Dear Rohan

Trading Halt Request

I confirm Gold Anomaly Limited ("GOA")'s request for a trading halt. GOA provides the following information:

1. The reason for the request is that GOA received preliminary assay results for Hole NEV 27 at its Crater Mountain Project and is still analysing those results, as well as awaiting further assay results in respect of copper deposits in NEV 27.
2. GOA expects the trading halt to last until some time prior to Market open on Friday, 30 December.
3. GOA expects that the trading halt will be ended by GOA's announcement to the Market of full details of the assay results and its analysis of those results.
4. GOA is not aware of any reason why the trading halt should not be granted.

Yours Faithfully
