Set out below is commentary on the practical application of each of the ASX Principles noted above.

Principle 1: Lay solid foundations for management and oversight

Roles and Responsibilities

The Directors are responsible to the shareholders for promoting and managing the performance of the Company in both the short and longer term. Their focus is to enhance the interests of shareholders and other key stakeholders and to ensure the Company is properly managed. The functions, powers and responsibilities of the Board are governed by the *Corporations Act 2001* and general law.

The Board has established the respective roles and responsibilities of the Board and of senior executives and disclosed those roles in the Corporate Governance Charter which can be found on the Company's website.

Material Information on Directors

The Company provides shareholders with all material information regarding a proposed director in the meeting materials provided to shareholders. The Company undertakes background checks when appointing any new directors and also regularly liaises with Directors to ensure any changes to Directors' circumstances are known to the Company.

Written Agreements

Each Director and senior executive has a written contract with the Company setting out the terms of their appointment so that each party has a clear understanding of their roles and responsibilities.

Company Secretary

The Company Secretary's appointment is determined by the Board, and the Company Secretary is accountable to the Board, through the Chairperson, on all governance matters.

Diversity

The Company has a diversity policy regarding gender, age, ethnic and cultural diversity within the Corporate Governance Charter of the Company which is available on the Company website.

The following sets out the respective proportions of men and women on the Board and in senior executive positions across the whole of the group. For the purposes of this table "key management personnel" has the meaning given

in the Accounting Standard AASB 124 *Related Party Disclosure* as 'those persons having authority and responsibility for planning, directing and controlling the activities of the entity, directly and indirectly, including any director (whether executive or otherwise) of that entity' ("KMP") and senior managers and "senior management" means the key executive in the organisation reporting directly to KMP.

	Female (%)	Male (%)	Female (%)	Male (%)
Key Management Personnel	67	33	67	33
Senior management	22	78	20	80
Group	48	52	47	53

The Company complies with the requirement under the Workplace Gender Equality Act to make annual filings disclosing the Company's "Gender Equality Indicators" for the 12-month period ending 31 March.

Performance of Board and senior executives

The Board undertakes a regular self-assessment of the performance of the Board as a whole (including its Committees and governance processes) and as part of this process considers Board renewal as and when appropriate. Self-assessment of the performance of the Board and its Committees was undertaken during the 2022 financial year.

Performance of individual Directors is assessed against a range of criteria. This review includes assessing the ability of the Director to consistently create shareholder value, contribute to the development of strategies, participate in risk identification, mentoring senior management, consider the views of other Directors and members of management and key third party stakeholders. The performance assessment also considers the ability for the Directors to discharge their duties and obligations to the Company. The performance of each Director was assessed by the Remuneration Committee review in September 2021.

The performance review for senior executives is conducted based on specific key performance indicators ("KPI's") being achieved. KPI's include profit contribution, customer satisfaction, leadership contribution and portfolio management. A long-term incentives programme ("LTI") has been set to align the targets of the Consolidated Entity's five year plan with the targets of the responsible executives. Due to the restructuring of the business, the initial KPI's set at the commencement of the 5 year plan incentive were no longer appropriate. LTI payments were approved at the Board's discretion.

The new Corporate Governance Charter provides further information regarding the process for evaluation of the Board, the Directors and senior executives.

Principle 2: Structure the Board to be effective and add value

The Board operates in accordance with the broad principles set out in the Corporate Governance Charter which includes:

- to aim for, so far as is practicable given the size of the Company:
 - a majority of the Board being independent directors;
 - the appointment of a chairperson who is an independent director;
 - a chairperson who is not an Executive Director;
 - a board comprising of members with diverse backgrounds;
- to have at least three directors; and
- the Non-Executive Director meeting from time to time without the Executive Directors present.

The Board presently has three Directors, one is considered to be independent which is not a clear majority.

Nominations Committee

The Company has not established a Nominations Committee as the Board currently performs the functions of this Committee, and in doing so, observes the Nominations Committee Charter which was incorporated into the

Corporate Governance Statement cont.

For the year ended 30 June 2022

Corporate Governance Charter. The Directors in deciding not to have a separate Nominations Committee concluded that the Company was not of a size nor are its affairs of such complexity as to justify the formation of this Committee. The Directors have maintained this position under the new Corporate Governance Charter and have not established a Nominations Committee.

The Board, acting in the capacity of the Nominations Committee, and observing the Nominations Committee Charter contained in the Corporate Governance Charter properly assesses prospective Directors. In doing so it ensures there are complementary board skills and experience in place, and where necessary, engages consultants to assist in this process.

The Board seeks to have a balanced diversity in Board members and currently has one female Board member out of a Board comprising three members.

The Board will consider the Nominations Committee Charter in considering matters relating to the appointment of members to the Board. The Nominations Committee Charter provides for the development of criteria for appointment and review of Board positions including implementing processes to assess the necessary and desirable skill sets of the Board members including experience, expertise, skills and performance of the Board.

Board Skill Matrix

During the 2022 financial year, the Company did not have a skill matrix setting out the skills and diversity that the Board currently has or is looking to achieve in its membership. While the Company does not have a set skill matrix, the composition of the board is a blend of diverse, yet relevant skills, experience and gender.

Directors' independence

In assessing the independence of Directors, the Company has regard to Recommendation 2.3 of the ASX Principles and regards an independent Director as a Non-Executive Director (that is, not a member of management) who:

- is not or has not been, employed in an executive capacity by the entity or any of its subsidiaries and if so employed, there has been a period of at least three years between ceasing such employment and serving on the Board;
- is not, or has not within the last three years been, a partner, director or senior employee of a provider of material professional services to the entity or any of its subsidiaries;
- is not or has not been within the last three years, in a material business relationship (e.g. as a supplier or customer) with the entity or any of its subsidiaries, or any officer of, or otherwise associated with, someone with such a relationship;
- is not a substantial security holder of the entity or an officer of, or otherwise associated with, a substantial security holder of the entity;
- has no material contractual relationship with the entity or its subsidiaries other than as a director;
- has no close family ties with any person who falls within any of the categories described above; or
- has not been a director of the entity for such a period that his or her independence may have been compromised.

Board members

The names, skills and experience of the Directors in office at the date of this Statement, and the period of office of each Director, are set out in the Directors' Report. At the date of signing the Directors' Report, the Board comprised two Executive Directors and one Non-Executive Director (including the Chairman). The Non-Executive Director, Mr David Bower, has no relationships adversely affecting independence and so is deemed independent under the principles set out above.

Mr Timothy Odillo Maher is an Executive Director and a substantial shareholder of the Company and accordingly he is not considered to be independent of the Company based on the ASX Principles. Mr Odillo Maher has a long association with the Company and the Board considers that it is in the best interests of all shareholders to have a Director with Mr Odillo Maher's industry and business expertise and Company history as a member of the Board.

Ms Deborah Southon is an Executive Director and a substantial shareholder of the Company and accordingly she is

For the year ended 30 June 2022

not considered to be independent of the Company based on the ASX Principles. Ms Southon has a long association with the Company and the Board considers that it is in the best interests of all shareholders to have a Director with Ms Southon's industry and business expertise and Company history as a member of the Board.

The Board regularly assesses whether each Non-Executive Director is independent.

Term of office

The Company's Constitution requires that one third (or the nearest number thereto but not less than one third) of the Directors, other than the Managing Director, must retire from office at each Annual General Meeting. A Director who retires by rotation is eligible for re-election. The Company's Constitution does not provide exclusions from re-election by rotation for the Executive Directors.

The Chairperson

The Chairperson is responsible for leadership of the Board, for efficient organisation and conduct of the Board's function and the briefing of all Directors in relation to issues arising at Board meetings. The Chairperson is also responsible for shareholder communication and arranging Board performance evaluation. The Chairperson is Mr David Bower, who is an independent Non-Executive Director.

Board selection process

The Board, acting in the capacity of the Nominations Committee, and observing the Nominations Committee Charter contained in the Corporate Governance Charter properly assesses prospective Directors. In doing so it ensures there are complementary board skills and experience in place, and where necessary, engages consultants to assist in this process.

The Board seeks to have a balanced diversity in Board members and currently has one female Board member out of a Board comprising four members.

Induction and education

On their first appointment, Directors will have the benefit of an induction program which enables them to actively participate in Board decision-making as soon as possible. It also ensures that they have a full understanding of the Company's financial position, strategies, operations and risk management policies. It also explains the respective rights, duties, responsibilities and roles of the Board.

The Company provides an ongoing education and development program for directors which includes both formal and informal sessions. The program is intended to cover overall competencies required of any Director and also specific knowledge relevant to the Company's business. It is desirable for all Directors to complete the Australian Institute of Company Directors Course (or equivalent) and related formal assessment.

Directors are also expected to keep themselves abreast of changes and trends in the business and in the Company's environment and markets and to keep abreast of changes and trends in the economic, political, social and legal climate generally. Directors are expected to have an appropriate base level of understanding on accounting matters. The Company also provides briefings on developments in accounting standards.

Further details regarding the induction and education process for new Directors is disclosed in the new Corporate Governance Charter.

Non-Executive Director are expected to spend at least 20 days a year preparing for and attending Board and Committee meetings and associated Board activities.

The commitment of Non-Executive Director is considered by the Board prior to the Director's appointment and are reviewed each year as part of the annual performance assessment.

Prior to appointment or being submitted for re-election, each Non-Executive Director is required to specifically acknowledge that they have and will continue to have the time available to discharge their responsibilities to

Independent professional advice

Directors have the right, in connection with their duties and responsibilities, to seek independent professional advice at the Company's expense. Prior approval of the Chairman is required, but this will not be unreasonably withheld. The advice obtained must be made available to all Board members.

Board Committees

The Board has established an Audit & Risk Management Committee and a Remuneration Committee to assist in the execution of its duties and to allow detailed consideration of complex issues. Both committees comprise one Non-Executive Director and two Executive Directors and therefore have three members.

Each Committee has its own Charter which sets out its role and responsibilities, composition, structure, membership requirements and the manner in which the committee is to operate. Charters are reviewed when required by the Board. All matters determined by the committees are submitted to the Board as recommendations for Board consideration. Minutes of committee meetings are tabled at the subsequent Board meeting.

Principle 8: Remunerate fairly and responsibly

Remuneration Committee

The Remuneration Committee operated in accordance with the Remuneration Committee Charter during the 2022 financial year which was available on the Company website during that period and was responsible for the review and recommendation to the Board on the following matters:

- the Company's remuneration, recruitment, retention and termination policies and procedures for senior executives;
- remuneration framework for Directors (in consultation with external consultants when appropriate); and
- remuneration by gender.

An updated Remuneration Committee Charter has been adopted as part of the new Corporate Governance Charter which is available on the Company website.

The Committee comprises the following independent Non-Executive Director and Executive Directorss:

- Mr David Bower; (Chairperson) and
- Mr Tim Odillo Maher;
- Ms Deborah Southon.

The performance of senior management is reviewed periodically by the Executive Directors, and in accordance with guidelines issued by the Remuneration Committee.

Details of Directors' attendance at Remuneration Committee meetings are set out in the Directors' Report on page 20.

Structure of remuneration

It is the Company's practice that in respect of setting executive remuneration:

- management should be remunerated by an appropriate balance of fixed remuneration and performance based remuneration;
- levels of fixed remuneration should be reasonable and fair, relative to the scale of the Company's business, and should reflect core performance requirements and expectations;
- any performance based remuneration should be clearly linked to specific performance targets which are aligned to the Company's short and long term performance objectives. Such targets should be appropriate to the Company's circumstances, goals and risk appetite;
- equity based remuneration may include, amongst other things, options or performance rights. Such remuneration should include appropriate hurdles that are aligned to the Company's longer term performance objectives and should be structured in a manner so as to ensure they do not lead to a short term focus or the taking of undue risks; and
- any termination payments for management should be agreed in advance and should not be applied in the case of removal for misconduct. Consideration will be given as to whether shareholder approval will be required for any termination payments.

It is the Company's practice that in respect of setting out Non-Executive Director remuneration:

- Non-Executive Director should normally be remunerated by way of fees (in the form of cash, non-cash benefits or superannuation contributions);
- levels of fixed remuneration for Non-Executive Director should reflect the time commitment and responsibilities of the role;
- Non-Executive Director should not receive performance based remuneration;

Non-Executive Director’s remuneration takes the form of a set fee plus superannuation entitlements and where applicable includes an allowance for Board Committees. The maximum aggregate amount of fees that can be paid to Non-Executive Director is subject to approval by shareholders at the Annual General Meeting. The maximum amount which has been approved by the Company’s shareholders for payment to Non-Executive Director is \$500,000.

Fees for Non-Executive Director are not linked to the performance of the Company.

Trading Policy

While the Company did not have a formal policy regarding hedging and related arrangements of Key Management Personnel during the 2022 financial year, it is noted that during this period the *Corporations Act* prohibited Key Management Personnel and a closely related party of Key Management Personnel from entering into an arrangement if the arrangement would have the effect of limiting the exposure of the member to risk relating to an element of the members remuneration that has not vested or has vested but remains subject to a holding lock.

The new Corporate Governance Charter reinforces the position under the Corporations Act in this regard and provides that Key Management Personnel of the Company and their closely related parties should not deal in securities in the Company which may infringe this prohibition under the Corporations Act nor should any other person to whom the Trading Policy applies enter into hedging transactions to limit their exposure in respect of any unvested entitlement to securities they receive under any equity based remuneration scheme of the Company.
