Announcement: Drilling program rescheduled

Victorian Gold Mines NL

Victorian Gold Mines NL (ASX Code VGM) as per announcement of the 5th July 2010, scheduled a small drilling program to be conducted at the Wedderburn site toward the end of July.

The program is in the process of being re-scheduled. Scheduling matters with respect to getting key company personnel to be on hand at the site as well as other developments as documented in our recent announcement of our intent to acquire interests in North Africa have meant a short postponement.

VGM intends to re-commence the drilling program at Wedderburn at the earliest practical opportunity.
