

4 October 2013

Vista Project Update

Forge Group Ltd (ASX:FGE) ("Forge Group") notes the announcement today by Coalspur Mines Limited (ASX:CPL) ("Coalspur") regarding the regulatory hearing for the Vista project, which is scheduled for 25 November 2013.

Coalspur states that it expects construction of the project to now commence in Q2 2014, which is line with Forge Group's expectations. Forge Group is continuing with detailed engineering works in order to deliver first coal in late 2015.

The full announcement relating to the regulatory hearing can be found at the Coalspur website www.coalspur.com/investors/

About Forge Group

Headquartered in Perth, Western Australia, Forge Group Ltd (ASX: FGE) is a multidisciplinary Engineering, Procurement and Construction (EPC) and Asset Management service provider delivering end-to-end turnkey solutions to the power and infrastructure, minerals and resources, and oil and gas sectors in Australia, Asia, Africa and North America.

With an experienced workforce of approximately 2,700, Forge Group services some of the world's leading resources, energy and utilities sector clients including BHP Billiton, Rio Tinto, Peabody Energy, ArcelorMittal, Chevron, MCC and AngloGold Ashanti.

With four fully-integrated business units, Forge Group's capabilities encompass state-of-the-art open and combined power stations, intuitive process solutions for the minerals, coal and resources industry, civil, mechanical, electrical and non-process solutions to the construction industry, and world-leading processing technology for the clean coal sector. These capabilities are supported by asset management services to ensure minimum lifecycle costs.

Forge Group Minerals & Resources provides a wide range of engineering, design and construction services for the minerals and resources sector including feasibility studies, front-end engineering design, EPC contract execution; clean coal technology and turnkey project solutions.

Forge Group Power provides turnkey power generation solutions to clients in the resources, oil & gas and infrastructure sectors globally. It specialises in Gas Turbine Power Plants, providing solutions in open or combined cycle configurations to meet client specifications.

Forge Group Construction provides a full range of multidiscipline construction and engineering solutions, including civil & concrete; structural, mechanical, piping & tanks; electrical & instrumentation; and building services. It services clients in the resources and oil & gas sectors globally.

Forge Group Asset Management compliments the group services providing integrated operations and maintenance, shutdown and capital works, emission reduction solutions and technology services in all sectors across multiple geographies.
