LINQ RESOURCES FUND

NOTES TO THE FINANCIAL STATEMENTS FOR THE HALF YEAR ENDED 31 DECEMBER 2012

1. CORPORATE INFORMATION

The financial report of the LinQ Resources Fund ('the Fund') for the half-year ended 31 December 2012 was authorised for issue in accordance with a resolution of the directors of LinQ Capital Limited, in its capacity as responsible entity of the Fund, on 25 February 2013. The Fund is an Australian Registered Scheme, constituted on 8 March 2002. The Fund will terminate on 7 March 2082 unless terminated earlier in accordance with provisions of the Constitution.

LinQ Capital Limited, the Responsible Entity of the Fund, is incorporated and domiciled in Australia. The registered office of the Responsible Entity is located at Level 1, LinQ House, 17 Ord Street, West Perth WA 6005.

The nature of the operations and principal activities of the Fund are described in the accompanying Directors' Report.

BASIS OF PREPARATION AND ACCOUNTING POLICIES

(a) Basis of Preparation

The half-year financial report is a general-purpose condensed financial report, which has been prepared in accordance with the Fund's Constitution, requirements of the Corporations Act 2001 and AASB 134 Interim Financial Reporting.

The financial report has been prepared on a historical cost basis, except for the valuation of investments in financial assets at fair value through Profit & Loss.

The Statement of Financial Position is presented on a liquidity basis. Assets and liabilities are presented in decreasing order of liquidity and are not distinguished between current and non-current. All balances are expected to be recovered or settled within 12 months, except for investments in financial assets. The amounts expected to be recovered and settled in relation to these balances cannot be reliably determined.

The half-year condensed financial report does not include all notes of the type normally included within the annual financial report and therefore cannot be expected to provide as full an understanding of the financial performance, financial position and financing and investing activities of the Fund as the full financial report.

The half-year condensed financial report should be read in conjunction with the annual financial report of the Fund as at 30 June 2012.

It is also recommended that the half-year condensed financial report be considered together with any public announcements made by the Fund during the half-year ended 31 December 2012 in accordance with the continuous disclosure obligations arising under the Corporations Act 2001 and ASX Listing Rules.

The condensed financial report is presented in Australian dollars and all values are rounded to the nearest thousand dollars (\$'000) unless otherwise stated under the option available to the Fund under the ASIC Class Order 98/0100. The Fund is an entity to which the Class Order applies.

For the purpose of preparing the half-year condensed financial report, the half-year has been treated as a discrete reporting period.

Apart from the changes in accounting policy noted in 1(d) below, the accounting policies and methods of computation are the same as those adopted in the most recent annual financial report.

LINQ RESOURCES FUND

NOTES TO THE FINANCIAL STATEMENTS FOR THE HALF YEAR ENDED 31 DECEMBER 2012

(b) Basis of Consolidation

The consolidated financial statements comprise the financial statements of the LinQ Resources Fund and its wholly owned subsidiary Trust, the LinQ Resources Fund No 2, as at 31 December 2012 (the Group).

A subsidiary is an entity over which the Group has the power to govern the financial and operating policies so as to obtain benefits from its activities.

The financial statements of the subsidiary Trust are prepared for the same reporting period as the parent, using consistent accounting policies.

In preparing the consolidated financial statements, all inter-trust balances and transactions, income and expenses and profit and losses resulting from intra-group transactions have been eliminated in full.

A subsidiary is fully consolidated from the date on which control is obtained by the Group and cease to be consolidated from the date on which control is transferred out of the Group.

(c) Comparative Figures

Where necessary, comparatives have been reclassified and repositioned for consistency with current period disclosures.

(d) Adoption of New and Revised Accounting Standards and Interpretations

In the current period, the LinQ Resources Fund has adopted all new and revised Standards and Interpretations issued by the Australian Accounting Standards Board relevant to its operations and effective for the reporting period commencing on 1 July 2012. The adoption of those new and revised Standards and Interpretations has not resulted in any changes to the Fund's accounting policies.

Adoption of these standards and interpretations did not have any effect on the financial position or performance of the Fund.

The Fund has not elected to early adopt any new standard or amendment.

Independent review report to unit holders of LinQ Resources Fund

Report on the 31 December 2012 Half-Year Financial Report

We have reviewed the accompanying half-year financial report of LinQ Resources Fund (the "Fund"), which comprises the consolidated statement of financial position as at 31 December 2012, the consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration of the consolidated entity comprising the Fund and the entities it controlled at the half-year end or from time to time during the half-year.

Directors' Responsibility for the Half-Year Financial Report

The directors of the Responsible Entity are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal controls as the directors determine are necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the consolidated entity's financial position as at [period date] and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of LinQ Resources Fund and the entities it controlled during the half-year, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*. We have given to the directors of the company a written Auditor's Independence Declaration, a copy of which is included in the Directors' Report.

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of LinQ Resources Fund is not in accordance with the *Corporations Act 2001*, including:

- a) giving a true and fair view of the consolidated entity's financial position as at 31 December 2012 and of its performance for the half-year ended on that date; and
- b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.
