## Notes to the financial statements

### Note 1. Material accounting policy information

These general purpose financial statements for the interim half-year reporting period ended 31 December 2023 have been prepared in accordance with Australian Accounting Standard AASB 134 'Interim Financial Reporting' and the Corporations Act 2001, as appropriate for for-profit oriented entities. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 'Interim Financial Reporting'.

These general purpose financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these financial statements are to be read in conjunction with the annual report for the year ended 30 June 2023 and any public announcements made by the Company during the interim reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001.

The principal accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period, unless otherwise stated.

### New or amended Accounting Standards and Interpretations adopted

The Company has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

The adoption of these Accounting Standards and Interpretations did not have any significant impact on the financial performance or position of the Company.

### Going concern

The financial statements have been prepared on the going concern basis, which assumes continuity of normal business activities and the realisation of assets and the settlement of liabilities in the ordinary course of business.

The working capital position as at 31 December 2023 of the Company, as disclosed in the statement of financial position, is an excess of current assets over current liabilities of \$11,712 (30 June 2023: excess of current liabilities over current assets of \$13,036,868). The Company incurred a net profit after tax for the financial period ended 31 December 2023 of \$12,867,741 (31 December 2022: loss of \$2,227,000). The profit for the period was generated through the debt forgiveness on settlement of the DOCA and the thus there was no cash inflow in respect of this gain. The Company also had net cash outflows from operating activities of \$174,500 (31 December 2022: \$291,699) from continuing operations for the half-year period ended 31 December 2023.

These conditions give rise to a material uncertainty that may cast significant doubt about the Company's ability to continue as a going concern and, therefore, that it may be unable to realise its assets and discharge its liabilities in the normal course of business.

Notwithstanding these results, the directors believe that the company will be able to continue as a going concern and as a result the financial statements have been prepared on a going concern basis. The accounts have been prepared on the assumption that the company is a going concern for the following reasons:

- During the period, the Company has finished its Deed of Company Arrangements (DOCA), which rendered the company debt-free as of 9 November 2023. Administrators were successful in raising capital that covered the DOCA and left the Company with a small starting capital. The company does not operate any business or generate any revenue, but
- The major shareholder that emerged from the capital raising made commitments to the Company to finance its day-to-day expenses. The Directors also have committed to not take any fees until the Company finds a business to acquire via a reverse-takeover and are currently exploring potential business opportunities. The Company does not incur any significant expenses and the Board is of the opinion that the Company has access to sufficient financing until then.

This financial report does not include any adjustments relating to the recoverability and classification of recorded asset amounts or to the amounts and classification of liabilities that might be necessary should the Company not continue as a going concern.

## Note 2. Critical accounting judgements, estimates and assumptions

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts in the financial statements. Management continually evaluates its judgements and estimates in relation to assets, liabilities, contingent liabilities, revenue and expenses. Management bases its judgements, estimates and assumptions on historical experience and on other various factors, including expectations of future events, management believes to be reasonable under the circumstances. The resulting accounting judgements and estimates will seldom equal the related actual results.

### Recovery of deferred tax assets

Deferred tax assets are recognised for deductible temporary differences only if the Company considers it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

## Note 3. Operating segments

### Identification of reportable operating segments

As of 1 May 2023, the Company ceased its operations in respect of provision of labour hire services. The Company entered into Voluntary Administration on 1 May 2023, and all of its assets, including all subsidiaries, were either sold or otherwise liquidated. The Company has executed a Deed of Company Arrangements that was finalised on 9 November 2023, at this time the Company was released of its financial obligations. The Company is now inactive, while the Directors are investigating possible business opportunities, hence it had no reportable segments for the half-year period ended 31 December 2023.

## Note 4. Other income

We have also fulfilled our other ethical responsibilities in accordance with the Code.

## Material Uncertainty Related to Going Concern

We draw attention to Note 1 of the half-year financial report which indicates that the Company is not currently actively trading and during the half-year ended 31 December 2023 generated no revenue and incurred net operating cash outflows of \$174,500. These conditions, along with other matters as set forth in Note 1, indicate the existence of a material uncertainty which may cast significant doubt about the Company's ability to continue as a going concern and therefore, the Company may be unable to realise its assets and extinguish its liabilities in the normal course of business and at the amounts stated in the financial report. Our conclusion is not modified in respect of this matter.

## Responsibilities of the directors for the financial report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

## Auditor's responsibilities for the review of the financial report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Company's financial position as at 31 December 2023 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
