

ASX Announcement**16/10/2015****SWL AWARDED \$59M CONTRACT FOR NSW NARELLAN ROAD UPGRADE**

Seymour Whyte Limited (ASX:SWL) is pleased to announce award of the \$59 million Narellan Road Upgrade (Stage B) contract by Roads and Maritime Services (RMS), delivering on the Group's NSW growth strategy.

The award expands the NSW transport infrastructure portfolio and demonstrates Seymour Whyte's position as a contractor of choice for Roads and Maritime Services.

Managing Director and CEO (Acting), David Wilson, said that the Group has a fully established and stable presence in NSW.

"We have won repeat business and experienced significant growth in the NSW market by consistently delivering projects successfully, safely and on time," Mr Wilson said.

"The NSW pipeline remains robust and the project award strengthens the Group for future opportunities, adding scale to our network through geography and the exceptional quality of our people."

The awarded contract is in addition to a number of RMS projects currently in delivery on the Great Western Highway, Central Coast Highway, and in Maitland, combined with other NSW airport and utilities projects for clients Sydney Airport and Sydney Water.

"We are encouraged by a number of active tenders within the NSW markets and in other states, and continue to pursue opportunities for the combined transport infrastructure and utilities businesses."

"Diversification into Victoria is progressing well with a new transport infrastructure office opened in Melbourne, and a number of major regional road upgrades in tender," Mr Wilson said.

The Narellan Road Upgrade (Stage B) includes approximately six kilometres of road and bridge construction, widenings, earthworks, pavements, drainage, and associated road infrastructure.

Construction will commence this year, with the contract expected to be completed by mid-2017.

Ends
