## **XRF's CEO appointed as MD**

The Board of XRF Scientific Ltd is pleased to advise that CEO Vance Stazzonelli has been appointed as Managing Director. The appointment strengthens the Board and adds balance by providing executive representation. Given Mr Stazzonelli's extensive knowledge of the Company and the industry, the Board expects the addition of the Managing Director role to be of benefit to the Company during its current growth phase.

No additional remuneration will be paid to Mr Stazzonelli as part of the appointment, and his contracted terms of employment remain unchanged to those disclosed in the 2017 Annual Report.

### **About XRF Scientific:**

XRF Scientific Limited is an Australian listed company (ASX: XRF) based in Perth, Western Australia. XRF manufactures equipment and chemicals, which are distributed to production mines, construction material companies and commercial analytical laboratories, in Australia and overseas, and used in the preparation of samples for analysis.

XRF has manufacturing, sales and support facilities located in Perth, Melbourne, Europe and Canada, plus a global network of distributors. The Company has representation in the United States, South America, Africa, the Middle East and Asia and has a customer base that includes multinational blue-chip customers such as:- BHP Billiton, Rio Tinto, Vale, South 32, Glencore, Alcoa, Lafarge, Holcim, ArcelorMittal, CSIRO, Intertek, Bureau Veritas, SGS and ALS.

XRF's technology is used to measure the composition and purity of materials and is mainly applied in industrial quality control and in process control for manufacturing processes in industries such as metals and mining, construction materials, chemicals and petrochemicals.

XRF's products help customers to improve product quality and performance, increase productivity and yield and reduce downtime and waste. Its businesses have established positions in their specialised markets.
