

## **ASX/MEDIA RELEASE**

Dated: 24 July 2013

### **DEATH OF ROBERT MARSHALL McLENNAN**

The company advises with regret the sudden death of one of its founding directors, Robert McLennan who died in Fiji last Sunday.

Robert was a founding director of the Company and his input as a Director and wealth of geological knowledge and experience will be greatly missed.

The Directors and shareholders extend their sympathy and condolences to his family and his many friends and acquaintances in the mining industry made over many years of service as an exploration geologist.
