CONSOLIDATED RESULTS AND REVIEW OF OPERATIONS

The consolidated profit before income tax for the six months ended September 30, 2012 was approximately A\$38,000 (Period ended September 30, 2011: approximately A\$254,000)

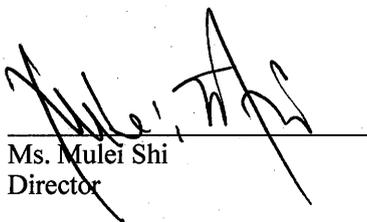

Revenue for the six months ended 30 September, 2012 was approximately A\$604,000 (Period ended September 30, 2011: A\$1,156,000).

The decrease in turnover was mainly attributable to the decrease in management fee income from educational institutions. This was a result of the drop in number of participants for the education programs caused by the global economic environment, the increasing competition within the industry and the change in demand from employers. In response to the changes, the board has put in extra resources on promotion and marketing. Additional costs will be incurred, starting from the second half of the financial year. The board is confident that the promotion campaign will have positive effect to the turnover of the educational institutions, which in turn will boost up the management fee income.

Turnover of leasing business also recorded a set-back, resulting in a loss for this segment.

Going forward, the Group is committed to assist the educational institutions while directing the leasing business back on track. The board is also constantly looking for suitable projects to enhance the investment portfolio.

Finally, on behalf of the board, I would like to extend my sincere gratitude to all our staff for their dedication and contribution during the period under review.

REPORT ON REVIEW OF INTERIM CONDENSED CONSOLIDATED FINANCIAL INFORMATION TO THE MEMBERS OF VIAGOLD CAPITAL LIMITED

Introduction

We have reviewed the interim condensed consolidated financial information set out on pages 6 to 15 which comprises the condensed consolidated statement of financial position of ViaGOLD Capital Limited (the “Company”) and its subsidiaries (together, the “Group”) as of September 30, 2012 and the related condensed consolidated income statement, comprehensive income, changes in equity and cash flows for half-year period then ended, and a summary of significant accounting policies and other explanatory notes. The directors of the Company are responsible for the preparation and fair presentation of this interim financial information in accordance with International Accounting Standard 34, “Interim Financial Reporting”. Our responsibility is to express a conclusion on this interim financial information based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, “Review of Interim Financial Information Performed by the Independent Auditor of the Entity.” A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial information is not prepared in accordance with International Accounting Standard 34.
