

16 July 2025

## Appointment of New Director

Clean TeQ Water Limited (ASX: CNQ) (the “Company” or “Clean TeQ”) is pleased to announce the appointment of Mr Dan Pfeffer as a Non-Executive Director of the Company effective 16 July 2025.

Mr Pfeffer brings to the Board a wealth of technical, financial and strategic experience from his time working within the global mining and investment sectors. Mr Pfeffer’s previous experience includes senior investment roles at Bornite Capital, Point72, 3G Capital, and Morgan Stanley (UK). Earlier in his career, he worked in geology and mining analysis across Australia, Indonesia, and North America. He holds a bachelor’s degree in Earth and Planetary Sciences (Geology) from Northwestern University, USA.

He currently serves as Chief of Staff to the Office of the Chairman and Chief Executive Officer at I-Pulse Inc, Ivanhoe Mines and Ivanhoe Electric, all chaired by Robert Friedland, a major shareholder of Clean TeQ.

Clean TeQ Water CEO Peter Voigt commented, “*We are delighted to welcome Dan to the Board. His strategic perspective, combined with deep domain knowledge across mining, investment and technology development, will be invaluable as we continue expanding our global operations and commercialising our advanced water treatment solutions.*”

Dan Pfeffer added: “*It’s a privilege to join the Board of Clean TeQ at such a pivotal time in its journey. The Company’s proprietary water treatment technologies address some of the most critical environmental and industrial challenges of our time. I’ve been fortunate to work with a number of companies at the intersection of natural resources and innovation, and I believe Clean TeQ is uniquely positioned to create lasting impact in both areas. I look forward to working with the Board and management team to help scale the business and unlock long-term value for shareholders and communities alike.*”

The Board warmly welcomes Mr Pfeffer and believes his appointment further strengthens Clean TeQ’s capability to deliver on its growth strategy and technology partnerships.
