### **About the Company**

Murray Cod Australia is a vertically integrated producer for the breeding, growing and supply of premium Murray Cod to domestic and export markets. Murray Cod Australia uses an innovative farming technique with market-leading bio-security techniques while being environmentally friendly and sustainable. The Company has developed a land-based aquaculture model, using dams and irrigation water, which allows it to control the breeding, feeding, water conditions and biological inputs throughout the entire lifecycle of the fish, providing confidence for customers in the quality and sustainability of the produce. The business is located in the Riverina region of NSW.
