

Nexus Appoints Wood Group for Crux Liquids Project

Nexus Energy Limited is pleased to announce that it has executed an agreement with the Wood Group for project management services in relation to the Crux liquids project.

Wood Group is a leading worldwide Engineering and Project Management services provider, having around 34,000 employees, with core strengths in Process Design, Subsea Developments and Pipelines, Operations and Maintenance, Rotating Equipment and Power Management Systems, supporting clients throughout the entire lifecycle from concept and FEED studies on to detail design, construction, commissioning and operations and maintenance.

As stated in the 11 April 2011 announcement in relation to the fully underwritten accelerated renounceable entitlement offer, part of the proceeds from the capital raising will be used to fund the Crux liquids project through to Final Investment Decision (FID) this calendar year. The appointment of the Wood Group is an important step in achieving this key corporate objective.
