Attention: Justin Nelson

**RE: Earth Heat Resources Ltd – EHR  
Request for Trading Halt**

In accordance with Listing Rule 17.2 the Company requests a trading halt pending a material announcement. The reasons are:

- The Company expects to make a material price sensitive announcement before close of trading tomorrow;
- The Company has been made aware of an imminent independently assessed substantial resource upgrade which it expects to be in a position to announce tomorrow, and is concerned about a possible lack of confidentiality due to the number of people involved particularly offshore;
- The Company requests that trading be halted immediately until after the expected announcement is made or until market open on Thursday, 19 May 2011, whichever is the earlier;
- The Company is not aware of any reason why its securities should not be temporarily suspended.
