before Bidder has acquired voting power in more than 50% of the McPherson's Shares.

## **9.5 Bidder's interests in McPherson's securities**

As at the date of this Bidder's Statement and the date of the Offer:

- Bidder's voting power in McPherson's is 4.95%; and

## **9.6 Dealings in McPherson's Shares in the previous four months**

The highest price paid per McPherson's Share during this period was \$1.3350 per share. Further details of the on-market purchases of McPherson's Shares on behalf of Kin Group during the four months before the date of this Bidder's Statement are provided in Schedule 1 of this Bidder's Statement.

- accept the Offer; or
- dispose of McPherson's Shares,

and which is not offered to all holders of McPherson's Shares under the Offer.

## **9.9 No escalation agreements**

## 10 Bidder's intentions in relation to McPherson's

### 10.1 Introduction

This section 10 sets out the Bidder's intentions in relation to:

- (a) the continuation of McPherson's business and assets;
- (b) any major changes to be made to the business of McPherson's, including any redeployment of the assets of McPherson's; and
- (c) the future employment of the present employees of McPherson's and the future appointment of the McPherson's directors.

These intentions are based on the information concerning McPherson's, its business and the general business environment which is known to the Bidder at the time of preparation of this Bidder's Statement.

Given that Bidder has not had the benefit of a due diligence investigation into McPherson's, Bidder does not currently have full knowledge of all material information, facts and circumstances that are necessary to assess the operational, commercial, tax and financial implications of its current intentions. Final decisions regarding these matters will only be made by Bidder in light of material information and circumstances at the relevant time. Accordingly, the statements set out in this section 10 are statements of current intent only (based on publicly available information) which may change as new information becomes available to Bidder or as circumstances change.

The intentions of Bidder described in this section 10 reflect the intentions of Kin Group as the parent company of Bidder.

### 10.2 Post Offer review

After the Offer Period, Bidder intends to undertake a general review of McPherson's operations covering current strategy, financials and operating matters (see further in section 10.3(b)).

Following this review, Bidder will give further consideration to its intentions set out in this section 10. Final decisions will only be reached after that review has been concluded and the results have been evaluated in light of all material information, facts and circumstances that exist at the time.

Consequently, the statements set out in this section 10 are statements of Bidder's current intentions only and may vary as circumstances and further information arise. The statements and intentions set out in this section should be read in that context.

### 10.3 Intentions for McPherson's as a wholly-owned controlled entity

This section 10.3 describes the intentions of Kin Group if at the end of the Offer Period, Kin Group acquires a Relevant Interest in at least 90% (by number) of the McPherson's Shares on issue.

#### (a) Corporate matters

If Bidder acquires a Relevant Interest in 90% of the McPherson's Shares, it will become entitled to proceed to compulsory acquisition of outstanding McPherson's Shares in accordance with Part 6A.1 of the Corporations Act. As at the date of this Bidder's

Statement, Bidder intends to proceed to compulsory acquisition if permitted under Part 6A.1 of the Corporations Act.

In the circumstance that Bidder exercises any right to proceed with compulsory acquisition, its current intentions are as follows:

- arrange for McPherson's to be removed from the official list of ASX;
- amend the constitution of McPherson's to reflect that it is a wholly owned subsidiary of Kin and seek to convert McPherson's from a public company to a proprietary limited company; and
- Bidder has not determined the precise size or composition of the McPherson's Board in such circumstances, however Bidder will replace some or all of the McPherson's Board with its nominees. The nominees who are likely to be considered by Bidder for appointment to the McPherson's Board are one or more of the Bidder's directors, or a suitable external director or directors with appropriate experience who may be identified and recruited as the transaction progresses.

**(b) General business review**

Bidder intends to conduct a general review of McPherson's on both a strategic and operational level to evaluate McPherson's performance, profitability and future growth prospects. The objective of the general review is to impartially and critically assess the existing challenges that McPherson's is facing such as the declining revenue and earnings and the historical investments and acquisitions in order to develop the strategy for the business to refocus on its near-term performance and long-term growth opportunities. Bidder's primary short-term objective will be focused on repairing McPherson's financial performance and to bring about leadership stability.

The general business review is expected to take 2 – 3 months to complete and will encompass all aspects of McPherson's business from supply and supplier arrangements, investments and joint ventures, warehousing and logistics, brands and licensing, global market and category trends and cost control.

At the end of the Offer Period, Bidder intends to increase its overall influence on the day to day operations of McPherson's business. Bidder's overall intention is to ensure McPherson's business operates efficiently and competitively.

The Bidder intends to utilise its operational expertise and experience to assist McPherson's in managing its business with the priorities focused on ensuring that the business:

- sets a business strategy that is simple and achievable recognising the growth and continual innovation that is driving the health and beauty segment and executes on this business strategy;
- has a leadership team in place that will be stable, aligned and motivated to develop and achieve the business strategy; and
- is consistent with its reporting and accountable for investment activities.

Until Bidder has undertaken its general review, it is not able to determine whether any change to McPherson's current stated dividend policy will be required. Until completion of that review, there is no intention to make any change to McPherson's current dividend policy.

(c) **Management and employees**

Bidder recognises McPherson's employees to be an integral part of the McPherson's business' success. The McPherson's business relies on the motivations and the quality of its 420 plus team members.

Bidder looks forward to working constructively with all employees in an open and transparent manner. Bidder is committed to maintaining McPherson's ability to be an attractive employer.

Bidder does not have any present intention to materially reduce or increase McPherson's current staffing levels and will work with McPherson's management team when undertaking the review of McPherson's operations.

**10.4 Intentions for McPherson's if Bidder acquires 50.1% or more of McPherson's Shares**

This section 10 describes Bidder's intentions if it has voting power in McPherson's of 50.1% at the close of the Offer, but Bidder is not entitled to proceed to compulsory acquisition in accordance with Part 6A.1 of the Corporations Act.

(a) **Corporate matters**

Bidder presently considers that the advantages of remaining listed on the ASX outweigh the disadvantages and Bidder has no current intentions to cause McPherson's to cease to remain listed on the ASX.

(b) **General operational review and review of management and employees**

If Bidder controls McPherson's following the close of the Offer, Bidder currently intends to endeavour to procure that the McPherson's Board acts consistently with the intentions of Bidder set out in section 10.3(b) and 10.3(c) above.

(c) **McPherson's board**

Subject to the Corporations Act and McPherson's constitution and all other relevant matters, Bidder intends to seek Board representation so that Bidder nominees are commensurate with Bidder's shareholding in McPherson's.

The identity of the proposed nominees to the McPherson's Board will be the subject of discussion with the McPherson's Board at the relevant time. Such nominees may include current directors of Bidder and, to the extent Bidder identifies suitable external talent with appropriate experience, Bidder will also consider discussing their nomination to the McPherson's Board. Any decisions as to these matters will be made subject to those discussions.

**10.5 Intentions for McPherson's if Bidder acquires less than 50.1% of McPherson's Shares**

If Bidder has less than 50.1% voting power in McPherson's at the close of the Offer, it intends to:

- (a) seek to obtain representation on the McPherson's Board which is at least consistent with its proportionate shareholding;
- (b) work with the McPherson's Board to implement the intentions of Bidder as set out in sections 10.3(b) and 10.3(c) above to the extent possible and appropriate; and

- (c) gain a more detailed understanding of the business assets and operations in order to evaluate performance, profitability and prospects of McPherson's in light of the information then available to Bidder.

#### **10.6 Limitation on ability to implement intentions**

The intentions and statements of future conduct set out in this section 10 must be read as being subject to:

- (a) the law (including the Corporations Act) and the ASX Listing Rules, including in particular the requirements of the Corporations Act and the ASX Listing Rules in relation to conflicts of interest and "related party" transactions given the Bidder is or will be a related party of McPherson's for these purposes; and
- (b) the legal obligations of the McPherson's directors at the time, including any nominees of the Bidder, to act in good faith in the best interests of McPherson's Shareholders and for proper purposes and to have regard to the interests of all McPherson's Shareholders.

Accordingly, this section 10 must be read and understood on this basis.

## 11 Sources of consideration

### 11.1 Total cash consideration

The consideration for the acquisition of the McPherson's Shares to which the Offer relates will be satisfied wholly in cash.

At the Announcement Date, McPherson's has 128,403,460 shares on issue. If acceptances are received for all McPherson's Shares on issue (which the Bidder does not already own) or if Bidder becomes entitled to and exercises the right of compulsory acquisition under the Corporations Act, the amount of cash consideration that Bidder would be required to pay would be approximately \$163,551,636.

In addition, if all unvested Performance Rights vest in accordance with the terms of their issue, and the holders exercise those Performance Rights and accept the Offer in respect of the McPherson's Shares issued to them, an additional \$5,142,920 will be payable by Bidder under the Offer. Accordingly, the maximum amount that Bidder could be required to pay under the Offer is \$168,694,556 (**Maximum Cash Consideration**).

### 11.2 Bidder funding arrangements

The consideration for the acquisition of McPherson's Shares under the Offer will be paid by Bidder having been funded by borrowings or equity subscriptions from entities within Kin Group. Each of these entities will in turn be funded by Bidder's parent entity, Kin Group, which has irrevocably agreed to provide such funds (directly or through its related entities) up to the Maximum Cash Consideration, plus an amount for transaction costs (**Total Aggregate Amount**).

Bidder is not permitted under the terms of those arrangements to apply those funds for any other purpose.

Kin Group has through its group companies, cash reserves deposited at Australian banks in excess of the Total Aggregate Amount and the funds committed by Kin to Bidder are internally allocated for this transaction and are not required for any other arrangements or obligations of Kin Group or its subsidiaries.

For further information about Kin Group and its business interests and background, please refer to section 7.

Under the intercompany arrangements:

- (a) funding is not subject to any conditions; and
- (b) repayment cannot be called for until after Bidder has met all of its obligations under the Offer.

### 11.3 Payment of cash consideration

Having regard to the matters set out above, Bidder is of the opinion that it has a reasonable basis for forming, and it holds, the view that it will be able to pay the Maximum Cash Consideration required for the acquisition of McPherson's Shares pursuant to the Offer. The Offer is not subject to any financing conditions.

## 12 Tax considerations

### 12.1 Introduction

The following is a general description of the Australian income tax, GST, CGT and stamp duty consequences for McPherson's Shareholders who accept the Offer to dispose of their McPherson's Shares in return for cash consideration.

The comments below are relevant only to those McPherson's Shareholders that hold their McPherson's Shares on capital account.

The Australian tax consequences may differ for those McPherson's Shareholders who acquired their McPherson's Shares under an employee share or option scheme, hold McPherson's Shares on revenue account or as trading stock, or who are subject to the taxation of financial arrangements regime in Division 230 of the *Income Tax Assessment Act 1997* (Cth) and have made certain elections (e.g. to apply the fair value or reliance on financial reports methodologies).

The following tax comments are based on the tax law in Australia in force as at the date of this Bidder's Statement. This summary is general in nature and is not intended to be an authoritative or complete statement of all potential tax implications for every investor or relied upon as tax advice.

Investors should seek their own independent professional advice on the Australian and foreign taxation implications of disposing of their McPherson's Shares, taking into account their own specific circumstances.

### 12.2 Australian resident McPherson's Shareholders

#### CGT consequences of accepting the Offer

Acceptance of the Offer by Australian resident McPherson's Shareholders will involve the disposal of their McPherson's Shares by way of transfer. This disposal will constitute a CGT event for Australian CGT purposes.

The time of the CGT event is when a McPherson's Shareholder disposes of their McPherson's Shares. McPherson's Shareholders should be taken to have disposed of their McPherson's Shares for CGT purposes when the contract to sell their McPherson's Shares is formed, which should be the date of acceptance of the Offer.

#### Calculation of the gain or loss

McPherson's Shareholders that acquired their McPherson's Shares on or after 20 September 1985 may make a capital gain or loss on the disposal of their McPherson's Shares. A capital gain will arise where the capital proceeds received on disposal exceeds the cost base of the McPherson's Shares. Alternatively, a McPherson's Shareholder will make a capital loss on the disposal of their McPherson's Shares to the extent that the capital proceeds on disposal are less than the reduced cost base of the McPherson's Shares.

The capital proceeds should be equal to the Offer Price. The cost base of the McPherson's Shares is broadly the amount paid to acquire the McPherson's Shares plus any incidental costs of acquisition and disposal (e.g. brokerage). The reduced cost base is calculated in a similar, but not identical, manner.

Capital gains and capital losses (including prior year capital losses) of a taxpayer are netted off in a year of income to determine if there is a net capital gain or loss. If a McPherson's

Shareholder makes a net capital gain in a year, this amount is, subject to the following comments, included in the McPherson's Shareholder's assessable income.

If a McPherson's Shareholder makes a net capital loss in a year, this amount is carried forward and is available to offset against capital gains derived in subsequent years, subject in some cases to the McPherson's Shareholder satisfying certain rules relating to the recoupment of carried forward losses.

#### CGT discount

A CGT discount may be available to reduce any capital gain made by Australian resident McPherson's Shareholders who are individuals, trustees or complying superannuation entities provided the particular shares are held for at least 12 months prior to sale. Any current year or carry forward capital losses should be offset against the capital gain before the CGT discount is applied.

The CGT discount for individuals and trusts is 50% and for complying superannuation entities is 33⅓%. In relation to trusts, the CGT discount may flow through to presently entitled beneficiaries of the trust where the beneficiaries would themselves be entitled to apply the CGT discount.

#### Indexation

Where a McPherson's Shareholder acquired McPherson's Shares at or before 11.45am AEST on 21 September 1999 and is an individual, complying superannuation entity or the trustee of a trust, the McPherson's Shareholder may choose to adjust the cost base (but not the reduced cost base) of their McPherson's Shares, to the extent it includes expenditure incurred at or before that time, to include indexation by reference to changes in the consumer price index from (generally) the calendar quarter in which the expenditure was incurred until the quarter ended 30 September 1999. These indexation adjustments are taken into account only for the purposes of calculating a capital gain; they are ignored when calculating the amount of any capital loss.

McPherson's Shareholders that make this choice are not entitled to apply the CGT discount.

### **12.3 Non-Australian resident McPherson's Shareholders**

McPherson's Shareholders who are not residents of Australia for Australian tax purposes and who do not hold their McPherson's Shares through a permanent establishment in Australia should generally only be subject to Australian CGT on the disposal of their McPherson's Shares where:

- The non-Australian resident McPherson's Shareholder, together with its 'associates' (as defined in section 318 of the *Income Tax Assessment Act 1936* (Cth)), held a combined interest of 10% or more of McPherson's issued securities at the time of disposal or for a continuous 12 month period within the 24 months prior to disposal; and
- At the time of the disposal, more than 50% of the market value of the assets of McPherson's is represented (directly or indirectly) by 'taxable Australian real property', being real property situated in Australia (including leases of land situated in Australia), and mining, quarrying and prospecting rights over minerals, petroleum or quarry materials situated in Australia.

### **12.4 Non-resident CGT withholding**

Broadly, where a foreign resident disposes of certain direct or indirect interests in taxable Australian real property, the purchaser is required to withhold an amount from the purchase

price and pay that amount to the Australian Taxation Office. The current rate of withholding is 12.5%.

The sale of the McPherson's Shares through acceptance of the Offer should not be subject to this withholding because this is an on-market transaction. McPherson's Shares disposed of on an approved stock exchange (including the ASX) are an 'excluded transaction' for the purposes of this withholding.

## **12.5 Stamp Duty**

There will be no stamp duty payable by McPherson's Shareholders on the disposal of their McPherson's Shares.

## **12.6 GST**

There will be no GST payable by McPherson's Shareholders on the disposal of their McPherson's Shares other than GST payable to your Broker in respect of brokerage charged to you.

McPherson's Shareholders should seek independent professional advice regarding whether they are able to claim GST credits on brokerage and other expenses associated with the disposal of their McPherson's Shares.
