## ASX Announcement

18 January 2011

# Powerlan to Change Name to Clarity OSS Limited

Following approval from shareholders to change the Company's name to Clarity OSS Limited at the Annual General Meeting held on 16 December 2011, the Company today announces that the Australian Securities and Investments Commission and the ASX have now recorded the Company's change of name. The name change will be effective 19 January 2012 and the ASX Code will become CYO on the same date.

### About Powerlan

Powerlan Limited (ASX: PWR) (to be called Clarity OSS Limited (ASX: CYO) from 19 January 2012) enables its customers to simplify their operations with a unified operational management solution. The Company provides an integrated, modular solution to optimise and automate core operational processes to manage network build and movements, develop and sell next generation products, and deliver and assure the quality of customer services.

Our solutions provide the lowest total cost of ownership using embedded best practices and process-driven workflow to reduce the complexity, risk and cost of operations. The Company empowers its customers to generate and protect revenue and enhance the complete customer experience. With over 35 Telecom customers worldwide, our solutions currently help companies around the world manage over 250 million subscribers.
