### COVID-19 Impacts

As a result of COVID-19, TOT ceased its lending activities and shifted management's focus to converting outstanding loan positions and assets to cash. Given the market volatility and economic uncertainty, the Responsible Entity took a conservative approach with a focus on capital preservation in 1H FY21. The market conditions produced a dislocation between direct real estate transactions and A-REIT pricing. In 2H FY21 TOT deployed its balance sheet in line with its refined real estate equity strategy to capitalise on this opportunity.

### Refined Investment Strategy

TOT has commenced executing on its refined strategy of investing in real estate equity. Simplifying TOT's strategy and focus to generating recurring income from real estate equity investments.

TOT's longer-term objective is owning direct assets with value-add opportunities on balance sheet. Initially TOT is gaining this exposure through strategic investments in real estate funds management platforms.

Market conditions for direct real estate remains competitive despite softening real estate fundamentals. This has led to a dislocation between A-REIT pricing and underlying direct real estate transactions.

At the date of this announcement, TOT has a 12.8% strategic holding in Irongate Group (ASX:IAP). In aggregate with TGP's 6.5% holding, TGP and TOT owns 19.3% of IAP.

### Irongate Group (ASX:IAP)

Irongate Group (ASX:IAP) is a diversified real estate investor with \$1.3b of real estate assets on balance sheet and a third-party funds management platform. IAP owns office and industrial assets across major metro markets and established precincts in Australia and New Zealand.

### PMG Funds

TOT has entered into a 50% equity partnership with PMG Group, a New Zealand based diversified commercial real estate funds management business, established in 1992.

PMG manages five unlisted funds, three single-property syndicates, with 47 properties and NZ\$781.2m of FUM.<sup>6</sup>

The equity partnership provides TOT with an investment in a growing funds management platform with a long track record and diversification through exposure to the New Zealand real estate market. This investment provides TOT with enhanced returns over and above holding a direct real estate asset, through fee income from funds management and underwriting activities.

### Gladesville Apartment Sales Campaign

TOT has now settled the sale of 20 of 23 apartments at an average premium of 20.3% to the November 2019 purchase price. Whilst transaction volumes have slowed, TOT is confident of selling the remaining apartments over CY21.
