### **Request for Voluntary Suspension of Trading**

The Directors of Digislide Holdings Limited ("Digislide") requests a voluntary suspension of the trading of its shares.

The Company advises in accordance with Listing Rule 17.2 that:

- discussions and negotiations have commenced for a placement of securities to an investor,
- the Company is unsure as to how long these negotiations will take to finalise,
- that upon the reaching of agreement with the investor that a request for release from suspension will be made, and that such terms of the placement will be advised to the market, and
- the Company is not aware of any reason why its securities should not be suspended.

### **About Digislide**

Digislide is an innovative Australian based company with an extensive Intellectual Property portfolio and proven capacity to design, develop and commercialise complex projection products. The technologies have wide patent protection and have already received international acclaim.

Digislide's strategy is to licence manufacturers to produce miniature projection systems for embedding in mobile and/or hand held communication devices, such as mobile phones, PDA's and notebook computers, and its tactical focus has been to design hand held projectors which complement and interface with 5 of the world's biggest selling electronic devices; Apple's iPhone™ and iPod™, Nintendo's Wii™, Sony's Playstation™ suite and Microsoft's Xbox 360™.

Following the convergence of projection, telecommunications, mobile gaming, and IPTV (Internet Protocol Television) technologies VSDN Pty Ltd (a wholly owned subsidiary) was incorporated.

Virtual Streaming Distribution Network (VSDN) technologies remove the perception of the Internet as *"the digital divide"* and enable it to be *"the fourth utility"*. IPTV brings access to information, education, entertainment, health and wellbeing to a commodity level.
