

MARKET UPDATE

Further to the market update released on 19 November 2013, the Board of Structural Systems Limited (“Company”) advises that Tenix Australia Pty Ltd (“Tenix”) joined Structural Systems (Construction) Pty Ltd (“SSC”) as a third party in proceedings issued by Melbourne Water Corporation in the Supreme Court of Victoria in relation to the Eastern Treatment Plant.

These developments in the proceedings were an expectation of the Board. The Company and SSC intend to vigorously defend any claims made against them in these proceedings and will lodge their defences in due course. SSC will also pursue its claims against Tenix by filing a counterclaim.

David Perry

Managing Director
