PLACEMENT

Korab Resources Ltd ("**Korab**", or "**Company**") (ASX: **KOR**) wishes to advise that it has resolved to place 601,555 fully paid ordinary shares in the capital of the Company without a disclosure document to unrelated, exempt investor under Section 708 of the Corporations Act. The placement price of 2.5 cents each is at a 14% premium to the last traded price of 2.2 cents for Company's securities, and at a 9% premium to the volume weighted average price of 2.3 cents calculated over the last 15 trading days on which trading in the Company's securities was recorded. The placement will be completed within Korab's existing placement capacity pursuant to Listing Rules 7.1 and no shareholder approval will be required. These 601,555 shares will constitute a dilution of 0.4% to Korab shareholders. The issue is not underwritten and there are no costs, or fees incurred in connection with the issue. Funds raised from this placement will be used for working capital purposes. The Company is raising funds by way of a placement to exempt investor rather than by way of a pro-rata offer or a Securities Purchase Plan (SPP) offered to all existing shareholders because of the time constraints, the relatively small size of the issue, the high cost of preparing and making an offer to all shareholders and because of a very low shareholder participation rate in the most recent SPP offer.
