

Contract Gain with Barwon Health Includes Latest ITL Healthcare Innovation

ITL Limited, a diversified healthcare company and owner of ITL Healthcare which produces quality customised procedure packs and surgical apparel, is pleased to announce a new one-year contract with Barwon Health, a major provider of regional health services in Victoria.

The contract is to supply ITL Healthcare's range of quality customised procedure packs and is estimated to be worth \$0.9m. The agreement will enable ITL Healthcare to provide its two new innovative product ranges;

1. Airtech; a range of a light-weight, environmentally responsible surgical fabrics that use the latest manufacturing technologies to provide optimal clinical protection, and
2. ITL Limited's clinically equivalent range of medical and surgical consumables which have been manufactured in its Malaysian facility to the highest standards (EN 13485 and ISO-14001 compliant).

Barwon Health is one of the largest and most comprehensive regional health services in Australia. Barwon provides emergency and acute, mental health, primary care, community services, aged care and subacute/rehabilitation.

Bill Mobbs, Executive Chairman commented "This new contract is yet another that has marked a successful start to the current financial year for ITL Healthcare. The Barwon contract follows the recently announced contract wins with Metro South Health in Brisbane and Austin Health in Melbourne, alone worth \$2.5m per annum."

Bill Mobbs
Executive Chairman

About ITL Healthcare (www.itlhealthcare.com.au)

ITL Healthcare produces quality customised procedure packs, surgical drapes and gowns. The division is located in Melbourne, contains a purpose built Class 3500 (ISO 8) cleanroom and quality system (ISO-13485:2003 compliant) that provides surgical products, medical devices and clinical solutions to Healthcare Facilities throughout Australia. ITL Healthcare is the only custom pack manufacturer in Australia with its own in-house steriliser, which includes a passive emission control system that meets the world's best practice.
