

31 October 2012

Dear Shareholder,

Attached is the quarterly cash flow report of the Company for the September 2012 quarter.

The focus of activities during the quarter has been:

1. Continuing commissioning of the Malaysian production facility. We are presently finalizing tooling for machines, training staff and undertaking test production runs to calibrate machines and to ensure compliance of parts produced with our tight tolerances.
2. Establishing supply lines for the Malaysian production facility. This has included a strict vendor selection process in order to ensure that parts supplied adhere to the tolerances needed for our products.
3. Building a dealer network to sell Jeep supercharger systems in the United States, which is being spearheaded by a recently recruited US Sales Manager.
4. Expanding our after market supercharger range, with the order for a supercharger system for the Toyota 86 / Subaru BRZ received from PMI for the US version of the vehicle (see the announcement on 26 September 2012).

Activities will continue in these four areas over the coming quarter and the Company has goals of being able to produce superchargers in Malaysia by the end of 2012, as well as increasing the dealer network.

In the 4th quarter of 2012, to support our sales push, we will commence a product awareness campaign in the US via advertising and attendance at trade shows focused on our Jeep supercharger systems.

We anticipate that expenditure will continue to be higher than our revenue for the coming period. This will be funded from a combination of a R&D Tax Incentive scheme refund, exercising of options as has been done by one director recently and increased sales activity.

Yours faithfully,

Steven Apedaile
Managing Director
