Dear Norton Shareholder

### **Adjournment of Scheme Meeting and Supplementary Disclosure**

As announced to the ASX on 21 May 2015, the Scheme Meeting in relation to the proposed scheme of arrangement between Norton Gold Fields Limited (**Norton**) and its shareholders pursuant to which Norton's majority shareholder, Zijin Mining Group Co., Ltd (**Zijin**) would acquire all of the shares in Norton it does not already control, which was scheduled for 2:30pm on Thursday, 21 May 2015, was adjourned by the Chairman.

The new date for the Scheme Meeting is **Friday, 12 June 2015 at 2:30pm (WST)** at Level 8, Exchange Plaza, 2 The Esplanade, Perth, Western Australia.

On 26 May 2015, Norton announced that Zijin had offered to increase the consideration payable from \$0.23 to \$0.25 per Norton share (**Further Revised Scheme**).

Enclosed with this letter is the supplementary disclosure relating to the Further Revised Scheme, which includes a new timetable and a new proxy form.

### **Further supplementary disclosure - increase in scheme consideration**

On 6 February 2015, Norton announced that it had entered into a binding Scheme Implementation Agreement with Zijin, under which Zijin would acquire all of the shares that it does not already control in Norton for \$0.20 per share. On 25 February 2015, Norton received written notice from Zijin nominating its wholly owned subsidiary, Jinyu (H.K.) International Mining Company Limited (Jinyu), as the acquiring entity.

On 27 April 2015, Norton announced that it had agreed with Zijin to increase the scheme consideration from \$0.20 to \$0.23 per Norton share.

The Scheme Meeting on 21 May 2015 was adjourned by the Chairman until 2:30pm (WST) on Friday, 12 June 2015.

We are pleased to advise that Zijin has further increased the consideration under the proposed scheme to \$0.25 per Norton Share. This offer supersedes the offer announced on 27 April 2015 and detailed in the revised Notice of Meeting dated and sent to you on 8 May 2015.

The increase in the scheme consideration follows discussions between Norton and certain parties, which have committed to support the Further Revised Scheme. This includes irrevocable commitments to Norton to vote certain proxies (collectively representing approximately 49 million shares in Norton) in favour of the Further Revised Scheme in the absence of a superior proposal.

If the Further Revised Scheme is implemented, you will now receive \$0.25 for each Norton share you hold on the Record Date.

As set out in the announcement dated 27 May 2015, Norton has entered into a second deed of amendment with Zijin to further amend the Scheme Implementation Agreement dated 6 February to reflect the increase to \$0.25 per Norton share, and Zijin and Jinyu have executed a second amending deed poll agreeing to provide the increased consideration.

Zijin will fund the increased scheme consideration from the sources described in the Scheme Booklet dated 8 April 2015.

Zijin has advised its offer of \$0.25 per Norton share is its best and final price.

In conjunction with the announcement regarding the further increase to the scheme consideration, Zijin has confirmed that it will not increase its offer to acquire all of the shares in Norton under Scheme from \$0.25

per Norton share. The effect of this announcement and applicable law is that Zijin is bound by its statement not to increase its offer under the Further Revised Scheme.

### **Recommendations and voting intentions**

The Independent Directors continue to unanimously recommend that, in the absence of a Superior Proposal, Shareholders vote in favour of the Further Revised Scheme at the Scheme Meeting. As at the date of this letter, no Superior Proposal has emerged.

The reasons for the Independent Directors' recommendation in favour of the further revised proposal have not changed from their reasons in support of the original proposal. These reasons and other relevant considerations are set out in the Scheme Booklet dated 8 April 2015.

In the absence of a Superior Proposal, the Independent Directors intend to vote the Shares they control in favour of the Further Revised Scheme. I urge you to attend the Scheme Meeting, or, if you are unable to do so, to complete and return the proxy form included with this letter. Information on how to vote is on page 12 of the original Scheme Booklet, the attached proxy form and Notice of Adjourned Scheme Meeting – or you can call the share registry for further information by calling +61 1300 554474. If you have already lodged a proxy form, it will remain valid for the adjourned Scheme Meeting.

### **Information on the Further Revised Scheme**

The Scheme Booklet dated 8 April 2015 has been sent to you. This letter supplements and should be read together with the original Scheme Booklet and supplementary disclosure dated 8 May 2015. Terms defined in the Scheme Booklet have the same meaning in this document. The Scheme Booklet, together with this letter (including the Notice of Adjourned Scheme Meeting), contain all the information relevant to the Further Revised Scheme. Other than as outlined in this letter, no other terms or conditions of the original proposal have changed. Shareholders are encouraged to read the Scheme Booklet and this letter carefully and in full, and seek their own investment or professional advice.

In addition to increasing the consideration under the Scheme, Zijin also increased (via a second variation to the Cancellation Deed) the consideration payable to Drock International Pty Ltd (associated with director, Dianmin Chen) for the cancellation of the OPT1 Options, from \$0.055 to \$0.075 per OPT1 Option.

Further, Dianmin Chen will, as a result of the increase to the scheme consideration, now receive a cash payment of \$425,461 (as opposed to \$340,368 as disclosed in the Scheme Booklet) upon the vesting of his 1,701,843 Performance Units.

As a result of the increase to the scheme consideration, the Independent Expert has provided a further addendum dated 26 May 2015 to the Independent Expert's Report dated 2 April 2015 and the addendum dated 5 May 2015. The Independent Expert's conclusions remain unchanged, such that in light of the increase to the scheme consideration:

the Scheme is fair and reasonable and in the best interests of Non-Associated Shareholders; and

no collateral benefit has been provided to Dianmin Chen to induce him to vote in favour of the Proposed Scheme as a result of the increase to the consideration payable for the cancellation of the OPT1 Options.

The full addendum is attached to this letter.

### **Adjourned Scheme Meeting and Voting**

The Scheme Meeting and the time for lodging proxies have changed. Norton shareholders will vote on the Further Revised Scheme at the Scheme Meeting to be held at 2:30pm on 12 June 2015 at Level 8, Exchange Plaza, 2 The Esplanade, Perth Western Australia. This is done by first approving the amendments to the original scheme and then voting on the Further Revised Scheme. A Notice of Adjourned Scheme Meeting is attached to this letter.

**You may have already submitted a proxy in relation to the Scheme. If so that proxy will remain valid unless revoked in writing or by returning a new proxy form.** A direction to vote in favour of the Scheme will be taken as a general authority to vote in favour of the Scheme at the higher price (ie in favour of the Further Revised Scheme). However, in the circumstances, the Independent Directors strongly

encourage all Shareholders unable to attend the Scheme Meeting in person to complete and return a proxy form directing their proxy to vote in favour of the Scheme. **A new proxy will be taken to revoke any existing proxy.**

**To be valid, proxy forms must be received by the Registry by no later than 2.30pm on 10 June 2015.**

A copy of this letter has been provided to ASIC, and a copy has been released on ASX. Neither ASIC nor ASX nor any of their officers takes any responsibility for the contents of this letter. The fact that the Court has reviewed this letter (which forms part of the Explanatory Statement) does not mean that the Court has formed any view as to the merits of the Revised Scheme or as to how Norton shareholders should vote at the Scheme Meeting (on this matter Norton Shareholders must reach their own decision) or has prepared, or is responsible for, this letter or the Scheme Booklet.

Dear Directors

**Re: Scheme of arrangement relating to Zijin's acquisition of Norton's shares and variation to the Cancellation Deed**

On 2 April 2015, Deloitte Corporate Finance Pty Limited (Deloitte) issued an independent expert's report (IER) in relation to the proposed scheme of arrangement under which Zijin Mining Group Co. Ltd (Zijin) would acquire all of the shares in Norton Gold Fields Limited (Norton) it does not already own (the Proposed Scheme). Our opinion was that the Proposed Scheme was fair and reasonable and in the best interests of Non-Associated Shareholders.

Deloitte also provided an opinion on whether any collateral benefits are being provided to Dianmin Chen, the CEO of Norton, in relation to the cancellation of options (OPT1 Options) he holds through Drock International Pty Ltd, to induce him to vote in favour of the Proposed Scheme. Our opinion was that no collateral benefit has been provided to Dianmin Chen to induce him to vote in favour of the Proposed Scheme.

Regulatory Guide 112 issued by the Australian Securities and Investments Commission requires us to consider all new information that may have a material impact on our opinion subsequent to its issue.

On 27 April 2015, Norton announced that Zijin had agreed to increase the offer under the Proposed Scheme from \$0.20 to \$0.23 per Norton share and the consideration for the OPT1 Options was also increased. Deloitte issued a letter dated 5 May 2015 confirming that our opinion remained that the Proposed Scheme was fair and reasonable and in the best interests of Non-Associated Shareholders, and that no collateral benefit was being provided to Dianmin Chen to induce him to vote in favour of the Proposed Scheme.

The scheme meeting originally scheduled to be held on 21 May 2015 has been adjourned to 12 June 2015. On 26 May 2015, Norton announced that Zijin has agreed to increase its offer under the Proposed Scheme to \$0.25 per Norton share and to increase the consideration payable to Dianmin Chen for the cancellation of the OPT1 Options from \$0.055 to \$0.075 per OPT1 Option (the New Information). We have considered the New Information and movements in relevant market information since providing our previous letter.

Our opinion remains that the Proposed Scheme is fair and reasonable and in the best interests of Non-Associated Shareholders.

The consideration payable to Dianmin Chen has increased from \$440,000 to \$600,000. We have updated our valuation of the OPTI Options which now falls within a range of \$478,000 to \$633,000. The revised consideration payable therefore remains within, but towards the higher end, of our valuation range. Our opinion therefore remains that no collateral benefit has been provided to Dianmin Chen to induce him to vote in favour of the Proposed Scheme.

Yours faithfully
