Additional Revenue from VicRoads Contract

17 February 2012, Melbourne: Traffic Technologies Ltd (TTI) is pleased to announce that it has received a contract variation order from VicRoads for \$4.3 million in connection with the traffic signal state-wide LED upgrade contract which was awarded in November 2010. The total value of the contract is now \$18.0 million.

The contract variation is for the supply and installation of:

- LED upgrade of 156 additional traffic signal sites, replacement of 23 traffic signal controllers and associated work on VicRoads' network.
- LED upgrade of 46 traffic signal sites, replacement of 21 traffic signal controllers and associated work on the Victorian Councils network

This consolidates the Company's position as the leading provider of green, energy-efficient traffic signal systems to the Australian market.

Should you require any further information please contact Mr. Con Liosatos.
