EXPLANATORY MEMORANDUM

Introduction

This Explanatory Memorandum is intended to provide Shareholders with sufficient information to assess the merits of the Resolutions contained in the accompanying Notice of Annual General Meeting of the Company.

This Explanatory Memorandum forms part of and should be read in conjunction with the Notice of Annual General Meeting.

The Directors of the Company recommend Shareholders read this Explanatory Memorandum in full before making any decision in relation to the Resolutions. If you have any questions regarding the matters set out in this Explanatory Memorandum or the preceding Notice, please contact your accountant, solicitor or other professional adviser.

Agenda Item 1 – Annual Financial Statements

The Corporations Act requires that the Financial Report, Directors' Report and the Auditor's Report (**Annual Financial Statements**) be tabled at the Annual General Meeting.

No vote will be taken on the Annual Financial Statements. However, Shareholders will be given the opportunity to ask questions about, or make comments on the Annual Financial Statements.

As a Shareholder, you are entitled to submit a written question to the Company's auditor, Nexia ASR (**Auditor**), prior to the Annual General Meeting provided that the question relates to:

- the content of the Auditor's Report; or
- the conduct of the audit in relation to the Financial Report.

All written questions must be received by the Company no later than 5pm (Melbourne time) on 21 November 2012.

All questions must be sent to the Company's registered office at Level 2, 9 Colin Street, West Perth WA 6005, and may not be sent to the auditor directly. The Company will then forward all questions to the Auditor.

The Auditor will be present at the Meeting and Shareholders will have the opportunity to ask the Auditor questions in relation to the conduct of the audit, the Auditor's Report, the Company's accounting policies, and the independence of the Auditor.

Agenda Item 2 - Resolution 1 – Adoption of Remuneration Report

Section 298 of the Corporations Act requires the annual Directors' Report to contain a Remuneration Report prepared in accordance with section 300A of the Corporations Act.

By way of summary, the Remuneration Report:

- discusses the Company's policy and the process for determining remuneration of its executive officers and employees;
- addresses the relationship between the remuneration of the Company's executive officers and the performance of the Company; and
- sets out remuneration details for each Director and each of the executive officers of the Company named in the Remuneration Report for the financial year ended 30 June 2012.

In accordance with section 250R(2) of the Corporations Act, the Company is required to put a resolution to its members that the Remuneration Report as disclosed in the 2012 Annual Report be adopted. Pursuant to section 250R(3) of the Corporations Act, Shareholders should note that Resolution 1 is advisory only and does not bind the Directors or the Company.

A reasonable opportunity will be provided for discussion of the Remuneration Report at the Annual General Meeting.

Recent changes to the Corporations Act, provide that if 25% or more of votes that are cast are voted against the adoption of the Remuneration Report at two consecutive Annual General Meetings, Shareholders will be required to vote at the second of those Annual General Meetings on a resolution (a "spill resolution") that another meeting be held within 90 days at which all of the Company's Directors (other than the managing director) who were in office at the date of the approval of the applicable Directors' Report must stand for re-election.

If you intend to appoint a member of the Company's Key Management Personnel (including any Director of the Company or the Chairman) or their Closely Related Parties as your proxy, please refer to the important information contained in the Notice of Meeting under the heading "Important information concerning proxy votes on Resolution 1".

Voting Exclusion

A voting exclusion statement for Resolution 1 is included in the Notice of Meeting.

Agenda Item 3 – Resolution 2 – Re-election of Director

Article 20.3 of the Company's Constitution requires that at least one Director must retire from office at each Annual General Meeting. Accordingly, Robert Danchin retires by rotation in accordance with the Company's Constitution and, being eligible, seeks re-election.

Mr Danchin has over 40 years of experience in the exploration industry. He has a detailed understanding of the global mineral exploration business, and is a recognised and respected figure in the African mineral exploration community.

Mr Danchin formerly served as Chief Executive Officer of the Exploration and Acquisition Division at Anglo-American PLC, where he was an active supporter of the development of the Predictore™ technology. He is currently a Non-Executive Director of Cluff Gold plc and Mineral Deposits Limited, both of which have recently brought gold mines into production in West Africa. Mr Danchin was also formerly Non-Executive Chairman of Gravity Diamonds Ltd and was a member of Gravity's Audit Committee. He was also a Non-Executive Director of Ridge Mining Plc and Gold Mines of Algeria Plc.(GMA).

Mr Danchin is a geologist and chemist and was a member of the Australian CSIRO Mining Resources Sector Advisory Council and a member of the AMIRA Board. He holds a diploma in Business Administration from the University of South Africa.

Directors' Recommendation

The Directors, other than Robert Danchin, recommend Shareholders vote in favour of Resolution 2.

Agenda Item 4 - Resolution 3 – Ratification of prior issue of 524,590 Shares

Acquisition consideration for the Bangaba Gold Project

On 1 March 2011 the Company announced the acquisition of the Bangaba Gold Project in Burkina Faso. The terms of that acquisition and the benefits to the Company are set out in that announcement.

On 1 March 2012, 524,590 Shares were allotted to the vendor of the Bangaba Gold Project, Somika SARL, as part consideration for the acquisition. The placement of 524,590 Shares to Somika SARL was at an issue price of \$0.1906, being consideration of \$100,000(**Placement**).

Shareholder approval

Subject to certain exceptions, Listing Rule 7.1 provides that a company may not issue more than 15% of its issued capital in any 12 month period without shareholder approval. Listing Rule 7.4 provides that an issue of securities made without approval under Listing Rule 7.1 will be treated as having been made with shareholder approval for the purposes of Listing Rule 7.1 if shareholders subsequently ratify it and the issue did not breach Listing Rule 7.1.

The issue of 524,590 Shares described above has been completed and were issued within the 15% limit permitted by Listing Rule 7.1. However, without Shareholder approval pursuant to Listing Rule 7.4, the issues will be counted towards the Company's 15% capacity and will therefore reduce the Company's capacity to issue Shares in the future without obtaining Shareholder approval.

Accordingly, approval is sought from Shareholders to allow the Company to refresh its 15% capacity and maximise its ability to issue further Shares up to the 15% limit without obtaining Shareholder approval.

Specific disclosure required in accordance with Listing Rule 7.5

Listing Rule 7.5 requires the following information to be provided to Shareholders:

Acquisition consideration for the Bangaba Gold Project	
Number of Shares allotted	524,590 Shares.
Issue price of each Share	Part consideration for the acquisition of the Bangaba Gold Project pursuant to an agreement summarised in an announced to ASX on 1 March 2011.
Terms of the issue	The shares are fully paid ordinary shares and are on the same terms as existing fully paid ordinary shares in the Company.

Allottee	Somika SARL, the vendor of the Bangaba Gold Project.
Use or intended use of the funds raised	The Shares issued were consideration for the acquisition of the Bangaba Gold Project.

Voting Exclusion

A voting exclusion statement for Resolution 3 is included in the Notice of Meeting.

Directors' Recommendation

The Directors recommend Shareholders vote in favour of Resolution 3.

Agenda Item 5 - Resolution 4 – Approval of additional 10% capacity to issue shares

Listing Rule 7.1

ASX Listing Rule 7.1 allows the Company to issue equity securities up to 15% of its issued share capital, in any 12 month period, without obtaining Shareholder approval (**15% Share Issue Capacity**).

Listing Rule 7.1A

In accordance with new Listing Rule 7.1A, Eligible Entities may seek shareholder approval at an annual general meeting to issue a further 10% of their issued share capital in addition to the 15% Share Issue Capacity (**10% Share Issue Capacity**).

For the purposes of Listing Rule 7.1A, the Company is an Eligible Entity.

Any issue of securities under ASX Listing Rule 7.1A must be:

- in the same class as an existing quoted class of the Company's equity securities;
- issued at a maximum of 25% discount to the current market price; and
- calculated in accordance with the formula prescribed by ASX Listing Rule 7.1A.2.

Effect of Resolution 4

In Resolution 4, the Company seeks Shareholder approval to have the ability to issue securities under the 10% Share Issue Capacity.

The effect of Resolution 4 will be to provide the Company with greater flexibility to issue securities above the 15% Share Issue Capacity, without obtaining Shareholder approval.

Technical information required by ASX Listing Rule 7.3A

In accordance with ASX Listing Rule 7.3A, the Company provides the following information for the purpose of obtaining shareholder approval under Resolution 4.

1. Minimum price at which equity securities may be issued	<p>The minimum price at which shares may be issued under the 10% Share Issue Capacity is 75% of the volume weighted average price of equity securities in the same class calculated over the 15 ASX trading days on which trades in that class were recorded immediately before:</p> <ul style="list-style-type: none"> (a) the date on which the price of the securities to be issued is agreed; or (b) if they are not issued within 5 ASX trading days of the date in paragraph (a), the ASX trading day prior to the date on which the securities are issued.
2. Date on which Company may issue equity securities	<p>If shareholder approval of Resolution 4 is obtained, shares may be issued under the 10% Share Issue Capacity during the period commencing on the date of the Annual General Meeting and ending on the first to occur of the following:</p> <ul style="list-style-type: none"> (a) 12 months after the date of the Annual General Meeting; and (b) the date of Shareholder approval for any transaction under ASX Listing Rules 11.1.2 (significant change to the nature or scale of the Company's activities) or 11.2 (disposal of the Company's main undertaking).
3. Purposes for which equity securities may be issued, including whether the Company may issue them for non-cash consideration	<ul style="list-style-type: none"> (a) Shares may be issued under the 10% Share Issue Capacity for the following purposes: <ul style="list-style-type: none"> (i) non-cash consideration for the acquisition of the new resources assets and other investments. If this occurs, the Company will provide a valuation of the non-cash consideration in accordance with ASX Listing Rule 7.1A.3; or (ii) cash consideration. If this occurs, the Company intends to use the funds raised to continue exploration and feasibility studies on the Company's current assets, to acquire new assets or investments or for working capital purposes. It is most likely envisaged the requirement for funds from any potential placement would be used towards the funding of drilling program and exploration programs at the company's eastern Burkina Faso on the <i>Bangaba</i> permit and <i>Bonsiega</i> permit groups. (b) The Company will comply with its disclosure obligations under ASX Listing Rules 7.1A.4 and 3.10.5A in relation to any issue of securities under the 10% Share Issue Capacity.
4. Details of the Company's allocation policy for issues under approval	<ul style="list-style-type: none"> (a) The Company's allocation policy will depend on the prevailing market conditions at the time of any proposed issue under the 10% Share Issue Capacity. (b) The identity of allottees under the 10% Share Issue Capacity will be determined on a case-by-case basis having regard to factors which may include: <ul style="list-style-type: none"> (i) the methods of raising funds which are available to the Company including the time and market exposure associated

	<p>with the various methods of raising capital applicable at the time of the raising;</p> <p>(ii) the effect of any such issue on the control of the Company;</p> <p>(iii) the financial situation of the Company; and</p> <p>(iv) advice from corporate, financial and broking advisers.</p> <p>(c) As at the date of this Notice, the allottees under the 10% Share Issue Capacity have not been determined. They may, however, include substantial Shareholders and/or new Shareholders who are not related parties or associates of a related party of the Company.</p>
--	---

5. Previous approvals under Listing Rule 7.1A

The Company has not previously sought or obtained Shareholder approval under ASX Listing Rule 7.1A.

6. Risk of economic and voting dilution

If Resolution 4 is approved by Shareholders and securities are issued under the 10% Share Issue Capacity:

- (a) the interests of Shareholders who do not receive securities under the 10% Share Issue Capacity will have their voting power diluted by the reduction in the percentage of shares held by the Shareholder as a proportion of the shares on issue.
- (b) the value of the interests of Shareholders who do not receive securities under the 10% Share Issue Capacity may be diluted if shares are issued at a price which represents a discount to their value before the issue is made.
- (c) Shareholders should note that there is a risk that:
 - (i) the market price for the shares at the time they are issued under the 10% Share Issue Capacity may be materially higher or lower than on the date of the Annual General Meeting; and
 - (ii) shares may be issued under the 10% Share Issue Capacity at a price that is at a discount to the market price for those shares on the date of their issue.
- (c) As the ASX Listing Rules require, the tables below show the potential dilution of Shareholders of the Company in various hypothetical scenarios.

Hypothetical example:

By way of example only, the theoretical impact of issuing the full amount of the 10% Share Issue Capacity at a range of prices is demonstrated below.

The number of new shares issued if the full 10% capacity is used is 13,681,751.

Premium/discount to market value	Issue price	Amount raised
10% premium	\$0.066	\$902,995.59
no premium/ discount	\$0.06	\$820,905.08
10% discount	\$0.054	\$738,814.57

This table assumes that:

- the issued capital prior to the issue under the 10% Share Issue Capacity is the current issued capital - 136,817,513 Shares
- the market value of a share on the date of issue is the same as the closing ASX price on 5 October 2012 of \$0.06
- that shares are issued for cash and there is no other impact of the fundraising other than to increase cash reserves; and
- no other securities are issued prior to the issue under the 10% Share Issue Capacity.

For example a shareholder holding a 20% interest in a company who does not participate in an issue of 10% of the capital at a 10% discount, will:

- have his voting power diluted by 9.09% which equates to a change of voting power of 1.82% to 18.18%
- have the value of the shareholding reduced by 0.909% which equates to a reduction in value of \$14,734.64
- assuming that there are no other effects of the capital raising on the value of the company.

Effect of change in capital structure and market price

The 10% Share Issue Capacity is calculated at the time of issue of securities and so may be effected by any changes in capital structure prior to the new issue occurring.

By way of example, the impact of changes in the capital structure on the amount which can be raised and the number of shares which may be issued under 10% Share Issue Capacity is shown below

% Increase in Share Capital prior to issue	Increased share capital prior to new issue	Hypothetical market value
50% increase	205,226,270	\$0.03
50% increase	205,226,270	\$0.06
100% increase	273,635,026	\$0.03
100% increase	273,635,026	\$0.06

Note that the percentage dilution of voting power and economic interest as a result of the issue of additional shares under the 10% Share Issue Capacity is dependent on the number of shares issued and the issue price for the issue of those shares under the 10% Share Issue Capacity. This is demonstrated in the hypothetical example above.

Voting Exclusion statement

A voting exclusion statement for Resolution 4 is included in the Notice of Meeting.

At the date of the Notice of Meeting:

- the Company had not approached any existing Shareholder or class of security holders in relation to the proposed 10% Share Issue; and
- in accordance with Listing Rule 14.11.1, the persons eligible to participate in a proposed issue (if any) under Listing Rule 7.1A were not known by the Company.

Accordingly, no Shareholders are currently excluded from voting on Resolution 5.

Directors' recommendation

The Directors recommend that Shareholders vote in favour of Resolution 5.

Agenda Items 6 - 10 - Resolutions 5 to 9 – Issue of Options to Directors

Resolutions 5, 6, 7, 8 and 9 seek Shareholder approval for the grant of Options to each of Mr Paul Roberts, Mr Phillip Harman, Dr Robert Danchin, Dr Thomas Whiting and Mr Phil Henty on the terms and conditions set out in Annexure A to this Notice (together the **Director Options**).

These Director Options are being granted in consideration for each Director agreeing to forgo his individual entitlement to director fees or, in the case of Mr Paul Roberts, a reduction in his annual salary of \$70,000 for the period beginning August 2012 to 31 December 2012. The Board will reassess these arrangements following that period.

Save for the proposed exercise price and expiry date of the Director Options (which are 1.4 times the share price on the grant date and 30 November 2015 respectively), the Director Options will be on the same terms as the options issued to shareholders who participated in the recent rights issue.

The initiative to forgo existing cash remuneration entitlements is designed to equate to a cash saving for the Company of approximately \$93,750 at a time when preserving cash resources are important for the Company's ongoing development. Based on the valuation set out in **Annexure B**, the value of the Director Options to be issued equates to \$67,236 and thus in the view of the Directors represents reasonable remuneration for their ongoing services.

In coming to this decision, each Director has individually considered his own personal circumstances before accepting the Company's offer and did not participate in any discussion concerning the number of Director Options to be issued to him.

As the proposal effectively replaces existing agreed remuneration, the Directors consider it to be

Requirement to obtain Shareholder approval

Shareholders are being asked to consider the issue of the Director Options for the purposes of ASX Listing Rule 10.11 and for all other purposes.

ASX Listing Rule 10.11 requires the Company to obtain Shareholder approval in order to grant Options to a related party (unless an exception applies).

Information provided for the purpose of obtaining Shareholder approval

In accordance with ASX Listing Rule 10.13, the following information is provided to Shareholders for the purpose of obtaining Shareholder approval to Resolutions 5 – 9:

- (a) A total of 4,400,000 Director Options will be granted to the Directors as follows:

Director	Number of Options
Mr Paul Roberts	1,700,000
Mr Phillip Harman	900,000
Dr Robert Danchin	600,000
Dr Thomas Whiting	600,000
Mr Phil Henty	600,000

- (b) The Director Options will be granted no later than 1 month after the date of the AGM (or such later date as permitted by ASX waiver or modification of the ASX Listing Rules) and it is anticipated that the Director Options will be issued on the same date.
- (c) Each Director Option will be granted in consideration for each Director agreeing to forgo his existing contractual entitlement to directors fees or, in the case of Paul Roberts, a reduction in his annual salary by \$70,000 for a period of 5 months ending on 31 December 2012.
- (d) Each Director Option will entitle the holder to subscribe and be allotted one Share at an exercise price of 1.4 times the share price on the day of issue (which is expected to be immediately following the AGM) and are exercisable on or before 30 November 2015.
- (e) The full terms of the Options are set out in **Annexure A**.
- (f) No funds will be raised from the grant of Director Options although in issuing the Director Options the Company will save some \$93,750 in cash through the forgone salary entitlements. Any funds raised from the exercise of the Director Options will be used for general working capital purposes.
- (g) The Director Options are not transferable.
- (h) The Director Options will not entitle the holder to any dividends declared or issued by the Company.
- (i) As at the date of this Notice of Meeting to which this Explanatory Memorandum relates, Mr Roberts, Mr Harman, Dr Danchin, Dr Whiting and Mr Henty held the following interests in securities of the Company:

Director	Number of Shares	Number of Options
Mr Paul Roberts	3,570,500	1,825,000
Mr Phillip Harman	2,345,626	1,095,469
Dr Robert Danchin	Nil	600,000
Dr Thomas Whiting	1,265,626	705,469
Mr Phil Henty	8,429,688	1,226,563

- (j) The total remuneration and emoluments from the Company to Mr Roberts, Mr Harman, Dr Danchin, Dr Whiting and Mr Henty for the previous financial year ending 30 June 2012 and the

proposed remuneration and emoluments for the current financial year ending 30 June 2013 (excluding the value of the Director Options the subject of Resolutions 5 to 9) are set out below:

Director	Financial Year ended 30 June 2012
Mr Paul Roberts	\$248,846
Mr Phillip Harman	\$50,001
Dr Robert Danchin	\$35,000
Dr Thomas Whiting	\$35,000
Mr Phil Henty	\$35,000

- (k) The value of the Directors Options and the pricing methodology is set out in **Annexure B**.
- (l) If the Director Options proposed to be granted are exercised, a total of 4,400,000 Shares would be allotted and issued. This will increase the number of Shares on issue from 136,817,513 to 141,217,513 (assuming that no other Options are exercised and no other Shares are issued) with the effect that the shareholding of existing Shareholders would be diluted by an aggregate of 3.1%.
- (m) If, at any time any of the Director Options are exercised and the Shares are trading at a price that is higher than the exercise price of the Director Options, there may be a perceived cost to the Company.
- (n) There are no significant opportunity costs to the Company or benefits foregone by the Company in issuing the Director Options on the terms proposed. Mr Roberts, Mr Harman, Dr Danchin, Dr Whiting and Mr Henty must each contribute their own money to the Company to fund the exercise price of the Director Options.
- (o) The trading history of the Shares on ASX in the 12 months before the date of the Notice of Meeting to which this Explanatory Memorandum relates is set out below:

	Price	Date
Highest	A\$0.215	20 March 2012
Lowest	A\$0.051	11 October 2012
Last	A\$0.055	18 October 2012

- (p) Australian International Financial Reporting Standards require the Director Options to be expensed which is guided by *AASB 2 – Share Based Payments*. In accordance with AASB 2, these Director Options will be expensed in the financial year ended 30 June 2013. Expensing the Director Options will have the effect of increasing both the expenses and contributed equity of the Company. Whilst there will be a reduction in profit, there will be no impact on the net assets or the cash position or financial resources of the Company as a result of expensing the Director Options. There are no tax implications for the Company in issuing these Director Options.
- (q) The primary purpose of the grant of the Director Options Mr Roberts, Mr Harman, Dr Danchin,

Dr Whiting and Mr Henty is not to raise capital, but to form part of their remuneration package and to save cash resources for the Company.

- (r) The Company acknowledges that the grant of the Director Options to non-executive Directors is contrary to Recommendation 8.2 of the ASX Corporate Governance Principles and Recommendations. However, the Director Options are proposed to form part of the Directors' respective remuneration packages in lieu of cash payments.
- (s) A Voting Exclusion Statement in respect of each of Resolutions 5, 6, 7, 8 and 9 is included in the Notice of Meeting.

Approval pursuant to ASX Listing Rule 7.1 is not required in order to issue the Director Options to Mr Roberts, Mr Harman, Dr Danchin, Dr Whiting and Mr Henty as approval is being sought under ASX Listing Rule 10.11. Accordingly, the issue of the Director Options, if approved by Shareholders, will not be included in the 15% calculation of the Company's annual placement capacity pursuant to ASX Listing Rule 7.1.

Directors' recommendation

- (a) Each Director abstains from providing a recommendation in respect of the resolution that proposes an issue of Director Options to him. This is because of the potential for there be a perceived interest that he may have in the outcome of that resolution.
- (b) For the reasons set out above (including that the proposed resolutions deliver cash savings to the Company and represent a modification of existing remuneration already due and owing to Directors), each remaining Director recommends shareholder approve the issue of Director Options to the named Director.
