General Manager
ASX Company Announcements Office
Australian Securities Exchange

APPOINTMENT OF CHIEF EXECUTIVE OFFICER

The Board of Outback Metals Limited (ASX:OUM) is pleased to announce that Mr Richard Bradey has today accepted the position of Chief Executive Officer of the Company. Previously the Chief Geologist and Acting General Manager for Hillgrove Resources' flagship operation, the Kanmantoo Copper Mine located in the Adelaide Hills, Mr Bradey played a key role in resource development, permitting and financing of the Kanmantoo operation in addition to directly managing the company's successful transition from explorer to copper producer in 2009.

Richard has qualifications in geology, is a Member of the Australian Institute of Mining and Metallurgy and has over twenty years experience in mining operations as well as business development and exploration including roles with Mount Isa Mines, Normandy Metals, Xstrata Zinc and Hill 50 Gold.

As CEO Richard will assume responsibility for management of the Company under the guidance of the existing Outback Metals Board and will drive the Company's business development and exploration activities.

Outback Metals is now well placed to enhance shareholder value through the exploration of its highly prospective tin, gold, copper, REE and uranium projects. The Board has recently addressed the need for a longer term growth strategy and in Richard Bradey are pleased to have attracted a well-qualified professional to lead the Company into a period of expansive growth.

The Company is currently developing a business plan to advance its projects and exploration within tenements over 3,200 square kilometres of highly prospective terrain in the Pine Creek, Rum Jungle and Ranger districts of the Northern Territory.
