About Epic

Epic Resources is an Australian-based exploration company that was initially established to acquire, explore, evaluate and exploit uranium-REE deposits and explore prospective uranium tenements and other minerals.

Epic Resources was incorporated on 24 September 2010. On 29 October 2010, the Company entered into a Farmin Agreement with Cazaly Iron Pty Ltd (Cazaly), pursuant to which the Company has a right to earn a 75% interest in the Quartz Hill Project.

In addition to seeking to earn a 75% interest in the Quartz Hill Project and as outlined in the Company's Prospectus, the Company intends to pursue new projects in the resources sector, both in Australia and overseas, by way of acquisition or investment.

These projects may include other types of minerals including, without limitation, coal, iron ore, copper, gold, manganese, tin, nickel, potash and tungsten.
