

Outcome of CEFC and Plenti Independent Review

Plenti Group Limited (ASX:PLT) (**Plenti** or the **Company**) is pleased to advise it has received a letter from the Department of Industry, Science, Energy and Resources (the **Department**) detailing the findings of an independent review of the Clean Energy Finance Corporation's (**CEFC**) project and investment decisions relating to Plenti (previously named RateSetter).

The letter advised the Company of the following findings:

- "all CEFC project and investment decisions in relation to RateSetter are compliant with its legislative obligations and investment mandate;
- no evidence was found that the CEFC facilitated improper preferential treatment for RateSetter in relation to SA Home Battery or NSW Empowering Homes Pilot programs; and
- there is no evidence to suggest arrangements in place for current and future planned projects between CEFC and RateSetter are not appropriate."

Plenti has been notified that the Department expects to release a copy of the CEFC Review Outcomes Report, dated July 2020, on its website today.
