## **ASX ANNOUNCEMENT**

### **Netlinkz China enters into a new city in China**

NetLinkz Limited (ASX:NET) (**Company** or **NetLinkz**) is pleased to announce that it has further expanded its reach within the China Telecom network.

China Telecom Nanjing intends to incorporate the Vin and VSP product into China Telecom Proprietary CRM system.

Mr Yang CEO of Netlinkz China said “this is a significant development for Netlinkz as it integrates the product into China telecom eco system making sales and support far more efficient”.

Mr James Tsiolis Chairman of Netlinkz stated “this latest development highlights the continued cooperation between Netlinkz and China Telecom which is further evidenced by the month on month sales increases we are seeing within the network”.

China Telecom Nanjing is the head office of China Telecom Jiangsu. Nanjing has a metropolitan population of 11.7m. Nanjing is the second largest city in the east China region.

China Telecom Nanjing is the headquarters for City Cloud. City Cloud is the second largest cloud company in China.
