## VITASORA RAISES \$11M FOLLOWING STRONG SUPPORT FROM INSTITUTIONAL AND LONG TERM SHAREHOLDERS

### Highlights

- Vitasora raises \$11 million, following strong support from institutional and long term shareholders.
- Funds will support the Company through to cash flow breakeven in H2 FY2026, providing working capital to fund rapid growth.
- Strong investor support reflects confidence in Vitasora's ability to deliver at scale, following the timely execution of the TPAC Agreement and continued expansion of programs with existing clients.
- CEO and Chairman committed to participate for a total of \$500,000, subject to shareholder approval.

**Vitasora Health** Limited (ASX:VHL; OTCQB:VHLUF) ("Vitasora" or "the Company"), formerly known as Respire Limited (ASX:RSH; OTCQB:RSHUF), a leader in the delivery of AI-powered, Connected Care solutions in the U.S. healthcare market, is pleased to announce that it has received firm commitments to raise approximately \$11 million (before expenses) via a placement to sophisticated, professional and institutional investors ("Placement").

The Placement was well supported, reflecting growing investor confidence in the Company's strategy, execution capability and market opportunity. This included participation from new institutional investors and a key investor contributing approximately \$6.75 million (USD\$4.5 million). The Placement (excluding Director Shares) will comprise the issue of approximately 350 million fully paid ordinary shares at an issue price of \$0.03 per Share, representing a 16.2% discount to the 5-day VWAP of \$0.0358 per Share utilising the Company's Placement capacity.

A total of 194 million Shares in accordance with the Company's Placement capacity under ASX Listing Rule 7.1 and 156 million Shares in accordance with the Company's Placement capacity under ASX Listing Rule 7.1A.

The net proceeds of the Placement will be used to fund:

- Expanded clinical operations and program delivery
- Technology platform enhancements and client system integration
- Client Key Account Management
- Sales, business development, and marketing
- Regulatory and compliance
- Working capital and offer-related costs

This capital raise ensures that Vitasora is fully funded through to cash flow breakeven in H2 FY2026, supporting the Company's continued growth and commercial rollout across its client base.

Commenting on the outcome of the Placement, Marjan Mikel, CEO of Vitasora, said:

*"We are very pleased with the outcome of this raise, which exceeded our original target and attracted strong support from high-quality institutional and long term shareholders. This result reflects confidence in our delivery, particularly following the successful execution of the expanded Value-based TPAC partnership. We're building a scalable, high-performance business with measurable impact—and now we're funded to see that through."*

## Investor Outlook

Investor demand was underpinned by Vitasora's consistent delivery across all aspects of operational execution, reinforcing confidence in the Company's ability to meet its commitments reliably and at scale.

Key drivers included:

- Successful, on-time execution of the TPAC agreement, which exceeded client expectations and led to its expansion into a value-based care agreement
- Broader expansion of contracted scope with other existing clients
- Strengthening of strategic client relationships across the portfolio
- Acceleration of the near-term sales pipeline, including multiple high-value opportunities

The success of this capital raise reflects strong market endorsement of Vitasora's execution capability, strategic positioning, and near-term growth potential. With additional commercial 'wins' anticipated in H2 CY 2025 and continued momentum from expanding value-based agreements, the Company is well positioned to scale efficiently, deliver measurable outcomes, and generate long-term shareholder value.

## Advisors

Bell Potter Securities Limited and MST Financial Services Pty Ltd acted as Joint Lead Managers (JLMs) to the Placement.

An Appendix 3B for the Placement will be lodged on ASX today.
