RELEASE

## Update on UK wind sale process

1 March 2010

Viridis Clean Energy Group (ASX: VIR) ("**VCEG**" or "**the Fund**") today provided an update on the sale process for its 49% interest in the Ardrossan Wind farm in the UK ("**Ardrossan Wind**").

Following its review of the indicative proposals received under the sale process the board has concluded that the proposed offer price and terms are acceptable and now intends to proceed with a sale.

In accordance with the terms of the shareholders agreement for Ardrossan Wind, VCEG has issued a transfer notice advising the majority shareholder in Ardrossan Wind, SSE Renewables Holdings (UK) Limited, of the proposed terms of sale. The transfer notice is irrevocable. The majority shareholder has 30 days to advise VCEG whether or not it wishes to purchase VCEG's interest on the proposed terms. If it elects not to do so VCEG is released to transact with its preferred bidder. Completion of any transaction is subject to final due diligence and transaction documentation, in a form satisfactory to both parties.

The proceeds of any sale will be applied to substantially reduce corporate debt levels.

Further updates on the sale process will be provided in due course.

END
