EXPLANATORY MEMORANDUM

1. INTRODUCTION

This Explanatory Memorandum has been prepared for the purposes of the Corporations Act. The purpose of this Explanatory Memorandum is to provide Members with all the information known to the Company that is material to Members in deciding whether or not to approve the Resolutions as set out in the Notice.

The Directors recommend that Members read this Explanatory Memorandum in full and in conjunction with the Notice before making any decision in relation to the proposed Resolutions.

2. ITEMS OF ORDINARY BUSINESS

2.1 Financial Statements and Reports

Members can now elect to receive the Company's Annual Report via a variety of means. Members who opted to access the Annual Report electronically should have received an email link to the electronic document. Members who opted to continue to receive a printed copy of the Annual Report should now have received it. Members who took no action are advised that they can now access an electronic copy of the Annual Report online at the Company's website. Copies of the annual financial statements and reports of the Directors and Auditor will also be tabled at the Meeting.

The purpose of tabling the annual financial report of the Company at the Meeting and the reports of the Directors and Auditor is to provide Members with a reasonable opportunity to ask questions or discuss matters relevant to the management of the Company. The Auditor has been invited to be present at the Meeting and Members will have a reasonable opportunity to ask the Auditor questions relevant to the conduct of the audit and the preparation and content of the Auditor's report. It is not the purpose of the Meeting, nor a requirement of the Corporations Act or the Constitution, that the financial statements be approved or rejected.

2.2 Election of Directors

Resolution 1 deals with the re-election of Mr. Alan Brown as a Director.

Resolution 1 seeks approval for the re-election of the Director who is retiring by rotation. Under ASX Listing Rule 14.4, a director of an entity must not hold office (without re-election) past the third annual general meeting following the director's appointment or 3 years, whichever is longer. In this regard, the Director of the Company who will retire at the Meeting is Mr. Alan Brown, who has indicated that he will offer himself for re-election. His profile is set out below:

Profile of Mr. Alan J Brown FAICD

(Age 66) Non-Executive Chairman. Appointed January 2004

Mr. Brown has extensive experience in both the private and public sectors. He is a director of a range of private companies and has established several over a thirty-year period. He was a Member of the Victorian Parliament from 1979-97 and is a former Leader of the Victorian Liberal Party. As Minister for Transport he implemented major reforms to Victoria's transport infrastructure. He was Agent General for Victoria in London from 1997-2000. He is Chairman of Apprenticeships Plus. He is also Chairman of Tasmanian Company Work & Training Limited. Mr. Brown was appointed a non-executive Director of Traffic Technologies Ltd in January 2004 and was appointed Chairman in October 2010. Mr. Brown is Chairman of the Company, Chairman of the Nomination & Remuneration and Corporate Governance committees and a member of the Audit & Risk committee. Mr. Brown has not served as a Director of any other listed companies during the three years prior to June 2012.

Recommendation: The Board recommends that Members **vote in favour** of this resolution. Mr. Brown has abstained from making a recommendation in relation to this resolution.

2.3 Approval of Remuneration Report

Under section 250R of the Corporation Act, Members have the opportunity to pass a non-binding resolution on the Remuneration Report at the Meeting and, under section 250S of the Corporations Act, the Chairman must allow the Members a reasonable opportunity to ask questions about, or make comments on, the Remuneration Report.

The Remuneration Report, which explains the Board's policies in relation to the nature and level of remuneration paid to key management personnel of the Company and which sets out the remuneration details for each of them, forms part of the Directors' Report included in the Annual Report for the financial year ended 30 June 2012. Accordingly, the contents of the Remuneration Report are not reproduced in this Explanatory Memorandum. Members are referred to page 7 of the Annual Report for full details of the remuneration of the Directors and Key Management Personnel.

Members should note that, as specified in section 250R of the Corporations Act, Resolution 2 is a non-binding resolution and is not binding on the Company. However, if the vote to approve the Remuneration Report receives a "no" vote by at least 25% of the votes cast, this will constitute a "first strike". Where this occurs, the Company's subsequent remuneration report must include an explanation of the Board's proposed action in response to the "no" vote or an explanation of why no action has been taken.

If:

- (a) a "first strike" occurs at the Meeting; and
- (b) the Company's subsequent remuneration report also receives a "no vote" at the 2013 Annual General Meeting of at least 25% of the votes cast,

then, at the 2013 Annual General Meeting Members will be asked to vote on a "spill resolution" under section 250V of the Corporations Act.

The Chairman intends to exercise all undirected proxies in favour of Resolution 2. If the Chairman of the Meeting is appointed as your proxy and you have not specified the way the Chairman is to vote on Resolution 2, by signing and returning the Proxy Form, you are considered to have provided the Chairman with an express authorisation for the Chairman to vote the proxy in accordance with the Chairman's intention.

Recommendation: The Board **abstains** from making a recommendation in relation to this resolution.

2.4 Approval of Change of Auditors

Explanation

BDO Audit (NSW-Vic) Pty Ltd resigned as auditors of the Company, and Moore Stephens were appointed auditors by the Directors in June 2012. The purpose of Resolution 3 is to give Members the opportunity to approve the change of auditors.

As required by section 328B(1) of the Corporations Act, Moore Stephens has been nominated by a Member to be appointed as the Company's new auditor and a copy of this nomination is attached to this Explanatory Memorandum. Moore Stephens has given its written consent to act as the Company's auditor. If Resolution 3 is passed, the appointment of Moore Stephens as the Company's auditor will be confirmed from the close of the Meeting.

Recommendation: The Board recommends that Members **vote in favour** of this resolution.

2.5 Approval of additional placement capacity

2.5.1 General

New ASX Listing Rule 7.1A enables eligible entities to seek shareholder approval to issue shares, options and other securities as defined in the ASX Listing Rules (**Equity Securities**) up to 10% of their issued capital through placements over a 12 month period after the annual general meeting (**10% Placement Facility**). The 10% Placement Facility is in addition to the Company's 15% placement capacity under ASX Listing Rule 7.1.

An eligible entity for the purposes of Listing Rule 7.1A is an entity that is not included in the S&P/ASX 300 Index and has a market capitalisation of \$300 million or less. The Company is an eligible entity.

The Company is now seeking shareholder approval by way of a special resolution to have the ability to issue Equity Securities under the 10% Placement Facility.

The exact number of Equity Securities to be issued under the 10% Placement Facility will be determined in accordance with the formula prescribed in Listing Rule 7.1A.2 (as described in section 2.5.2(c) below).

2.5.2 Description of Listing Rule 7.1A

(a) Shareholder approval

The ability to issue Equity Securities under the 10% Placement Facility is subject to Member approval by way of a special resolution at an annual general meeting.

(b) Equity Securities

Any Equity Securities issued under the 10% Placement Facility must be in the same class as an existing quoted class of Equity Securities in the Company.

The Company, as at the date of this Notice of Meeting, has on issue one class of Equity Securities, being ordinary shares. The number of ordinary shares currently on issue is 176,122,371.

(c) Formula for calculating 10% Placement Facility

Listing Rule 7.1A.2 provides that eligible entities which have obtained shareholder approval at an annual general meeting may issue or agree to issue, during a 12 month period after the date of the annual general meeting, a number of Equity Securities calculated in accordance with the following formula:

$$(A \times D) - E$$

where:

A = the number of shares on issue 12 months before the date of issue or agreement:

plus the number of fully paid shares issued in the 12 months under an exception in Listing Rule 7.2;

plus the number of partly paid shares that became fully paid in the 12 months;

plus the number of fully paid shares issued in the 12 months with approval of holders of shares under Listing Rules 7.1 and 7.4. This does not include an issue of fully paid ordinary shares under the entity's 15% placement capacity without shareholder approval; and

less the number of fully paid shares cancelled in the 12 months.

*Note: "A" has the same meaning in Listing Rule 7.1 when calculating an entity's 15% placement capacity.

D = 10%

E = the number of Equity Securities issued or agreed to be issued under Listing Rule 7.1A.2 in the 12 months before the date of the issue or agreement to issue that are not issued with the approval of Members under Listing Rule 7.1 or 7.4.

(d) Listing Rule 7.1 and Listing Rule 7.1A

The ability of an entity to issue Equity Securities under Listing Rule 7.1A is in addition to the entity's 15% placement capacity under Listing Rule 7.1.

As at the date of this Notice, the Company has on issue 176,122,371 fully paid ordinary shares and therefore has a capacity to issue:

- (i) 26,418,356 Equity Securities under Listing Rule 7.1; and
- (ii) 17,612,237 Equity Securities under Listing Rule 7.1A, subject to Member approval being granted under Resolution 4.

The actual number of Equity Securities that the Company will have capacity to issue under Listing Rule 7.1A will be calculated at the date of issue of the Equity Securities in accordance with the formula prescribed in Listing Rule 7.1A.2 (refer to section 2.5.2(c) above).

(e) Minimum Issue Price

The issue price of Equity Securities issued under Listing Rule 7.1A must not be less than 75% of the volume weighted average price (**VWAP**) of Equity Securities in the same class calculated over the 15 trading days immediately before:

- (i) the date on which the price at which the Equity Securities are to be issued is agreed; or
- (ii) if the Equity Securities are not issued within 5 trading days of the date specified in paragraph (i) above, the date on which the Equity Securities are issued.

(f) 10% Placement Period

Shareholder approval of the 10% Placement Facility under Listing Rule 7.1A is valid from the date of the annual general meeting at which the approval is obtained and expires on the earlier to occur of:

- (i) the date that is 12 months after the date of the annual general meeting at which the approval is obtained; or
- (ii) the date of the approval by shareholders of a transaction under Listing Rules 11.1.2 (a significant change to the nature or scale of activities) or 11.2 (disposal of main undertaking),

or such longer period of allowed by ASX (**10% Placement Period**).

2.5.3 Listing Rule 7.1A

The effect of Resolution 4 will be to allow the Directors to issue the Equity Securities under Listing Rule 7.1A during the 10% Placement Period in addition to the Company's 15% placement capacity under Listing Rule 7.1.

Resolution 4 is a special resolution and therefore requires approval of 75% of the votes cast by Members present and eligible to vote (in person, by proxy, by attorney or, in the case of a corporate shareholder, by a corporate representative).

2.5.4 Specific information required by Listing Rule 7.1A

Pursuant to and in accordance with Listing Rule 7.3A, information is provided in relation to the approval of the 10% Placement Facility as follows:

(a) Minimum issue price

The Equity Securities will be issued at an issue price of not less than 75% of the VWAP for the Company's Equity Securities over the 15 trading days immediately before:

- (i) the date on which the price at which the Equity Securities are to be issued is agreed; or
- (ii) if the Equity Securities are not issued within 5 trading days of the date in paragraph (i), the date on which the Equity Securities are issued.

(b) Risk of dilution

If Resolution 4 is approved and the Company issues Equity Securities under the 10% Placement Facility, the existing Members' voting power in the Company will be diluted as shown in the table below.

There is also a risk that:

- (i) the market price for the Company's shares may be significantly lower on the date of the issue of Equity Securities than on the date of the approval of Resolution 4; and
- (ii) the Equity Securities may be issued at a price that is at a discount to the market price for Shares on the date that they are issued or the Equity Securities are issued as part of the consideration for the acquisition of a new asset,

which may have an effect on the amount of funds raised by the issue of Equity Securities.

The following table below shows:

- (i) 2 examples where the variable 'A' has increased by 50% and 100%. Variable 'A' is based on the number of ordinary securities that the Company has on issue as at 18 October 2012. The number of ordinary securities on issue may increase as a result of issues of ordinary securities that do not require Member approval (eg a pro rata entitlements issue) or future specific placements under Listing Rule 7.1 that are approved at a future Shareholders' meeting; and
- (ii) 2 examples where the issue price of ordinary shares has decreased by 50% and increased by 50% as against the current market price.

Variable 'A' in Listing Rule 7.1A.2		Dilution		
		\$0.022 50% decrease in Issue Price	\$0.044 Issue Price	\$0.066 50% increase in Issue Price
Current variable 'A' - 176,122,371	10% voting dilution	17,612,237	17,612,237	17,612,237
	Funds raised	\$387,469	\$774,938	\$1,162,408
50% increase in current variable 'A' - 264,183,557	10% voting dilution	26,418,356	26,418,356	26,418,356
	Funds raised	\$581,204	\$1,162,408	\$1,743,611
100% increase in current variable 'A' - 352,244,742	10% voting dilution	35,224,474	35,224,474	35,224,474
	Funds raised	\$774,938	\$1,549,877	\$2,324,815

*Note: the above table has been prepared on the following assumptions:

- (i) The Company issues the maximum number of Equity Securities available under the 10% Placement Facility.
- (ii) The 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue. This is why the voting dilution is shown in each example as 10%.
- (iii) The table does not show an example of dilution that may be caused to a particular Member by reason of placements under the issue of Equity Securities, based on that Member's holding as at the date of the Meeting.
- (iv) The table shows only the effect of issues of Equity Securities under Listing Rule 7.1A and not the issue of shares under the 15% placement power under Listing Rule 7.1.
- (v) The issue of Equity Securities under the 10% Placement Facility consists only of Shares. If the issue of Equity Securities includes options, it is assumed that those options are exercised into shares for the purpose of calculating the voting dilution effect on existing Members.
- (vi) The issue price is \$0.044, being the closing price of Shares on ASX on 18 October 2012.

(c) Timing of issue

The Company will only issue and allot the Equity Securities during the 10% Placement Period. The approval under Resolution 4 for the issue of Equity Securities will cease to be valid in the event that Shareholders approve a transaction under Listing Rules 11.1.2 (a significant change to the nature or scale of activities) or Listing Rule 11.2 (disposal of main undertaking).

(d) Purpose of issue

The Company may seek to issue the Equity Securities for the following purposes:

- (i) non-cash consideration for the acquisition of new businesses and investments. In such circumstances, the Company will provide a valuation of the non-cash consideration as required by Listing Rule 7.1A.3; or
- (ii) cash consideration. In such circumstances, the Company intends to use funds raised to fund an acquisition of new businesses or investments (including expenses associated with such acquisition), to reduce existing debt and/or for general working capital purposes.

Once an issue of Equity Securities has occurred, the Company will make the appropriate disclosure to the market (see below).

(e) Allocation policy

The Company's allocation policy is dependent on the prevailing market conditions at the time of any proposed issue pursuant to the 10% Placement Facility. The identity of the allottees of Equity Securities will be determined on a case-by-case basis having regard to factors including, but not limited to, the following:

- (i) the methods of raising funds that are available to the Company, including but not limited to rights issues or other issues in which existing security holders can participate;
- (ii) the effect of the issue of Equity Securities on the control of the Company;
- (iii) the financial situation and solvency of the Company; and
- (iv) advice from corporate, financial and broking advisors (if available).

The allottees under the 10% Placement Facility have not been determined as at the date of this Notice but may include existing substantial shareholders and/or new shareholders who are not related parties or associates of a related party of the Company.

Further, if the Company is successful in acquiring new businesses, assets or investments, it is possible that the allottees under the 10% Placement Facility may include vendors of the new businesses, assets or investments.

(f) Prior issues

The Company has not previously obtained Member approval under Listing Rule 7.1A.

(g) Voting exclusion

A voting exclusion statement is included in the Notice. At the date of the Notice, the Company has not approached any particular existing Member to participate in the issue of Equity Securities. Therefore, no existing Members' votes will be excluded under the voting exclusion in this Notice.

2.5.4 Post-issue disclosure

In accordance with Listing Rule 3.10, if Equity Securities are issued under this approval, the Company will make an announcement to the ASX with the following additional information:

- (a) details of the dilution to existing Members as a result of the issue;
- (b) where the Equity Securities were issued for cash consideration, an explanation of why the Company issued Equity Securities in this manner, as opposed to (or in addition to) a pro-rata offering;
- (c) details of any underwriting arrangements including the fees payable to the underwriter; and
- (d) details of any other fees incurred in connection with the issue.

Recommendation: The Board believes that Resolution 4 is in the best interests of the Company and unanimously recommends that Members **vote in favour** of this resolution.

3. OTHER INFORMATION

The Board is not aware of any other information which is relevant to the consideration by Members of the proposed Resolutions which are detailed in the Notice. Prior to making any decision, Members may wish to seek advice from their own independent financial adviser or stockbroker as to the effect of the proposed Resolutions.

4. DIRECTORS' APPROVALS AND RECOMMENDATIONS

To the extent permitted by law, it is the intention of the Chairman of the Meeting to vote all undirected proxies granted to him in favour of the Resolutions.
