Dear Sirs

AWARD OF DRILLING CONTRACT

Cougar Metals NL (ASX Code: CGM) (the “**Company**”) wishes to advise that it has received formal notification of the award of a 14,000 metre RC drill contract to commence in early December 2012.

The drilling work will be performed by the Company’s Brazil drilling subsidiary, Geologica Sondagens Ltda and will take place in Mato Grosso. The contract is expected to be completed within 4 months.

Commenting, Managing Director Mr Randal Swick said “This award coupled with the recent award of a 20,000 metre RC contract in Amapa supports the Company’s decision to increase its RC capability within Brazil. Together, these two contracts should generate strong cash-flows”.
