## About Legacy Iron Ore

Legacy Iron Ore Limited ("Legacy Iron" or the "Company") is a Western Australian based Company, focused on iron ore development and mineral discovery.

Legacy Iron's mission is to increase shareholder wealth through capital growth, created via the discovery, development and operation of profitable mining assets.

The Company was listed on the Australian Securities Exchange on 8 July 2008. Since then, Legacy Iron has had a number of iron ore, manganese and gold discoveries which are now undergoing drilling and resource definition.

## APPOINTMENT OF EXPERIENCED IRON ORE CEO

The Directors of Legacy Iron Ore Limited (**Legacy Iron** or the **Company**) are pleased to announce the appointment of **Mr Julian Mizera** to the position of Chief Executive Officer.

Commenting on the appointment of Mr Mizera, Legacy Iron Managing Director, Ms Sharon Heng said: "We are delighted to have attracted a person of Julian's calibre to the position of CEO. Julian has considerable experience in the commercialisation, development and operation of resources projects, including overseeing feasibility studies for major projects, which is the next major step for the Mt Bevan project.

"Julian will have responsibility for the development and progression of the Mt Bevan project including the overseeing of any feasibility study work and as Managing Director I will continue to oversee the corporate aspects of the Company including capital raisings and potential acquisitions. We believe Legacy now has a strong management team with complimentary skillsets to transition the company from iron ore developer to producer as efficiently as possible."

Mr Mizera has more than 30 years' experience in the resources sector with expertise spanning areas incorporating mining, minerals processing and mining infrastructure in commodities including iron ore, alumina, gold and base metals.

His key strengths are in the areas of strategic planning, project and organisational management, business process improvement, investment analysis, business development, feasibility studies, due diligence and independent reviews.

Prior to joining Legacy Iron, Mr Mizera has held several key positions in senior executive roles and project management positions.

Most notably, from 2008-2011 he served as Projects Director and Chief Operating Officer of Sinosteel Midwest Corporation, where he oversaw the company's mid-term and long-term strategic plans, including total responsibility for all aspects of the Western Australian business including iron ore operations, development projects and exploration.

During his tenure, Mr Mizera oversaw the completion of the A\$2 Billion Weld Range Iron Ore project pre-feasibility and bankable

feasibility studies, together with the completion of various iron ore mining and infrastructure scoping studies (DSO and magnetite) across numerous projects in the WA Midwest region.

Mr Mizera has also held senior manager and consultant positions at BHP Billiton, Newcrest Mining and Worsley Alumina.

His formal qualifications include a Masters in Business Administration, and a Bachelor of Engineering (Mechanical) with first class honours.

Mr Mizera's base remuneration will be \$260,000 per annum exclusive of superannuation, with a 3 month notice period. The terms of an incentive scheme will be finalised with Julian after his commencement.

The Board looks forward to working with Mr Mizera on advancing the Company's projects.

Regards

Sharon Heng  
Managing Director
