Dear Sir/Madam

Re: Service Stream awarded further nbn fibre upgrade works in the ACT

In accordance with the Listing Rules, I attach a market release/announcement, for release to the market.

Yours faithfully,

Chris Chapman
Company Secretary
Service Stream Limited

ServiceStream

ASX Announcement

11 July 2025

Service Stream awarded further nbn fibre upgrade works in the ACT

Leading essential network services provider Service Stream Limited (ASX: SSM) is pleased to announce that it has secured an amendment to its existing agreement with NBN Co (Amending Agreement) that will continue the Company's support for nbn's upgrade of the remaining Fibre to the Node (FTTN) footprint.

Under the Amending Agreement, Service Stream will provide specialist design and construction services to support eligible premises with progressive access to nbn Fibre to the Premises (FTTP) technology across the ACT.

The Amending Agreement is expected to deliver approximately \$360 million in revenue over the approximate 3.5-year project duration in the ACT.

Managing Director, Leigh Mackender said: *"Service Stream is extremely proud to have secured further works under nbn's program to upgrade the remaining FTTN network which supports the delivery of high-speed telecommunication infrastructure to Australian homes and businesses across the ACT."*

The award of additional works in the ACT is testament to the strong working relationship which exists between Service Stream and nbn, with these additional works providing continuity and longevity to our current program of work which was due to conclude in late 2025."
