Dear Sir

Trading Halt Request

Scandinavian Resources Ltd ("Scandinavian Resources" or the "Company") requests a trading halt in its securities pending release of an announcement regarding an expansion of its exploration activities in the Kiruna District, northern Sweden.

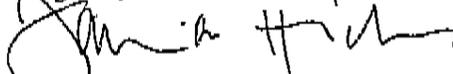

By way of background, Scandinavian Resources is one of the largest exploration permit holders by area in the Kiruna District where its Kiruna Iron Project is located 30 kilometres south-west of the world-class 2BI iron mine owned by Luossavaara-Kiirunavaara AB (LKAB).

The Company has today finalised a joint venture into additional exploration permits in the Kiruna District and will now prepare an application to the ASX for a waiver of Listing Rule 5.6 in relation to the reporting of foreign historical estimates on the new joint venture permits.

Subject to the timing and outcome of the ASX waiver application, Scandinavian Resources anticipates being in a position to make an announcement regarding the joint venture and the foreign historical estimates prior to the open of trading on Friday, 4 June 2010.

We are not aware of any reason why the trading halt should not be granted.

Regards,

Damian Hicks
Chairman
