About Vmoto

Vmoto is a global scooter manufacturing and distribution group and is listed on the Australian Stock Exchange (ASX) and on the AIM market of the London Stock Exchange. The Company specialises in high quality "green" electric powered scooters and manufactures a range of western designed electric (and some petrol) scooters from its low cost manufacturing facilities in Nanjing, China, marketed in Europe through its operation in Barcelona, Spain and marketed outside Europe through its operations in Australia. Vmoto combines low cost Chinese manufacturing capabilities with European design. The group operates through two primary brands: Vmoto (aimed at the value market in Asia) and E-Max (targeting the Western markets, with a premium end product). As well as operating under its own brands, the Company also sells to a number of customers on an original equipment manufacturer ("OEM") basis.
