Dear Shareholder,

I am pleased to offer you an opportunity to participate in this Rights Issue to acquire New Shares in Hastings on the basis of two (2) New Shares for every five (5) Shares held at the Record Date.

The Offer extends to all Eligible Shareholders the opportunity to acquire, proportionately to their shareholding, Shares at a discount to the market. Eligible Shareholders can also apply for Shortfall Shares over and above their Entitlement. The issue price is \$0.038, a discount of 20% to the 5 day Volume Weighted Average Price of \$0.047.

Hastings has achieved a number of important milestones in the year to date including:

- ✓ the new discoveries at the Hastings HREO project - Levon & Haig
- ✓ ongoing progress in the search for strategic partner relationships in north Asia; and
- ✓ the expansion and revitalization of the Yangibana project.

The funds to be raised through this issue will enable the Company to further its development work on both the Hastings and Yangibana projects. Drilling programmes scheduled for both projects have commenced and work will carry on through to September 2014. It is envisaged that this will result in additional resources and improved economics.

In addition, funds raised will assist the Company in its work to identify suitable north Asian partners who will be interested in bringing the Company's projects forward and towards production.

This is an acknowledgment and recognition of the confidence in the strategy undertaken by the Company and focus on the management and technical team in developing the Company's projects.

The Offer is non-renounceable. This means that your rights to these New Shares are not tradable. Details of the Offer and investment considerations relating to the Offer are set out in the Prospectus. I recommend that you read this document carefully.

The Board believes that the Company has an exciting future and given the attractive Offer terms recommends this Rights Issue to you.

Further, general working capital may be applied to evaluating new project opportunities that may complement the existing projects of the Company.
- 3 The table is a statement of the proposed application of the funds raised as at the date of this Prospectus. As with any budget, intervening events and new circumstances have the potential to affect the Company's decisions and Hastings reserves the right to vary the way funds are applied.

5.3 Effect of the Offer on the Company's securities

The effect of the Offer will, assuming that no Options are exercised and that Entitlements are taken up in full, be that:

- (a) cash reserves will increase by approximately \$2.615 million (after costs);
- (b) the number of Options on issue will remain the same at 24,500,000; and
- (c) the number of Shares on issue will increase from 185,199,694 to 259,279,572.

5.4 Consolidated capital structure

Assuming that Entitlements are taken up in full and that no Options are exercised prior to the Record Date, at the close of the Offer, the capital structure of the Company will be:

Shares	Number	%
Existing Shares	185,199,694	71.43
New Shares offered under this Prospectus	74,079,878	28.57

Unlisted Options exercisable at \$0.06 each on or before 30 November 2016.	20,000,000
Total Options	24,500,000

The terms of the Options on issue do not allow for the exercise price to change following a rights issue, and there will be no change to the exercise price of Options.

5.5 Statement of financial position

Set out in Schedule 1 is the Consolidated Statement of Financial Position of the Company and the Consolidated Pro-Forma Statement of Financial Position (both unaudited), as at 31 March 2014 and on the basis of the following assumptions:

- (a) the Offer was effective on 31 March 2014; and
- (b) no further Shares are issued (including by way of exercise of Options) other than all New Shares offered under this Prospectus.

The significant accounting policies upon which the Consolidated Statement of Financial Position and the Consolidated Pro-Forma Statement of Financial Position are based are contained in the audited financial report for year ended 30 June 2013.

5.6 Effect on control and potential dilution

- (a) Underwriter

Mr Foon Keong (Charles) Lew, the Company's Chairman, currently has a relevant interest in 27,646,955 Shares, or 14.93% of the Company's Shares on issue.

Equator Star Holdings Limited (**Underwriter**), an associate of Mr Lew, has agreed to fully underwrite the Offer. Assuming no further Shares are issued prior to the Record Date, the maximum number of Shares the Underwriter will have a relevant interest in and their voting power will be as follows:

	Equator Star Holdings Limited
Current	
Shares ¹	27,646,955
Voting power (%)	14.93
Full subscription	
Maximum number of Shares ¹	101,726,833
Maximum voting power (%)	39.23

¹ Includes Shares held by associates.

The Underwriter has informed the Company that, in the event it is issued Shortfall Shares and increases of its voting power in the Company and based upon the Company's present circumstances, it currently does not intend:

- (i) to make any significant changes to the Company's existing business;
- (ii) to become involved in decisions regarding the employment of the Company's present employees and contractors, and contemplates that they will continue in the ordinary course of business;
- (iii) for any property to be transferred between the Company and the Underwriter or any of its associates; or
- (iv) to change the Company's existing financial policies

The above statements are of current intention only, and may change as new information becomes available or circumstances change. Implementing the current

intention is also subject to the legal obligations of the Directors at the time.

(b) Others

As the Offer is non-renounceable, the Company has not appointed a nominee for the purposes of section 615 of the Corporations Act and Shareholders may not rely upon item 10 of section 611 of the Corporations Act to have a voting power of 20% or more as a result of the issue of New Shares.

Other than as disclosed in this Prospectus, no person's voting power in the Company may increase to 20% or more as a result of the issue of New Shares.

(c) Dilution

Shareholders who do not participate in the Offer will have their holdings diluted. Following is a table which sets out the dilutionary effect (assuming no Options are exercised prior to the Closing Date):

Holder	Holding at Record Date		Entitlement	Holding following the Offer if no Entitlement taken up	
	Number	%		Number	%
1	5,000,000	2.70	1,500,000	5,000,000	1.93
2	2,500,000	1.35	750,000	2,500,000	0.96
3	1,250,000	0.67	375,000	1,250,000	0.48
4	750,000	0.40	225,000	750,000	0.29

6 RISK FACTORS

An investment in New Shares is highly speculative as the Company is a resource exploration company. Please consider the risks described below and the information contained in other sections of this Prospectus. You should also consider consulting with your professional advisers before deciding whether or not to apply for the New Shares.

The following is a list of the material risks that may affect the financial position of the Company, the value of an investment in the Company, as well as the Company's operations.

6.1 Risks specific to the Offer

Upon completion of the Offer, assuming no Options are exercised prior to the Record Date, the number of Shares the Company will have on issue will increase from 185,199,694 to 259,279,572.

It is not possible to predict the value of the Company or its Shares following the Offer, and the Directors do not make any representations to such matters. The trading price of the Company's Shares is 4.7 cents per Share as at 26 May 2014, and there is a risk that the New Shares may not trade for this price.

Shareholders should note that if they do not participate in the Offer and because it is fully underwritten, their holdings will be diluted by 28.57%. (as compared to their holdings). Examples of dilution are set out in section 5.6(c). The Underwriter's voting power in the Company may increase up to a maximum of 39.23%. There is a risk that this may result in reduced liquidity for the Company's Shares and the Underwriter exerting increased control over the Company and its affairs.

6.2 Company and industry risks

The risks outlined below are specific to the Company's operations and to the resource exploration industry in which the Company operates.

(a) Hastings Project

Exploration is a high risk undertaking. The Company does not give any assurance that exploration of its current projects or any future projects will result in the delineation or discovery of a significant mineral resource. Even if a significant mineral resource is identified, there can be no guarantee that it can be economically exploited.

In September 2012 the Company announced the results of scoping study for its Hastings Heavy Rare Earths Project. As a result of the subsequent softening in rare earth prices and the significant capital expenditure for whole of ore processing the Company is reviewing low cost capital models. In addition the Company is undertaking further exploration on the Southern Extension, Levon and Haig prospects with a view to further improving the project economics.

(b) Joint venture

Certain tenements within the Yangibana project are subject to a joint venture in which the Company has a 60% interest.. There is a risk that the Company's joint venture partner may not comply with the terms of the joint venture or act in the

best interests of the joint venture. This may have an adverse effect on the interests and prospects of the Company.

(c) Title and application risk

The Company's mining tenements are governed by the *Mining Act 1978* (WA). Each tenement is for a specific term and carries with it annual expenditure and reporting commitments as well as other conditions requiring compliance. There is a risk that the Company could lose title to one or more of its tenements if tenement conditions or annual expenditure commitments are not met.

The Company and its subsidiaries have submitted applications for a further nine (9) exploration licences in the Company's Yangibana project. Whilst the Company is not aware of any reason why these applications will not be granted, the grant involves the exercise of administrative functions by the Department of Mines and Petroleum (Western Australia) which are beyond the control of the Company.

(d) Future capital needs and additional funding

The Company recorded a net loss of \$959,203 and a net outflow from operating and investing activities of \$924,083 for the half year ending 31 December 2013. As at 31 March 2014 it had approximately \$1.432m cash on hand.

The funds raised by the Offer will primarily be used to fund exploration on the Company's projects. There is a risk that these funds will not be sufficient to complete the proposed exploration and that further funding will be required.

The Company's ability to raise further capital (equity or debt) within an acceptable time, of a sufficient amount and on terms acceptable to the Company will vary according to a number of factors, including prospectivity of projects (existing and future), the results of exploration, subsequent feasibility studies, development and mining, stock market and industry conditions and the price of relevant commodities and exchange rates.

No assurance can be given that future funding will be available to the Company on favourable terms (or at all). If adequate funds are not available on acceptable terms the Company may not be able to further develop its projects and it may impact on the Company's ability to continue as a going concern.

(e) Commodity prices

The Company's business relies primarily on the exploration and potential future production of the heavy rare earth metals including yttrium, zircon, niobium, and tantalum. Prices of these metals fluctuate and are affected by numerous factors beyond the control of the Company. These factors include worldwide and regional supply and demand for commodities, general world economic conditions and the outlook for interest rates, inflation and other economic factors on both a regional and global basis. These factors may have a positive or negative effect on the Company's exploration, project development and production plans and activities, together with the ability to fund those plans and activities.

(f) Environmental

The Company's projects are subject to rules and regulations regarding environmental matters and the discharge of hazardous wastes and materials. As

with all mineral projects, the Company's projects are expected to have a variety of environmental impacts should development proceed. Development of any of the Company's projects will be dependent on the Company satisfying environmental guidelines and, where required, being approved by government authorities.

The Company intends to conduct its activities in an environmentally responsible manner and in accordance with all applicable laws, but may still be subject to accidents or other unforeseen events which may compromise its environmental performance and have adverse financial implications.

Rare earth deposits are often associated with thorium, uranium and their daughter products which are radioactive and for which special management plans need to be formulated and agreed with government authorities.

(g) Native title and aboriginal heritage

The effect of the present laws in respect of native title that apply in Australia is that mining tenement applications and existing tenements may be affected by native title claims or procedures. This may preclude or delay granting of exploration and mining tenements and considerable expenses may be incurred negotiating and resolving issues, including any compensation arrangement reached in settling native title claims lodged over any of the tenements held or acquired by Hastings.

The presence of aboriginal sacred sites on tenements held by Hastings or its subsidiaries may limit or preclude exploration or mining activities within spheres of influence on those sites and delays and expenses may be experienced in obtaining clearances.

(h) Key personnel

The responsibility of overseeing the day-to-day operations and the Company's strategic management depends substantially on its senior management and key personnel. There may be detrimental impact on the Company if one or more of these employees cease their employment.

(i) Contingent liability

Under the terms of the Yangibana acquisition agreement, the Company has a deferred contingent liability of \$2 million to be settled in shares to the vendor of the Yangibana project, payable upon the project achieving bankable feasibility and offer of project financing. These conditions have not been met as at the date of this Prospectus and the contingent liability has not been recognised in the Company's statement of financial position.

6.3 General investment risks

The risks outlined below are some of the general risks that may affect an investment in the Company.

(a) Securities investments and share market conditions

There are risks associated with any securities investment. The prices at which the securities trade may fluctuate in response to a number of factors.

Furthermore, the stock market, and in particular the market for exploration and mining companies may experience extreme price and volume fluctuations that may be unrelated or disproportionate to the operating performance of such companies. These factors may materially adversely affect the market price of the securities of the Company regardless of the Company's operational performance. Neither the Company nor the Directors warrant the future performance of the Company, or any return of an investment in the Company.

(b) Liquidity risk

The market for the Company's Shares may be illiquid. As a consequence investors may be unable to readily exit or realise their investment.

(c) Sovereign Risk

The capacity to explore and mine, as well as industry profitability generally, can be affected by changes in government policy which is beyond the control of the Company. All of the Company's projects are located in Australia.

(d) Economic risk

Changes in both Australia and world economic conditions may adversely affect the financial performance of the Company. Factors such as inflation, currency fluctuations, interest rates, industrial disruption and economic growth may impact on future operations and earnings.

Cheque, bank draft or money order

The completed Entitlement and Acceptance Form must be accompanied by a cheque, bank draft or money order made payable to 'Hastings Rare Metals Ltd' and crossed 'Not Negotiable' for the appropriate application money in Australian dollars calculated at \$0.038

per New Share accepted. Your cheque, bank draft or money order must be paid in Australian currency and be drawn on an Australian branch of an Australian financial institution. The Company will present the cheque or bank draft on or around the day of receipt of the Entitlement and Acceptance Form. You must ensure that your cheque account has sufficient funds to cover your payment, as your cheque will be presented for payment on receipt. If your bank dishonours your cheque your application will be rejected. Dishonoured cheques will not be represented.

If the amount of your cheque(s), bank draft(s) or money order(s) for application money (or the amount for which those cheque(s) or bank draft(s) clear in time for allocation) is insufficient to pay for the number of New Shares you have applied for in your Entitlement and Acceptance Form, you may be taken to have applied for such lower number of New Shares as your cleared application money will pay for (and to have specified that number of New Shares in your Entitlement and Acceptance Form) or your Application may be rejected.

The Entitlement and Acceptance Form must be received by the Company at the following address by no later than 5.00 pm (WST) on the Closing Date:

By Post To:	By Delivery To:

BPAY

Alternatively, if you are paying by BPAY, refer to your personalised instructions on your Entitlement and Acceptance Form. Shareholders who wish to pay by BPAY must ensure that payment is received by no later than 5pm AEST (3pm (WST)) on the Closing Date.

You should be aware that your own financial institution may implement earlier cut-off times with regard to electronic payment, and you should therefore take this into consideration when making payment. It is your responsibility to ensure that funds submitted through BPAY are received by 5pm AEST (3pm (WST)) on the Closing Date.

If you have more than one shareholding and consequently receive more than one Entitlement and Acceptance Form, when taking up your Entitlement in respect of one of those shareholdings only use the Customer Reference Number specific to that shareholding as set out in the applicable Entitlement and Acceptance Form. Do not use the same Customer Reference Number for more than one of your shareholdings. This can result in your application monies being applied to your Entitlement in respect of only one of your shareholdings (with the result that any application in respect of your remaining shareholdings will not be recognised as valid).

The Company shall not be responsible for any postal or delivery delays or delay in the receipt of the BPAY payment.

7.6 Entitlement and Acceptance Form is binding

A completed and lodged Entitlement and Acceptance Form together with a cheque, bank draft or money order for the application moneys, or by making a payment in respect of an

Application by BPay, constitutes a binding application to acquire New Shares on the terms and conditions set out in this Prospectus and, once lodged, cannot be withdrawn.

By completing and returning your Entitlement and Acceptance Form with the requisite application monies, or by making a payment in respect of an Application by BPay, you will be deemed to have represented that you are an Eligible Shareholder. In addition, you will also be deemed to have represented and warranted on behalf of yourself or each person on whose account you are acting that the law in your place of residence and/or where you have been given the Prospectus, does not prohibit you from being given the Prospectus and that you:

- (a) agree to be bound by the terms of the Offer;
- (b) declare that all details and statements in the Entitlement and Acceptance Form are complete and accurate;
- (c) declare that you are over 18 years of age and have full legal capacity and power to perform all your rights and obligations under the Entitlement and Acceptance Form;
- (d) authorise the Company and its respective officers or agents, to do anything on your behalf necessary for the New Shares to be issued to you, including to act on instructions of the Company's share registry upon using the contact details set out in the Entitlement and Acceptance Form;
- (e) declare that you are the current registered holder of Shares and are an Australian or New Zealand resident, and you are not in the United States or a US Person, or acting for the account or benefit of a US Person;
- (f) acknowledge that the information contained in, or accompanying, the Prospectus is not investment or financial product advice or a recommendation that New Shares are suitable for you given your investment objectives, financial situation or particular needs; and
- (g) acknowledge that the New Shares have not, and will not be, registered under the securities laws in any other jurisdictions outside Australia and New Zealand and accordingly, the New Shares may not be offered, sold or otherwise transferred except in accordance with an available exemption from, or in a transaction not subject to, the registration requirements of applicable securities laws in particular the US Securities Act.

The Entitlement and Acceptance Form does not need to be signed to be a valid application. An Application will be deemed to have been accepted by the Company upon allotment of the New Shares.

If the Entitlement and Acceptance Form is not completed correctly or if the accompanying payment of the application moneys is for the wrong amount, it may still be treated as a valid application for New Shares. The Directors' decision whether to treat an acceptance as valid and how to construe, amend or complete the Entitlement and Acceptance Form is final. However, an Applicant will not be treated as having applied for more Shares than is indicated by the amount of the cheque for the application moneys.

8 DETAILS OF THE OFFER

8.1 Shares offered for subscription

By this Prospectus the Company makes a non-renounceable pro rata offer of 2 New Shares for every 5 Existing Shares held as at the Record Date at a price of \$0.038 per New Share to raise approximately \$2.81 million before issue costs (**Offer**). Fractional entitlements will be rounded up to the nearest whole number.

The Offer is only open to Eligible Shareholders. The Company reserves the right to reject any application that it believes comes from a person who is not an Eligible Shareholder.

Details of how to apply for New Shares are set out at section 7.

All New Shares offered under this Prospectus will rank equally with Existing Shares. The rights and liabilities of the New Shares are summarised in section 9.

8.2 Minimum Subscription

The Offer is fully underwritten and there is no minimum subscription for the Offer.

8.3 Acceptances

This Offer may be accepted in whole or in part prior to the Closing Date subject to the rights of the Company to extend the Offer period.

Instructions for accepting your Entitlement are set out in section 7 and on the Entitlement and Acceptance Form which accompanies this Prospectus.

8.4 Underwriting

Equator Star Holdings Limited, an entity associated with the Company's Chairman, Mr Lew, has agreed to fully underwrite the Offer in accordance with the Underwriting Agreement.

The Underwriter will be paid a 6% fee on the amount of Shortfall Shares underwritten (**Underwriting Fee**). The Company will also be required to reimburse the Underwriter for all of the reasonable costs incurred by the Underwriter in accordance with the Offer.

In accordance with the Underwriting Agreement and as is customary with these types of arrangements:

- (a) the Company has (subject to certain limitations, including where the loss arises through an Underwriter performing their underwriting obligation) agreed to indemnify the Underwriters, their officers, employees, advisers and related bodies corporate, and the officers, employees and advisers of any of its related bodies corporate against losses suffered or incurred in connection with the Offer;
- (b) the Company and the Underwriters have given representations, warranties and undertakings in connection with (among other things) the conduct of the Offer;
- (c) the Underwriter may (in certain circumstances, including having regard to the materiality of the relevant event) terminate their Underwriting Agreement and be released from their obligations under it on the occurrence of certain events, including (but not limited to) where:

- (i) there are disruptions to the financial markets of key countries or hostilities commence or escalate in key countries;
- (ii) any of the S&P/ASX 200 Index or the S&P/ASX 300 Metals and Mining Index as published by ASX is at any time after this Agreement is at any time after the date of the Underwriting Agreement more than 10% below its respective level at the close of normal trading on the Business Day before the date the Underwriting Agreement was signed;
- (iii) there is an adverse change, or an event occurs which is likely to give rise to an adverse change, in the financial position or performance, shareholder's equity, profits, losses, results, condition, operations or prospects of the Company and its subsidiaries, which in the opinion of the Underwriter is material; or
- (iv) the Shares of the Company on the ASX on any trading day after the date of the Underwriting Agreement have a closing price that is less than \$0.038.

The Directors, other than Mr Lew, consider the terms of the underwriting to be on terms that would be reasonable in the circumstances if the Company and the Underwriter were dealing at arm's length so that Shareholder approval of the arrangements is not required.

8.5 Entitlement to Offer

The Offer is made to Eligible Shareholders, who are those Shareholders that:

- (a) are the registered holder of Shares as at 5pm (WST) on the Record Date; and
- (b) have a registered address in Australia, New Zealand or Singapore.

8.6 Rights trading

The Offer is non-renounceable. This means that the rights of Eligible Shareholders to subscribe for New Shares under this Prospectus are not transferable and there will be no trading of rights on ASX. Eligible Shareholders who choose not to take up their entitlements will receive no benefit and their shareholding in the Company will be diluted as a result.

8.7 Shortfall Shares

Any Entitlement not applied for under the Offer are Shortfall Shares. Subject to the terms of the Underwriting Agreement and set out below, the Directors reserve the right to issue any Shortfall Shares at their discretion within 3 months after the Closing Date (**Shortfall Offer**).

The Shortfall Offer is, to the extent it is made in Australia, made under this Prospectus. To the extent the Shortfall Offer is made outside Australia, the Shortfall Offer is made without disclosure, a prospectus, lodgement, filing or registration, or other requirements of any applicable securities law, and only in circumstances where it is lawful to do so (such as to institutional or sophisticated investors).

Eligible Shareholders may apply for Shortfall Shares by completing the accompanying Entitlement and Acceptance Form in accordance with the instructions set out on that form. Other investors who are not Eligible Shareholders may apply for Shortfall Shares using the Shortfall Application Form attached to this Prospectus. Persons outside Australia doing so

represent to the Company that they can apply for Shortfall Shares in circumstances which do not require the offer for Shortfall Shares or this Prospectus to be registered.

It is possible that there may be few or no Shortfall Shares available for issue, depending on the level of take up of Entitlements by Shareholders. The Company will allocate Shortfall Shares as follows:

- (a) firstly, to Shareholders who apply for Shortfall Shares, and who hold less than a marketable parcel (to the extent required for them to each have a marketable parcel);
- (b) secondly, to Shareholders who apply for Shortfall Shares with any oversubscription scaled back pro rata to the amount they applied for; and
- (c) then to the Underwriter or its nominee.

Subject to the above, the Directors reserve the right at their absolute discretion to reject any application for Shortfall Shares or to issue a lesser number of Shortfall Shares than that applied for, and it is an express term of the Shortfall Offer that applicants for Shortfall Shares will be bound to accept a lesser number of Shortfall Shares allocated to them than applied for. If a lesser number is allocated, excess application money will be refunded without interest as soon as practicable after the Closing Date.

8.8 Offer outside Australia, New Zealand and Singapore

Recipients may not send or otherwise distribute this Prospectus or the Entitlement and Acceptance Form to any person outside Australia, New Zealand or Singapore.

8.9 Treatment of Overseas Shareholders

Given the small number of Shareholders with registered addresses outside Australia, New Zealand or Singapore, and the cost of complying with applicable regulations in those jurisdictions, the Company has decided that it would be unreasonable to extend the Offer to any Shareholder, as at the Record Date, whose registered address is not situated in those jurisdictions. The Prospectus will not be sent to those Shareholders.

New Zealand

The Offer contained in this Prospectus to Eligible Shareholders with registered addresses in New Zealand is made in reliance on the *Securities Act (Overseas Companies) Exemption Notice 2002 (New Zealand)*. Members of the public in New Zealand who are not existing Shareholders on the Record Date are not entitled to apply for any New Shares.

Singapore

This Prospectus has not been registered as a prospectus with the Monetary Authority of Singapore. The Offer is made to Eligible Shareholders resident in Singapore in reliance of section 273(1)(cd)(i) of the *Securities and Futures Act*. Accordingly this Prospectus and any other document or material in connection with the Offer may not be circulated or distributed, nor any New Shares be offered or sold, or be made the subject on an invitation for subscription or purchase, whether directly or indirectly, to any person who is not an existing Shareholder on the Record Date.

Elsewhere

This Prospectus does not constitute an offer of securities in any jurisdiction where, or to any person to whom, it would not be lawful to issue the Prospectus or make the Offer. No action has been taken to register or qualify the New Shares or the Offer or otherwise to permit an offering of the New Shares in any jurisdiction than as set out in this section.

This document is not for publication or distribution, directly or indirectly, in or into the United States of America (including its territories and possessions, any state of the US and the District of Columbia). This document is not an offer of securities for sale into the United States or to, or for the account or benefit of, US Persons. The securities referred to herein have not been and will not be registered under the US Securities Act, and may not be offered or sold in the United States or to, or for the account or benefit of, US Persons. No public offering of securities is being made in the United States.

Recipients may not send or otherwise distribute this Prospectus or the Entitlement and Acceptance Form to any person outside Australia, New Zealand or Singapore (other than to Eligible Shareholders).

8.10 Beneficial holders, nominees, trustees and custodians

The foreign selling restrictions under the Offer summarised in section 8.9 of this Prospectus apply to the underlying beneficial holder. Nominees, trustees and custodians must not apply on behalf of any beneficial holder that would not itself be an Eligible Shareholder. Shareholders who are nominees, trustees or custodians are advised to seek independent advice as to how they should proceed. Shareholders who hold Shares on behalf of persons whose registered address is not in Australia, New Zealand or Singapore are responsible for ensuring that applying for New Shares does not breach securities laws in the relevant overseas jurisdictions.

Nominees and custodians that hold Shares should note that the Offer is available only to Eligible Shareholders. The Company is not required to determine whether or not any registered holder is acting as a nominee or the identity or residence of any beneficial owners of securities. If any nominee or custodian is acting on behalf of a foreign person, that holder, in dealing with its beneficiary, will need to assess whether indirect participation by the beneficiary in the Offer is compatible with applicable foreign laws.

8.11 Allotment and application money

New Shares will be issued only after all application money has been received and ASX has granted permission for the New Shares to be quoted. It is expected that New Shares will be issued on 25 June 2014 and normal trading of the New Shares on ASX is expected to commence on 26 June 2014.

All application moneys will be deposited into a separate bank account of the Company and held in trust for Applicants until the Shares are issued or application moneys returned. Any interest that accrues will be retained by the Company and will not be paid to Applicants.

8.12 Quotation

The Company will apply to ASX within 7 days after the date of this Prospectus for quotation of the New Shares offered by this Prospectus on ASX. If ASX does not grant permission for the quotation of the New Shares offered under this Prospectus within 3 months after the date of this Prospectus, or such longer period as modified by ASIC, none of the New Shares

offered by this Prospectus will be allotted or issued. In these circumstances, all Applications will be dealt with in accordance with the Corporations Act including the return of all application moneys without interest.

A decision by ASX to grant official quotation of the New Shares is not to be taken in any way as an indication of ASX's view as to the merits of the Company or of the New Shares.

Quotation, if granted, of the New Shares offered by this Prospectus will commence as soon as practicable after statements of holdings of the New Shares are dispatched.

8.13 Market prices of Existing Shares on ASX

The highest and lowest market sale price of the Existing Shares, which are on the same terms and conditions as the New Shares being offered under this Prospectus, during the 12 months immediately preceding the lodgment of this Prospectus with the ASIC, and the last market sale price on the date before the lodgment date of this Prospectus, are set out below.

	12 month high	12 month low	Last market sale price
Price	\$0.075	\$0.033	\$0.047
Date	30 October 2013	28 June 2013	26 May 2014

8.14 CHESS

The Company participates in the Clearing House Electronic Subregister System (**CHESS**). CHESS is operated by ASX Settlement Pty Ltd (**ASPL**), a wholly owned subsidiary of ASX.

Under CHESS, the Company does not issue certificates to investors. Instead, security holders will receive a statement of their holdings in the Company, including New Shares issued under this Prospectus. If an investor is broker sponsored, ASPL will send a CHESS statement.

The CHESS statement will set out the number of New Shares issued under this Prospectus, provide details of your holder identification number and give the participation identification number of the sponsor.

If you are registered on the issuer sponsored sub register, your statement will be dispatched by the Company's share registrar and will contain the number of New Shares issued to you under this Prospectus and your security holder reference number.

A CHESS statement or issuer sponsored statement will routinely be sent to Shareholders at the end of any calendar month during which the balance of their shareholding changes. Shareholders may request a statement at any other time, however, a charge may be made for additional statements.

8.15 Taxation and duty implications

The Directors do not consider that it is appropriate to give Shareholders advice regarding the taxation consequences of the Company conducting the Offer or Shareholders applying for New Shares under this Prospectus, as it is not possible to provide a comprehensive summary of the possible taxation positions of Shareholders. The Company, its advisers and officers, do not accept any responsibility or liability for any taxation consequences to

Shareholders in the Offer. Shareholders should, therefore, consult their own professional tax adviser in connection with the taxation implications of the Offer.

No brokerage or stamp duty is payable by Applicants in respect of Applications for New Shares under this Prospectus.

8.16 Privacy

The Company collects information about each Applicant provided on an Entitlement and Acceptance Form for the purposes of processing the Application and, if the Application is successful, to administer the Applicant's security holding in the Company.

By submitting an Entitlement and Acceptance Form, each Applicant agrees that the Company may use the information provided by an Applicant on the Entitlement and Acceptance Form for the purposes set out in this privacy disclosure statement and may disclose it for those purposes to the Share Registry, the Company's related body corporates, agents, contractors and third party service providers, including mailing houses and professional advisors, and to ASX and regulatory authorities.

If an Applicant becomes a Shareholder, the Corporations Act requires the Company to include information about the Shareholder (including name, address and details of the Shares held) in its public register. The information contained in the Company's public register must remain there even if that person ceases to be a Shareholder. Information contained in the Company's register is also used to facilitate distribution payments and corporate communications (including the Company's financial results, annual reports and other information that the Company may wish to communicate to its security holders) and compliance by the Company with legal and regulatory requirements.

If you do not provide the information required on the Entitlement and Acceptance Form, the Company may not be able to accept or process your Application. An Applicant has the right to gain access to the information that the Company holds about that person subject to certain exceptions under law. A fee may be charged for access. Such requests must be made in writing to the Company's registered office.

8.17 Enquiries

Any queries regarding the Offer should be directed to Mr Guy Robertson, Company Secretary on +61 2 9078 7674.

Any queries regarding the Entitlement and Acceptance Form should be directed to the Share Registry on +61 8 9315 2333.

You can also contact your stockbroker or professional adviser with any queries in relation to the Offer.

Full details of the rights and liabilities attaching to the Shares are:

- detailed in the Constitution, a copy of which can be inspected, free of charge, at the registered office of the Company during normal business hours; and

Subject to the rights of holders of shares issued with any special rights (at present there are none), the profits of the Company which the Board may from time to time determine to distribute by way of dividend are divisible to each share of a class on which the Board resolves to pay a dividend in proportion to the amount for the time being paid on a share bears to the total issue price of the share. All Shares currently on issue and the shares to be issued under this Prospectus are fully paid Shares.

(c) Future issues of securities

10 ADDITIONAL INFORMATION

10.1 Continuous disclosure obligations

The Company is a 'disclosing entity' (as defined in section 111AC of the Corporations Act) for the purposes of section 713 of the Corporations Act and, as such, is subject to regular reporting and disclosure obligations. Specifically, like all listed companies, the Company is required to continuously disclose any information it has to the market which a reasonable person would expect to have a material effect on the price or the value of the Company's securities. The New Shares which will be issued pursuant to this Prospectus are in the same class of Shares that have been quoted on the official list of the ASX during the 12 months prior to the issue of this Prospectus.

This Prospectus is a "transaction specific prospectus" to which the special content rules under section 713 of the Corporations Act apply. That provision allows the issue of a more concise prospectus in relation to an offer of securities in a class which has been continuously quoted by ASX in the three months prior to the date of the prospectus. In general terms "transaction specific prospectuses" are only required to contain information in relation to the effect of the issue of New Shares on the Company and the rights attaching to the New Shares. It is not necessary to include general information in relation to all of the assets and liabilities, financial position, profits and losses or prospects of the issuing company.

This Prospectus is intended to be read in conjunction with the publicly available information in relation to the Company which has been notified to ASX and does not include all of the information that would be included in a prospectus for an initial public offering of securities in an entity that is not already listed on a stock exchange. Investors should therefore have regard to the other publicly available information in relation to the Company before making a decision whether or not to invest.

Having taken such precautions and having made such enquires as are reasonable, the Company believes that it has complied with the general and specific requirements of ASX as applicable from time to time throughout the period from lodgment of the Company's annual financial statements of the Company for the financial year ended 30 June 2013 to the issue of this Prospectus which required the Company to notify ASX of information about specified events or matters as they arise for the purpose of ASX making that information available to the stock market conducted by ASX.

Information that is already in the public domain has not been reported in this Prospectus other than that which is considered necessary to make this Prospectus complete.

The Company, as a disclosing entity under the Corporations Act states that:

- (a) it is subject to regular reporting and disclosure obligations;
- (b) copies of documents lodged with the ASIC in relation to the Company (not being documents referred to in section 1274(2)(a) of the Corporations Act) may be obtained from, or inspected at, the offices of the ASIC; and
- (c) it will provide a copy of each of the following documents, free of charge, to any person on request between the date of issue of this Prospectus and the Closing Date:

- (i) the annual financial statements of the Company for the financial year ended 30 June 2013 being the last financial statements for a financial year, of the Company lodged with the ASIC before the issue of this Prospectus;
- (ii) any half-year financial report lodged with ASIC by the Company after the lodgement of that annual report and before the lodgement of this Prospectus; and
- (iii) any continuous disclosure notices given by the Company after the lodgment of the financial statements referred to in paragraph (i) and before the lodgment of this Prospectus with ASIC.

Copies of all documents lodged with the ASIC in relation to the Company can be obtained free of charge from the Company's registered office during normal office hours.
