Appointment of a proxy

A *shareholder* entitled to attend and vote at the *general meeting* is entitled to appoint a proxy. The proxy may, but need not be, a *shareholder*.

If you wish to appoint the *chairman* as your proxy, mark the box on the *proxy form*. If the person you wish to appoint as your proxy is someone other than the *chairman* of the *general meeting* please write the name of that person. If you leave this section blank, or your named proxy does not attend the *general meeting*, the *chairman* will be your proxy.

You are entitled to appoint up to two persons as proxies to attend the *general meeting* and vote on a poll. If you wish to appoint a second proxy, an additional *proxy form* may be obtained by telephoning the *company* on +61 (0) 8 6377 8043 or you may photocopy the *proxy form*.

To appoint a second proxy you must on each *proxy form* state (in the appropriate box) the percentage of your voting rights which are the subject of the relevant proxy. If both *proxy forms* do not specify that percentage, each proxy may exercise half your votes. Fractions of votes will be disregarded.

Corporate *shareholders*

Corporate *shareholders* should comply with the execution requirements set out on the *proxy form* or otherwise with the provisions of section 127 of the *Corporations Act*. Section 127 of the *Corporations Act* provides that a company may execute a document without using its common seal if the document is signed by:

- two directors of the company;
- a director and a company secretary of the company; or
- for a proprietary company that has a sole director who is also the sole company secretary – that director.

Votes on resolutions

You may direct your proxy how to vote on a *resolution* by placing a mark in one of the boxes opposite the *resolution*. All your shareholding will be voted in accordance with such a direction unless you indicate only a portion of voting rights are to be voted on the *resolution* by inserting the percentage or number of *shares* you wish to vote in the appropriate box or boxes. If you do not mark any of the boxes on the *resolution*, your proxy may vote as he or she chooses. If you mark more than one box on a *resolution* your vote on the *resolution* will be invalid.

Voting entitlement (snapshot date)

For the purposes of determining voting and attendance entitlements at the *general meeting*, *shares* will be taken to be held by the persons who are registered as holding the *shares* at **11.00am WST on 8 April 2017**. Accordingly, transactions registered after that time will be disregarded in determining entitlements to attend and vote at the *general meeting*.

Corporate representatives

A company may elect to appoint an individual to act as its representative in accordance with section 250D of the *Corporations Act*, in which case the *company* will require a certificate of appointment of the corporate representative executed in accordance with the *Corporations Act*. The certificate of appointment must be lodged with the *company* before the *general meeting* or at the registration desk on the day of the *general meeting*.

Explanatory statement

This *explanatory statement* has been prepared for the information of *shareholders* in relation to the business to be conducted at the *general meeting*.

The purpose of this *statement* is to provide *shareholders* with all information known to the *company* which is material to a decision on how to vote on the *resolution* in the accompanying *notice of meeting*.

This *explanatory statement* should be read in conjunction with the *notice of meeting*. Italicised terms in this *explanatory statement* are defined in the *glossary*.

1. SELECTIVE REDUCTION OF CAPITAL

1.1. Background

- 1.1.1. The *company* was recently reinstated to *quotation* having re-complied with Chapters 1 and 2 of the *listing rules* to facilitate the backdoor listing of UltraCharge Ltd, an Israel-registered company developing potentially valuable lithium-ion battery technology (*UltraCharge Israel*).
- 1.1.2. The vendor consideration for the acquisition of *UltraCharge Israel* by the *company* (*acquisition*) was 485,900,000 *shares* (*consideration shares*).
- 1.1.3. The value of the *consideration shares* issued to the vendors of *UltraCharge Israel* (*UltraCharge vendors*), based on the issue price (\$0.05) of *shares* under the public offer undertaken in conjunction with the *acquisition* (*public offer*), was \$24,295,000.
- 1.1.4. At the time of entering into the binding heads of agreement with *UltraCharge Israel* (then known as Voltape Ltd) on 13 May 2016, and at all relevant times until the re-quotation of *shares* on 21 December 2016, the *company's* directors and corporate advisors were of the view that the *consideration shares* represented fair value for the business being acquired from the *UltraCharge vendors* by way of the *acquisition*.
- 1.1.5. However, the *company* was subject to *ASX's* since-discontinued policy of requiring entities proposing a backdoor listing to be suspended from trading from the date of announcement of the relevant transaction until reinstatement. Whatever the merits of that policy, it had the (presumably) unintended consequence of removing the price discovery mechanism in respect of the *acquisition* i.e. there was no opportunity for the market to provide any signal as to whether or not the market considered that the *acquisition* on the terms disclosed was likely to be value-accretive to the *company*.
- 1.1.6. In any event, the *company's* market performance since reinstatement has been disappointing for all relevant parties (including pre-existing *shareholders*, subscribers

under the *public offer* and the *UltraCharge vendors*). Since reinstatement, as at the date of this *notice*, UTR has traded in the range \$0.032 to \$0.05.

- 1.1.7. Feedback received by the current directors from corporate advisors and investors strongly indicates a market perception that the consideration paid to the *UltraCharge vendors* (as represented by the *consideration shares*) may have been excessive.
- 1.1.8. Following reinstatement, soundings of key *UltraCharge vendors* suggested that there was a recognition that the number of *consideration shares* issued to the *UltraCharge vendors* may have been more than the market could comfortably bear and indicated a preparedness to reduce their holdings of *shares* by way of a selective reduction of capital.
- 1.1.9. The *company* has taken the view that only those *UltraCharge vendors* who received a considerable number of *consideration shares* as a consequence of the successful completion of the *acquisition* and the issue of the *consideration shares* should be the subject of a 40% “haircut” (***cancellation shareholders***). Accordingly, there are 14 *cancellation shareholders* currently holding a total of 323,043,559 *shares* (representing approximately 43.1% of issued capital).
- 1.1.10. Included amongst the *cancellation shareholders* are CPS Capital Group Pty Ltd, Armada Capital and Equities Pty Ltd and Cityscape Asset Pty Ltd (together, ***advisors***), each of which received *shares* as consideration for services provided under corporate advisory mandates. The *company* understands that the *advisors* have taken the view that it is in the *company*’s, and ultimately their clients’, interests to materially support the *company*’s strategy by agreeing to participate in the proposed capital reduction.
- 1.1.11. Importantly:
 - (a) none of the *cancellation shareholders* paid cash for their *shares* in *UltraCharge Israel*; and
 - (b) all the *shares* issued to the *cancellation shareholders* are the subject of either restriction agreements entered into pursuant to *listing rule 9.1* (***restriction agreements***) or voluntary escrow agreements entered into by the *company* with particular *cancellation shareholders* (***voluntary agreements***).
- 1.1.12. The *company* proposes to cancel 129,217,424 *shares*, comprised of 40% of each *cancellation shareholder*’s holding and approximately 17.2% of the ordinary capital of the *company* (***selective reduction of capital***).
- 1.1.13. The identities of the *cancellation shareholders* and their shareholdings in the *company* are set out in *schedule 1*.

1.2. Reasons for resolution

- 1.2.1. The cancellation of the *cancellation shares* is a selective reduction of capital for the purposes of the *Corporations Act*.

- 1.2.2. Section 256C of the *Corporations Act* has the effect that *shareholders* must approve the *selective reduction of capital* by cancellation of the *cancellation shares* by passing special resolutions at:
- (a) a general meeting of *shareholders* (***general meeting***); and
 - (b) a meeting of the *cancellation shareholders* (***special meeting***).
- 1.2.3. *Resolution 1* will be passed by *shareholders* as a special resolution if 75% of the votes cast by *shareholders* present and eligible to vote (whether in person, by proxy, by attorney or, in the case of a corporate *shareholder*, by a corporate representative) are in favour of it.
- 1.2.4. If *shareholders* approve *resolution 1*, and subject to *cancellation shareholders* also passing a special resolution at the *special meeting*, the *company* will reduce its issued capital by 129,217,424 *shares*, or 17.2% of the issued capital of the *company*.

1.3. Reasons for the selective reduction of capital

The *directors* consider that the relatively poor market performance of *shares* since reinstatement to *quotation* is a consequence of a market perception that the consideration paid for the acquisition of *UltraCharge Israel* may, in all the circumstances, have been excessive.

1.4. Financial effect of the selective reduction of capital on the Company

The cancellation of the *cancellation shares* for nil consideration will have no effect on the *company's* financial position.

1.5. Impact on control

- 1.5.1. The *cancellation shares* represent approximately 17.2% of the issued capital of the *company*. Other things being equal, the *selective reduction of capital* would have the effect of:
- (a) decreasing the issued capital of the company by approximately 17.2%; and
 - (b) increasing each shareholder's voting power in the *company* by approximately 20.8%.
- 1.5.2. However, the effect of the *selective reduction of capital* on *shareholders'* holdings is not uniform as the % holding of each *cancellation shareholder* will obviously decrease, so for these purposes the relevant information is the effect on the holdings of *substantial shareholders* (some of which are *cancellation shareholders*); accordingly, the table below sets out the *substantial shareholders'* positions following cancellation of the *cancellation shares*:

Substantial shareholder	Voting power as at date of notice	Voting power following selective reduction of capital
UltraCharge Limited*	63.45%	55.84%
Ariel Malik	7.29%	5.28%
Amiram Borenstein	6.91%	5.01%
Kobi Ben-Shabat	6.21%	4.50%
Yehuda Cohen	5.61%	4.06%
Jason Peterson	5.45%	5.80%

*pursuant to section 608(1) of the *Corporations Act*, the *company* is deemed to have a relevant interest in *shares* the subject of the *restriction agreements* and the *voluntary agreements*

1.6. Advantages of the selective reduction of capital

1.6.1. From the *company's* perspective, the following benefits will accrue if the *selective reduction of capital* is approved:

- (a) The *selective reduction of capital* will have the effect of reducing the issued capital of the *company* by 17.2% whilst theoretically leaving its market capitalisation unchanged; accordingly the value of each of the *company's* securities should increase by a corresponding amount. Shareholders not participating in the *selective reduction of capital* will therefore benefit from an anticipated increase in the value of their shareholdings.
- (b) All of the *cancellation shares* are currently subject to escrow arrangements under *restriction agreements* or *voluntary agreements* and are therefore not counted for the purposes of calculating the *company's* "free float" (i.e. the number of *shares* that are freely tradeable on *ASX* and therefore a measure of potential liquidity). Cancellation of the *cancellation shares* will have the effect of increasing the % free float of the *company's* quoted *shares* (although not the absolute number of quoted *shares*).
- (c) The *cancellation shareholders* all have significant holdings of *shares* and collectively account of approximately 43.1% of issued capital (on an undiluted basis). The effect of the *selective reduction of capital* will be to reduce their collective shareholding to approximately 31.2% of issued capital. Whilst there is no suggestion that the *cancellation shareholders* are associates for the purposes of Chapter 6 of the *Corporations Act* or have voting power in each other's *shares*, the perception of the existence of an informal "bloc" of *shareholders* may provide a deterrent to potential bidders, and a reduction of the voting power of that bloc would accordingly be to the benefit of *shareholders* generally.

1.6.2. The *selective reduction of capital* provides no advantages to the *cancellation shareholders* other than in their capacity as continuing *shareholders* of the *company*; it is not possible

to determine whether those advantages will ultimately outweigh the costs to the *cancellation shareholders* associated with cancellation of the *cancellation shares*.

1.7. Disadvantages of the selective reduction of capital

- 1.7.1. For those *shareholders* not participating in the *selective reduction of capital*, there are no disadvantages to the proposal.
- 1.7.2. For the *cancellation shareholders*, the disadvantage of the *selective reduction of capital* is that they will have a proportion of their holdings in the *company* cancelled for nil consideration.

1.8. What if the selective reduction of capital does not proceed?

If the *selective reduction of capital* does not proceed, the issued capital of the *company* and the holdings of *cancellation shareholders* will not change.

1.9. ASX waiver

- 1.9.1. *Listing rule 9.7* provides that, during the escrow period, an entity must not do either of the following:
 - (a) change an executed restriction agreement; or
 - (b) ask for, or agree to:
 - (i) removal of the holding lock under *listing rule 9.5* or *listing rule 9.17*; or
 - (ii) release of a certificate held on the certificated subregister by a bank or recognised trustee,
 - (c) unless ASX has given written consent to the release of the certificate or removal of the holding lock under *listing rule 9.5* or *listing rule 9.17*.
- 1.9.2. The underlying policy to *listing rule 9.7* is to prevent the transfer of, or creation of other interests in, restricted securities during the period in which ASX has determined that those securities should be held in escrow.
- 1.9.3. ASX has granted the *company* a waiver from *listing rule 9.7* (**waiver**) to the extent necessary to permit the *company* to amend the *restriction agreements* between the *company* and the *cancellation shareholders* such that the *company* be permitted to cancel up to 129,217,424 *cancellation shares* held by the *cancellation shareholders* which were issued as consideration for the *acquisition*, on the following conditions:
 - (a) the *cancellation shares* are cancelled for nil consideration;
 - (b) the *company* announces the terms of the *waiver* to the market;

- (c) *shareholders*, including the *cancellation shareholders*, approve a selective buy-back or a cancellation by way of a selective reduction of capital in relation to the cancellation shares in accordance with the *Corporations Act*; and
- (d) the *company* conducts the selective buy back or the cancellation by way of a selective reduction of capital in relation to the *cancellation shares* in accordance with the *Corporations Act*.

1.10. Directors' recommendation

The *directors* unanimously support the *selective reduction of capital* and recommend that *shareholders* vote in favour of *resolution 1*.

If a representative of the corporation is to attend the Meeting the appropriate 'Appointment of Corporate Representative' should be produced prior to admission. A form may be obtained from the Company's share registry online at <https://automic.com.au>.

ATTENDING THE MEETING

Completion of a Proxy Voting Form will not prevent individual Shareholders from attending the Meeting in person if they wish. Where a Shareholder completes and lodges a valid Proxy Voting Form and attends the Meeting in person, then the proxy's authority to speak and vote for that Shareholder is suspended while the Shareholder is present at the Meeting.
