

ASX Announcement / Media Release

Wednesday 3rd July 2013

Retirement of Non-Executive Director – Dr Stewart Washer

Immuron Limited [ASX: IMC] (the Company) wishes to advise that Non-Executive Director Dr Stewart Washer has today retired from his position on the Immuron Board.

Dr Washer cited that other business interests were consuming an increasing amount of his time and focus.

Dr Washer has served as a Director of the Company since February 2012.

Immuron's Chairman, Dr Roger Aston extended his gratitude and thanks to Dr Washer for his service to the Company and wished him well for his future endeavours.

For and on behalf of the Board,

Kind Regards;

Peter Vaughan
Company Secretary
Immuron Limited

About Immuron

Immuron is a biopharmaceutical company focused on oral immunotherapy treatments using dairy-derived antibody products for humans. Immuron is uniquely positioned with a versatile technology platform capable of generating a wide range of products with a high safety profile. This high safety profile makes it possible to complete pre-clinical studies relatively quickly and increases the prospect that the clinical development of Immuron's products will be expedited. Immuron's current products and product candidates target infectious diseases of the gastrointestinal tract, chronic diseases such as fatty liver/NASH, and influenza. Immuron has one product on the market, Travelan, for preventing travellers' diarrhoea. Immuron's main scientific alliances are with Hadassah Medical Centre (Israel), the University of Melbourne and Monash University (Australia).
