

## ASX/TSX/NSX/MEDIA RELEASE

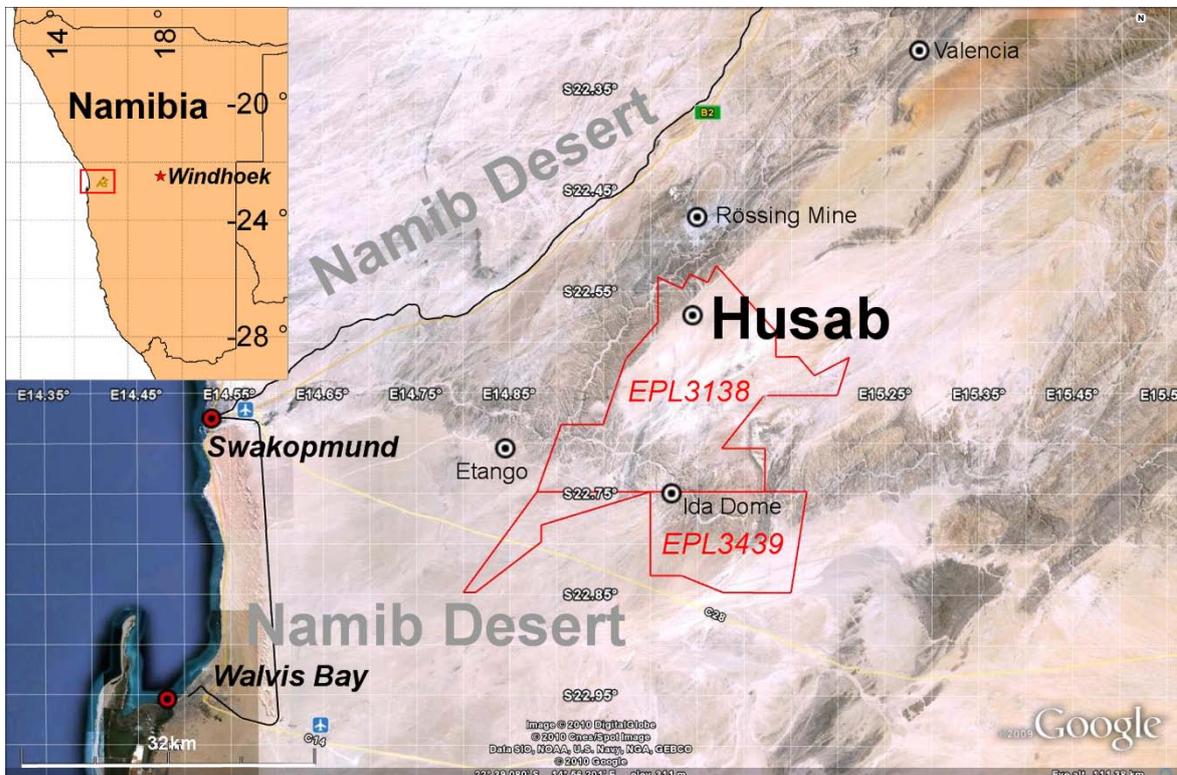

5 April 2011

### Extension of EPL 3138

Extract Resources Limited (ASX/TSX/NSX: EXT) ("Extract" or the "Company") is pleased to announce that Extract's wholly owned subsidiary, Swakop Uranium (Pty) Ltd, has received a two year extension for EPL 3138 (to April 2013), which covers the area where the Husab Uranium Project is located (see Figure 1). The extension will allow Extract to continue its exploration program over the 15 kilometre prospective stratigraphic trend from the northern end of Zone 1, south to Salem.

Extract Resources CEO and Managing Director Mr Jonathan Leslie said: *"This is an extremely positive outcome for the Company and confirms the Namibian Government's support for the Project and the exploration completed by the Company to date."*

**About Extract Resources Ltd:**

Extract Resources Ltd is an international uranium exploration and development company whose primary focus is in Namibia. The company's principal asset is its 100%-owned Husab Uranium Project which contains one of the largest uranium only deposits in the world. Extensive exploration potential also exists for new uranium discoveries in the region. Extract Resources is listed on the Australian (ASX), Toronto (TSX) and Namibian (NSX) Stock Exchanges.
