Norfolk to attend Resources Rising Stars Conference in Adelaide April 10th

- Norfolk Metals Limited (“Norfolk”) has secured a booth at the Resources Rising Stars conference in Adelaide this week on Thursday the 10th of April.
- Representation from Transcendence Mining Pty Ltd (the project vendors and operators, “Transcendence”) will also be available at the Norfolk booth to meet with investors and corporates.

Resources Rising Stars offers an excellent platform to brief all parties on the recent earn-in to the Carmen Copper Project in Chile, a copper project with significant oxide and sulphide resource potential (see ASX announcement 31 March 2025).

Please contact Norfolk to secure a time to meet Norfolk or Transcendence.

Booth number is 5a (Image 1).

Please contact via details email: info@norfolkmetals.com.au or SMS: +61 400 642 000.

About Norfolk Metals

The Orroroo Uranium Project comprises three granted exploration licenses, EL6552, EL6814 and EL6948, which together cover 723km², located approximately 274km northwest of the capital city of Adelaide, South Australia within the Walloway Basin, which is an elongate Tertiary Basin approximately 50km long and up to 15km wide. It consists of Tertiary and Quaternary sediments unconformably underlain by Adelaiddian basement.

The Roger River Project comprises two granted exploration licenses, EL20/2020, and EL17/2021, which together cover 74km², located 410km northwest of the capital city of Hobart, Tasmania. The Project is prospective for gold and copper as indicated by the intense silicification, argillisation and diatreme breccias in close proximity to the Roger River Fault along with carbonate-rich host rocks.
